February 2020 I Volume 4
Journal of Environmental Research

Proceedings of

5TH WORLD SUMMIT ON

Climate Change and Global Warming

FEBRUARY 17-18, 2020 AMSTERDAM , NETHERLANDS

climate@sciconevents.com

Scientific Program

Agenda Day 1: Febuary 17, 2020

08:00-09:00 **Registration**

09:00-09:10 Opening Ceremony

09:10-09:25 Introduction

Session Start @Field Meeting Room 1

Keynote Presentations

09:25-10:05 **Title: Spitsbergen landscape transformation due to glacial recession under climate warming after the little ice age**
Wieslaw Ziaja , Jagiellonian University, Poland

Networking & Refreshments 10:05-10:20 @ Field Lobby

Group Photo

10:20-11:00 **Title: IDEA: what does an energy transition look like?**
Brian C Black, Penn State Altoona, USA

11:00-11:40 **Title: An agro-ecological transition is crucial to tackle future climate challenges**
Emile Frison, International Panel of Experts on Sustainable Food Systems (IPES-Food), Italy

11:40-12:20 **Title: Effective environmental advocacy**
Mary Alice Haddad, Wesleyan University, USA

Session Starts @Kurnell Room

Climate Change & Climatology | Climate Change: Biodiversity Scenarios | Sustainability & Climate Change | Pollution & its Effects on Climate | Evidence of Climate Changes | Global Warming Effects & Causes | Climate Effective Adaptation | Renewable Energy to Mitigate Climate Change | Risks of Climate Change

Session Chair: Mary Alice Haddad, Wesleyan University, USA

12:20-12:40 **Title: Application of photovoltaics in high-latitude countries as a contribution to sustainable development**
Agata Zdyb, Lublin University of Technology, Poland

12:40-13:00 **Title: Enhanced land subsidence in Galveston Bay, Texas: Interaction between sediment accumulation rates and relative sea level rise**
Mohammad Al Mukaimi, Kuwait University, Kuwait

Lunch Break 13:00-14:00 @ Restaurant Romeo

14:00-14:20 **Title: Water intake patterns of *Juglans major* to manage hydro-stress in a greenhouse study**
Perfecto Barragan-Pena, Instituto Tecnologico de Nogales, Mexico

14:20-14:40 **Title: The macrocosm and microcosm of climate change and health**
John Molot, Women's College Hospital, Canada

14:40-15:00 **Title: Conceptualizing Water: A Critical Reflection (2017)**
Nasreen Hussain, York University, Canada

Networking & Refreshments 15:00-15:15 @ Field Lobby

15:15-15:35 **Title: Development of the mining sector in Guinea and its contribution to global climate change**
Sekou Traore, University of Conakry, Guinea

15:35-15:55 **Title: The role of citizen science in climate change research for community resilience**
Josephine Ngaira, Masinde Muliro University of Science and Technology, Kenya

Video Presentation

15:55-16:15 **Title: Building electrification: a possible solution to renewable energy and climate change**

Bin Hao, Shenzhen Institute of Building Research Co. Ltd, China

Panel Discussion

Agenda Day 2: February 18, 2020

Lunch Break 13:30-14:30@ Restaurant Romeo

Panel Discussion

Day Ends

7th International World Congress on Climate Change

April 27-28, 2020, Rome, Italy
