

EuroSciCon

4th Edition of International Conference on

July 15-16, 2020
Prague, Czech Republic

Clinical Chemistry and Molecular Diagnostics

Theme:

Dynamic Approach and Future Generation Evolutions in Clinical Chemistry

EuroSciCon

Clinical Chemistry

2020

Invitation

Welcome to Prague,

Prague is the capital and largest city in the Czech Republic, the 14th largest city in the European Union and the historical capital of Bohemia. Situated on the Vitava River. Prague is traditionally one of the cultural centers of Europe, hosting many cultural events. Prague is a political, cultural and economic center of central Europe complete with a rich history. The city has more than ten major museums, along with numerous theatres, galleries, cinemas and other historical exhibits. Hence, it has become one of the world's most popular tourist destinations. Prague has an oceanic climate with humid continental influences, defined as such by the 0 °C (32 °F) isotherm.

In economical side, almost one-half of the national income from tourism is spent in Prague. Prague's economy accounts for 25% of the Czech GDP making it the highest performing regional economy of the country. As of 2017 its GDP per capita in purchasing power standard is €56,200, making it the sixth best performing region in the EU at 182.4 per cent of the EU-28 average in 2016. The modern economy of Prague is largely service and export-based and, in a 2010 survey, the city was named the best city in Central and Eastern Europe (CEE) for business. Euroscicon is proud to host the World Congress on Clinical Chemistry, July 15-16, 2020 in Prague, Czech Republic

EuroSciCon

A Transformational Learning Experience

- Curated to address the concerns of today's scientific world
- Be inspired by some of the world's most renowned figures
- Stimulate new ways of thinking and provoke action.
- Relish inspiring interaction between peers, leaving you better prepared to face technical and research oriented challenges.

July 15-16, 2020
Prague, Czech Republic

EuroSciCon

Clinical Chemistry

2020

Why with us?

We at EuroSciCon strive to create transforming experiences, propelling researchers and organizations to interact and come up with actionable ideas thus enhancing the quality of research and development.

And here's why you associate with us:

Our International Open Access Journals:

We embrace around 700+ Leading-edge Peer Reviewed Open Access Journals and a 21 Day Rapid Review Process with a whopping 50000+ Editorial Board Team, 35000+ Reviewers team and 1000+ Scientific Associations Collaborations.

Read by over 30 Million Patrons and 100000+ Facebook Likes comprehending the High online presence, our Open Access Journals serve the best blend of content and global exposure.

Our International Scientific Conferences:

With over 3000 Conferences happening across the globe in the streams of Medical, Pharma, Engineering, Science, Technology and Business our events are accredited with CME/CPD.

Moreover you get to meet the industry's high priests who come from all over the orb. You learn from the companies defined by their progressive ethos and dynamic strategies and also through the highly interactive sessions and panel discussions.

B2B Meetings with enriching interaction help building better businesses, people and world.

Other salient features comprehend:

Publishing of the accepted abstracts in our inordinately indexed journals

Each of which will be labelled with a Digital Object Identification Number (DOI) provided by Cross Ref

Distinct abstract and Speaker page creation, which profusely aid in citing the research and researcher in the top search engines.

Career Guidance Workshops for students and early career researchers

Opportunity to publish full Manu Scripts in our Open Access Journals

EuroSciCon

With over 25000+ Clinical Chemist and molecular biologist the website, Clinical Chemistry 2020 and Molecular Diagnostics 2020 is the most lucrative platform for researchers, academicians and industry professionals pursuing their work in the field and related. In addition to immense networking opportunities, global prominence of the research and the researcher is what we bestow our Speakers and Committee Members fuelling better outreach of the work and profile.

Clinical Chemistry 2020 Salient Features:

In a world of information overload, we focus on the issues most relevant to today's technical trends enabling our patrons to Congregate with most senior executives

Nurture connexions

Agenda format which incorporates ample Q&A time

Partake in our revamped exhibitor expo sessions

Meet and listen to the relevant clients

Unprecedented growth creating an unparalleled market place

July 15-16, 2020

Prague, Czech Republic

How's EuroSciCon different?

Exercises your creative instincts with the live knowledge experience

It organizes 3000+ Conferences across the globe connecting different sciences in 30+ countries

Over 25 Million+ Visitors and 20000+ Unique Visitors per conference

World's leading industries and companies attend

Career guidance for early career researchers and students

Provides insights you need to take your research to the next level

A huge conclave of high tech and science priests

EuroSciCon

Clinical Chemistry

2020

Who'd be attending?

EuroSciCon Conference on Clinical Chemistry plays host for the Multinational organizations, entrepreneurs across the globe, the researchers and academicians. Prominently Clinical Chemists, Molecular Biologists, Molecular genetics Professionals, Laboratory Directors and Chemists, Forensic Scientists and Clinical Chemistry Industry Professionals, Members of different Materials science associations, Members of different Clinical Chemistry associations.

About hosting organization

EuroSciCon is one among Europe's largest and most significant scientific place which serves as a crossroad for the academicians and industry experts to build networks. With over 17 years of Life Science Communication it focuses on to Spearheading the Transformation of Medical Research into Knowledge through Scientific Gatherings and Networking. Supporting the Rare Care UK organization, Our approach has always been unique, and that difference has propelled our growth towards Scientific Serendipity.

Scientific Sessions:

Clinical Chemistry
Clinical Pathology
Clinical Research
Clinical Biochemistry
Clinical Genomics
Clinical Immunology And Autoimmunity
Clinical Microbiology
Clinical Neurophysiology
Clinical Endocrinology
Clinical Pediatrics
Session On Biosensors in Clinical Chemistry
Enzymology & Biochemistry
Clinical Pharmacology And Toxicology
Therapeutic Drug Monitoring And Analysis
Disease-Oriented Topics
Evaluation Of Molecular Diagnostic Biomarkers
New Reagents, Instrumentation & Technologies
Clinical And Hospital Pharmacy
Methodology Used In Clinical Chemistry
Market Of Clinical Chemistry

EuroSciCon

See your work PUBLISHED

in one of our related journals

- Journal of Clinical Chemistry and Molecular Diagnosis
- Journal of Clinical Pathology and Molecular Genetics

July 15-16, 2020

Prague, Czech Republic

About Destination Prague

About Destination Prague

Prague is the capital and largest city in the Czech Republic, the 14th largest city in the European Union and the historical capital of Bohemia. Situated on the Vltava River. Prague has become one of the world's most popular tourist destinations. Despite its relatively small size, the Czech capital of Prague is jam-packed with magnificent sights, each endowed with a long and varied history. To make the most of your visit there, make sure to include these few attractions in your itinerary.

Vltava River: The Vltava River cuts across Prague's center. Jump aboard one of the many tour boats and take in the wonderful sights on both sides of the river while sipping a delicious Czech beer.

Prague Castle: The largest ancient castle in the world, as well as one of the most gorgeous, Prague Castle has been home to all the different Czech heads of state ever since the 9th century.

Kampa Island: Located between Prague Castle and Charles Bridge, Kampa Island's romantic atmosphere will enchant you. From its banks you can enjoy the best views of Prague's many monuments.

The Infant Jesus of Prague: Located in the Mala Strana in the heart of the city, the Infant Jesus of Prague (also known as the Child of Prague) is a Roman Catholic statue of Jesus Christ as an infant. Everyday hundreds of believers pay a visit to this shrine to pray bow and make wishes hoping that they will come true. The statue itself is encased in an ornate gilded shrine and while the origin of the figure is unknown, it has been dated back to the 16th Century.
