Invitation

Clinical Microbiology 2018

Meetings International proudly announces the ***International Conference On Clinical & Medical Microbiology*** scheduled during ***August 13-14, 2018*** in ***Rome, Italy***. The conference emphasizes the theme "***Exploring Innovative research in Clinical & Medical Microbiology***".

Meetings International provides an international dais for scientists and plant science professionals to Exchange Ideas, Knowledge and Networking at its **100+ International Conferences**. The importance of plants has come into spotlight in the recent years. Many of the floral species have become extinct due to the human activities. Thus, priorities are given for the plant research to produce more production to support the ever-growing population of the world.

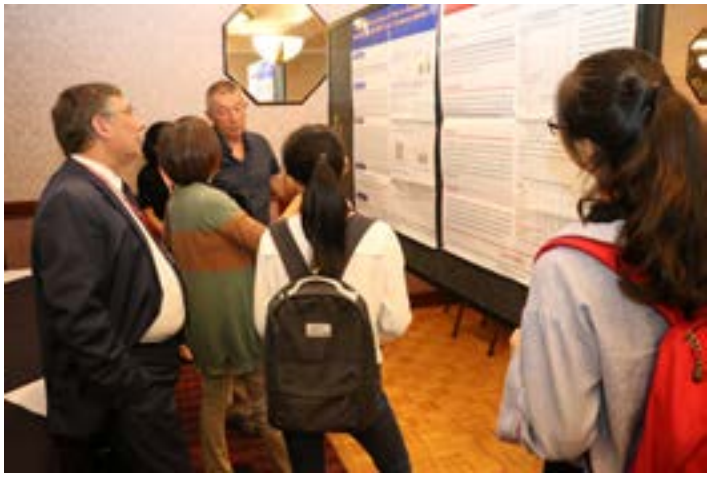

Sincerely,
Operating Committee

Explore Rome

Rome is the capital city of Italy. It is also the country's largest and most populated commune and fourth-most populous city in the European Union.

Rome is a historical powerhouse with wonderful palaces, millennium-old churches, grand romantic ruins, opulent monuments and museums such as the Vatican Museums and the Colosseum, ornate statues and graceful fountains.

Rome enjoys a Mediterranean climate. Rome's average temperature in August is around 81° F 20°C, and gradually reaches up to 19°C-32°C as the month progresses.
