Theme

Strengthening The Bond Of Clinical Research And Medical Practice

Welcome Message

Meetings International proudly announces "Global Experts Meeting On "Clinical Research and Clinical Trials" scheduled on August 13-14, 2018, Tokyo Japan. The theme of the meeting is "Strengthening The Bond Of Clinical Research And Medical Practice".

Meetings International provides a Global Platform for Medical Practitioner and Medical Experts , Pharmacy Practitioners, Clinical research and clinical trials Practitioners, Medical and Healthcare Professionals to Exchange Ideas, Knowledge and Networking at its 100+ International Conferences.

Clinical Research Meeting 2018 aims to discover advances in health practice, management and education in relation to health disparities as well as a breadth of other topics. A Clinical research Professional has a special set of competence and ability. Not only can they diagnose patients and finally provide medication, but they also serve in leadership and consulting roles. NCS's are prominent and impact health care across the board, from reducing medical complications to improving patient satisfaction.

Clinical research Conferences aims to discover advances in health practice, management and education in relation to health disparities as well as a breadth of other topics. The Clinical research Conference is a platform for Pharmacy students, faculty, deans, researchers, and leaders to collaborate on topics affecting Clinical research education. Attendees can: Take advantage of opportunities to learn about Clinical research Conference from a variety of oral and poster presentations. Meet and network with Clinical research ranging from students to deans, faculty, and researchers. Take advantage of opportunities to collaborate with practitioners from around the world. Attend prominent plenary sessions about relevant issues affecting health care.

This Conference involves of the theoretical and practical training provided to practitioners with the purpose to prepare them for their duties as Health care professionals. This education is provided to Pharmacy students by experienced General and clinical practitioners and other medical professionals who have qualified or experienced for educational tasks. Most countries offer Clinical research education courses that can be relevant to general practitioners or to specialized areas including General and clinical Pharmacists, Pharmaceutical advisors , Clinical Medicine Practitioners and General Therapists .

Meetings International Clinical Research and Clinical Trials will offer you an unmatched attendee experience. In addition to the many scientific sessions and take-home case study examples, you will leave this event with many other evidence based practice from some of our workshops and symposiums. We hope you will join us in Tokyo, Japan.

Sincerely,

Organizing Committee

Clinical Research Meeting 2018

Meetings International PTE LTD.

Who Should Attend?

- Medical Practitioner
- Medical Experts
- Pharmacy Practitioners
- Clinical research and clinical trials Practitioners
- General, Consultant & Specialist Practitioners
- Pharmacy Supervisors and Suppliers
- General and clinical Pharmacists
- Pharmaceutical advisors
- Clinical Medicine Practitioners
- Hospital pharmacy technicians
- General Therapists
- Business/Practice Managers
- Associations, Societies and Universities

Why Attend?

- 300 + Participation (70 Industries: 30Academia)
- 10+ Keynote Speakers
- 50+ Plenary Speakers
- 20+ Exhibitors
- 14 Innovative Educational Sessions
- 5+ Workshops
- B2B Meetings

Clinical Research Meeting 2018 main slogan is to address the challenges in making a safer, sustainable and affordable system for medication, and health through consolidating the underpinning clinical research platforms. Researcher and Expertise who's in these subjects need in-depth understanding. It's important to share knowledge with others due to newly generated problem. For that they need a plat form to share their knowledge. We could say we create a golden opportunity for those people expose their knowledge through this conference. In addition to attending the conference, we invite you to experience Tokyo, the beautiful and famous city in Japan, which attracts people from around the world.

Conference Highlights

- Drug discovery and Drug design
- Clinical Pharmacology
- Clinical phase and Clinical trials
- Case Report in Clinical Trials
- Pharmacodynamics
- Pharmacokinetics
- Ethnopharmacy
- Pharmacovigilance and Risk Management
- Health care practitioner Role in Patient Safety
- Clinical Nursing Research
- Clinical Data Management and Statistics
- Entrepreneurs in Clinical Research

Event at a Glance

Day-01 Monday 13 August 2018	
Time	Session

- Ensure market presence with a speaking slot
- Raise your profile and shape your corporate image with logo placement
- Develop new client relationships and affirm existing ones
- Your product/services gets good recognition and remuneration in the world

Sponsorship Packages

- Diamond Sponsor
- Gold Sponsor
- Silver Sponsor
- Bronze Sponsor
- Exhibition

For any other and customized packages, write to Program Manager.

About Tokyo

Tokyo, Japan's busy capital, mixes the ultramodern and the traditional, from neon-lit skyscrapers to historic temples. The opulent Meiji Shinto Shrine is known for its towering gate and surrounding woods. The Imperial Palace sits amid large public gardens. The city's many museums offer exhibits ranging from classical art (in the Tokyo National Museum) to a reconstructed kabuki theater (in the Edo-Tokyo Museum).

Tokyo is a fast-paced city with an almost manic energy. The city is constantly changing, as the local obsession with newness makes fashions fade fast and the latest technologies quickly obsolete. However, the hyper-urban cosmopolis does have a more traditional side that, although not immediately evident, is still there to charm travellers with its shrines, public baths and leafy parks. The city is also as important historically as it is in the pop-culture world. The imperial family is a source of pride and an institution, and residents mix traditional societal mores with cutting-edge inventions, art, fashion and music. The Japanese capital and its culture are taking the world by storm, but it still stays faithful to its origins.

There is so much to see and do in the city of 12 million people, but the Asakusa district is a real highlight. The district is easily accessible by subway, but if you are not in a hurry, takes the river cruise that lazily floats up the Sumida from Tokyo Bay's Hinode pier. Once you arrive, check out the countries first skyscraper, photo studio and cinema, and then head to the Sensoji Temple. The small temple enshrines a golden statue of Kannon, the Buddhist goddess of mercy, and is located in the area's most lively neighborhood.
