

EuroSciCon

European Conference on

Central Nervous System

June 10-11, 2019

Amsterdam, Netherlands

Theme:

Advancements & Challenges in Neurosciences & Neurology

EuroSciCon

Central Nervous System

2019

Invitation

Central Nervous System 2019 is glad and proud to welcome to attend the European Conference on Central Nervous System Plans during June 10-11, 2019 Amsterdam, Netherlands with a theme “Advancements & Challenges in Neurosciences & Neurology“. Amsterdam is the city of financial and business capital of the Netherlands, currently one of the best European cities in which to locate an international business. EuroSciCon through its Open Access Initiative is committed to make genuine and reliable contributions to the scientific community. Central Nervous System 2019 aims with total 26 tracks to discover advances in Neurosurgery, management and education in relation to the field as well as a breadth of other topics.

Central Nervous System 2019 conference brings together individuals who have an interest in different fields like Neurosurgery, Neuropsychology and Behavioral Sciences, Clinical Neurology and Neuropsychiatry, Neuro Diagnosis and Imaging procedures, legal, healthcare and medicine from practice, research, administration, policy and education. It also gives opportunities to the investor societies to showcase their knowledge and have face to face meetings with scientists increasing their business opportunities and also gives opportunity to know about their market competitors.The Organizing Committee has done its best to set up a framework that we think will allow for a creative interplay of ideas. We assure our attendees will return with a confidence in lsharing and gaining knowledge from the experts to improve their scientific practice and equipped with certified procedures to work with.

EuroSciCon

A Transformational Learning Experience

- Curated to address the concerns of today's scientific world
- Be inspired by some of the world's most renowned figures
- Stimulate new ways of thinking and provoke action.
- Relish inspiring interaction between peers, leaving you better prepared to face technical and research oriented challenges.

June 10-11, 2019

Amsterdam, Netherlands

EuroSciCon

Central Nervous System

2019

Why with us?

We at EuroSciCon strive to create transforming experiences, propelling researchers and organizations to interact and come up with actionable ideas thus enhancing the quality of research and development.

And here's why you associate with us

Our International Open Access Journals:

We embrace around 700+ Leading-edge Peer Reviewed Open Access Journals and a 21 Day Rapid Review Process with a whopping 50000+ Editorial Board Team, 35000+ Reviewers team and 1000+ Scientific Associations Collaborations.

Read by over 30 Million Patrons and 100000+ Facebook Likes comprehending the High online presence, our Open Access Journals serve the best blend of content and global exposure.

Our International Scientific Conferences:

Moreover you get to meet the industry's high priests who come from all over the orb. You learn from the companies defined by their progressive ethos and dynamic strategies and also through the highly interactive sessions and panel discussions.

B2B Meetings with enriching interaction help building better businesses, people and world.

Other salient features comprehend:

Publishing of the accepted abstracts in our inordinately indexed journals

Each of which will be labelled with a Digital Object Identification Number (DOI) provided by Cross Ref

Distinct abstract and Speaker page creation, which profusely aid in citing the research and researcher in the top search engines.

Career Guidance Workshops for students and early career researchers

Opportunity to publish full Manu Scripts in our Open Access Journals

EuroSciCon

With over 25000+ Neurological professionals and Educators accessing the website, Central Nervous System 2019 is the most lucrative platform for Neurologists, Professors, Researchers, Academicians and Industry professionals pursuing their work in the field. In addition to immense networking opportunities, global prominence of the research and the researcher is what we bestow our Speakers and Committee Members fuelling better outreach of the work and profile.

Central Nervous System 2019 Salient Features:

In a world of information overload, we focus on the issues most relevant to today's technical trends enabling our patrons to

Congregate with most senior executives
Nurture connexions
Agenda format which incorporates ample Q&A time
Partake in our revamped exhibitor expo sessions
Meet and listen to the relevant clients
Unprecedented growth creating an unparalleled market place

June 10-11, 2019
Amsterdam, Netherlands

How's EuroSciCon different?

Exercises your creative instincts with the live knowledge experience
It organizes 3000+ Conferences across the globe connecting different sciences in 30+ countries
Over 25 Million+ Visitors and 20000+ Unique Visitors per conference
World's leading industries and companies attend
Career guidance for early career researchers and students
Provides insights you need to take your research to the next level
A huge conclave of high tech and science priests

EuroSciCon

Central Nervous System

2019

Who'd be attending?

Leading world Neurologists, Neuroscientists, Professors, Neurosurgeons, Leading Universities, Students, Directors of association and societies. Central Nervous System 2019 conference brings together individuals who have an interest in different fields like Neurosurgery, Neuropsychology and Behavioral Sciences, Clinical Neurology and Neuropsychiatry, Neuro Diagnosis and Imaging procedures, adult & women health, legal, research, administration, policy and education. It is a forum to explore issues of mutual concern as well as exchange knowledge, share evidence, ideas, and generate solutions.

About hosting organization

EuroSciCon is one among Europe's largest and most significant scientific place which serves as a crossroad for the academicians and industry experts to build networks. With over 18 years of Life Science Communication it focuses on to Spearheading the Transformation of Medical Research into Knowledge through Scientific Gatherings and Networking. Supporting the Rare Care UK organization, EuroSciCon is a corporate member of Royal Society of Biology, Institute of Biomedical Science (IBMS) and British Society for Immunology. Our approach has always been unique, and that difference has propelled our growth towards Scientific Serendipity.

Scientific Sessions:

- Central Nervous System
- Cerebrovascular disorders
- Neurosurgery
- Neuroinfections and Neuroimmuniological disorders
- Perspective in neuroscience and neurology
- Neuronal disorders
- Multiple Sclerosis
- Neurochemical Transmission
- Neuropsychology and Behavioral Sciences
- Neuro Diagnosis and Imaging procedures
- Novel Neurotherapeutics
- Animal and Translational Models for CNS Drug Discovery
- Electromyography in CNS Disorders
- Neuropharmacology
- Neuroradiology
- Advances in Spine Neurosurgery
- Children with neurological disease
- Alzheimer's Disease and Advances in Alzheimer's Therapy
- Pharmacology of the Blood-Brain Barrier in Targeting CNS Disorders
- Cognitive psychology
- Clinical Trails and case reports
- Stroke and its Management
- Neurogenetics & Neurometabolic disorders
- Neurology & Psychiatry
- Social cognitive psychology
- Neuropsychiatric disorders

2019

About Destination Amstersdam

Amsterdam's name derives from Amstelredamme, indicative of the city's origin around a dam in the river Amstel. Originating as a small fishing village in the late 12th century, Amsterdam became one of the most important ports in the world during the Dutch Golden Age (17th century), a result of its innovative developments in trade. During that time, the city was the leading centre for finance and diamonds. In the 19th and 20th centuries the city expanded, and many new neighbourhoods and suburbs were planned and built. The 17th-century canals of Amsterdam and the 19–20th century Defence Line of Amsterdam are on the UNESCO World Heritage List. As the commercial capital of the Netherlands and one of the top financial centres in Europe, Amsterdam is considered an alpha world city by the Globalization and World Cities (GaWC) study group. The city is also the cultural capital of the Netherlands. In 2012, Amsterdam was ranked the second best city to live in by the Economist Intelligence Unit (EIU) and 12th globally on quality of living for environment and infrastructure by Mercer. The Port of Amsterdam to this day remains the second in the country, and the fifth largest seaport in Europe.
