

EuroSciCon

5th World Summit on

Climate Change and Global Warming

February 17-18, 2020
Amsterdam, Netherlands

Theme:

Undertaking the Emerging Issues in Climate Change and Global Warming

EuroSciCon

Climate

2020

Invitation

Welcome to Amsterdam.

On behalf of Climate Change and Global warming Organizing Committee, academics, Counsellors, Registered Methodology Scientists, Environmental Professionals, Researchers and Scientists, Training Institutes, Universities and Colleges Students, Climate Change and Environmental Associates, Climate Change , Global warming and Environmental based Companies, Business Entrepreneurs, Research scientists, Self-help group facilitators, Social workers, Teachers, Business delegates and Young researchers from the nutrition and dietetics and its allied are invited to be part of this annual event..

The conference proceedings include symposiums and workshops, keynote speeches, plenary talks, poster sessions and panel discussion on latest research developments in the field of Climate Change and Environmental.

EuroSciCon is the longest running independent life science events company with a predominantly academic client base. Our multi professional and multi-specialty approach creates a unique experience that cannot be found with a specialist society or commercially.

EuroSciCon

A Transformational Learning Experience

- Curated to address the concerns of today's scientific world
- Be inspired by some of the world's most renowned figures
- Stimulate new ways of thinking and provoke action.
- Relish inspiring interaction between peers, leaving you better prepared to face technical and research oriented challenges.

Why with us?

We at EuroSciCon strive to create transforming experiences, propelling researchers and organizations to interact and come up with actionable ideas thus enhancing the quality of research and development.

And here's why you associate with us

Our International Open Access Journals:

We embrace around 700+ Leading-edge Peer Reviewed Open Access Journals and a 21 Day Rapid Review Process with a whopping 50000+ Editorial Board Team, 35000+ Reviewers team and 1000+ Scientific Associations Collaborations.

Read by over 30 Million Patrons and 100000+ Facebook Likes comprehending the High online presence, our Open Access Journals serve the best blend of content and global exposure.

Our International Scientific Conferences:

With over 3000 Conferences happening across the globe in the streams of Medical, Pharma, Engineering, Science, Technology and Business our events are accredited with CME/CPD.

Moreover you get to meet the industry's high priests who come from all over the orb. You learn from the companies defined by their progressive ethos and dynamic strategies and also through the highly interactive sessions and panel discussions.

B2B Meetings with enriching interaction help building better businesses, people and world.

Other salient features comprehend:

Publishing of the accepted abstracts in our inordinately indexed journals

Each of which will be labelled with a Digital Object Identification Number (DOI) provided by Cross Ref

Distinct abstract and Speaker page creation, which profusely aid in citing the research and researcher in the top search engines.

Career Guidance Workshops for students and early career researchers

Opportunity to publish full Manu Scripts in our Open Access Journals

EuroSciCon

With over 25000+ Climate Change and Environmental accessing the website,Climate 2020 is the most lucrative platform for researchers, academicians and industry professionals pursuing their work in the field and related. In addition to immense networking opportunities, global prominence of the research and the researcher is what we bestow our Speakers and Committee Members fuelling better outreach of the work and profile.

Climate 2020 Salient Features:

In a world of information overload, we focus on the issues most relevant to today's technical trends enabling our patrons to

Congregate with most senior executives
Nurture connexions
Agenda format which incorporates ample Q&A time
Partake in our revamped exhibitor expo sessions
Meet and listen to the relevant clients
Unprecedented growth creating an unparalleled market place

February 17-18, 2020
Amsterdam, Netherlands

How's EuroSciCon different?

Exercises your creative instincts with the live knowledge experience
It organizes 3000+ Conferences across the globe connecting different sciences in 30+ countries
Over 25 Million+ Visitors and 20000+ Unique Visitors per conference
World's leading industries and companies attend
Career guidance for early career researchers and students
Provides insights you need to take your research to the next level
A huge conclave of high tech and science priests

EuroSciCon

Climate

2020

Who'd be attending?

5th World Summit on Climate Change and Global Warming gives chance to meet Academics, Counsellors, Environmentalist, Registered Climate Scientists, Environmental Professionals, Researchers and Scientists, Training Institutes, Universities and Colleges Students, Climate Change and Environmental Associates, Climate Change and Global Warming based Companies, Business Entrepreneurs, Research scientists, Self-help group facilitators, Social workers, Teachers, Business delegates and Young researchers from nutrition industry and academic field respectively and share ideas, knowledge and different views on various areas of Climate Change and Global Warming.

About hosting organization

EuroSciCon is one among Europe's largest and most significant scientific place which serves as a crossroad for the academicians and industry experts to build networks. With over 16 years of Life Science Communication it focuses on to Spearheading the Transformation of Medical Research into Knowledge through Scientific Gatherings and Networking. Supporting the Rare Care UK organization, EuroSciCon is a corporate member of Royal Society of Biology and Institute of Biomedical Science (IBMS). Our approach has always been unique, and that difference has propelled our growth towards Scientific Serendipity.

Scientific Sessions:

- Climate change & climatology
- Evidence of climate changes
- Global warming effects & causes
- Climate change: biodiversity scenarios
- Carbon cycle
- Climate hazards
- Risks of climate change
- Effective adaptation
- Energy policy
- Climate change challenges
- Climate change law & policy
- Oceans & climate change
- Sustainability & climate change
- Pollution & its effects on climate
- Pollution control
- Climate change and migration
- Climate change and coastal stressors
- CO_2 responsible climate change?
- Renewable energy to mitigate climate change
- Solutions for climate change
- CO_2 capture and sequestration
- Climate change economics
- Climate change & health
- Space monitoring of climate variables

About Destination Amsterdam

Amsterdam is the capital of the Kingdom of the Netherlands.The city is located in the province of North Holland in the west of the country. The metropolitan area comprises much of the northern part of the Randstad, one of the larger conurbations in Europe, with a population of approximately 7 million. Amsterdam's name derives from Amstelredamme, indicative of the city's origin around a dam in the river Amstel. As the commercial capital of the Netherlands and one of the top financial centres in Europe, Amsterdam is considered an alpha world city by the Globalization and World Cities (GaWC) study group. The city is also the cultural capital of the Netherlands. Many large Dutch institutions have their headquarters there, and seven of the world's 500 largest companies, including Philips and ING, are based in the city. opened on 19 June 2009. It is currently the largest satellite of the Hermitage Museum, with a total area of 12,846 m2 (138,270 sq ft) and fits with the museum's plan to make its collections accessible to more people. The exhibition area covers 2,172 m (23,380 sq ft) and is contained within two large exhibition halls and smaller exhibition rooms. The remaining space holds lecture halls, offices and staff accommodations and a restaurant.
