

5th International Conference on

Central Nervous System Disorders & Therapeutics

October 21-22, 2019

Las Vegas, USA

EuroSciCon

CNS Conference

2019

Invitation

Dear Attendees,

On behalf of the CNS Conference Advisory Committee we take great pleasure in welcoming academic scientists, researchers, research scholars, students and experts of application fields to Las Vegas, USA for the 5th International Conference On Central Nervous System Disorders & Therapeutics to foster the advancement in the field by contributing with your expertise to what promises to be a very comprehensive and exciting conference, and to enjoy the globally famous major resort city.

The event will have Keynote speakers, Plenary speakers, Invited speakers and fresh contributed speakers. In addition, a variety of poster presentations along with workshops and special sessions would be interested in listeners.

The aim of the CNS Conference 2019 is to promote quality research and real-world impact in an atmosphere of true international cooperation between scientists and engineers by bringing together again the world-class researchers, International Communities and Industrial heads to discuss the latest developments and innovations in the fields of Neuroscience.

We sincerely hope that CNS conferences serves as an international platform for meeting researchers from around the world, widen professional interaction and create new opportunities, including establishing new alliances.

We are looking forward to seeing you at CNS Conference 2019 in Las Vegas, USA.

Sincerely,
CNS Conference 2019
Organizing Committee

EuroSciCon

A Transformational Learning Experience

- Curated to address the concerns of today's scientific world
- Be inspired by some of the world's most renowned figures
- Stimulate new ways of thinking and provoke action.
- Relish inspiring interaction between peers, leaving you better prepared to face technical and research oriented challenges.

October 21-22, 2019

Las Vegas, USA

EuroSciCon

CNS Conference

2019

Why with us?

We at EuroSciCon strive to create transforming experiences, propelling researchers and organizations to interact and come up with actionable ideas thus enhancing the quality of research and development.

And here's why you associate with us

Our International Open Access Journals:

We embrace around 700+ Leading-edge Peer Reviewed Open Access Journals and a 21 Day Rapid Review Process with a whopping 50000+ Editorial Board Team, 35000+ Reviewers team and 1000+ Scientific Associations Collaborations.

Read by over 30 Million Patrons and 100000+ Facebook Likes comprehending the High online presence, our Open Access Journals serve the best blend of content and global exposure.

Our International Scientific Conferences:

With over 3000 Conferences happening across the globe in the streams of Medical, Pharma, Engineering, Science, Technology and Business our events are accredited with CME/CPD.

Moreover you get to meet the industry's high priests who come from all over the orb. You learn from the companies defined by their progressive ethos and dynamic strategies and also through the highly interactive sessions and panel discussions.

B2B Meetings with enriching interaction help building better businesses, people and world.

Other salient features comprehend:

Publishing of the accepted abstracts in our inordinately indexed journals

Each of which will be labelled with a Digital Object Identification Number (DOI) provided by Cross Ref

Distinct abstract and Speaker page creation, which profusely aid in citing the research and researcher in the top search engines.

Career Guidance Workshops for students and early career researchers

Opportunity to publish full Manu Scripts in our Open Access Journals

EuroSciCon

With over 25000+ Neurology Researchers accessing the website, CNS Conference 2019 is the most lucrative platform for researchers, academicians and industry professionals pursuing their work in the field and related. In addition to immense networking opportunities, global prominence of the research and the researcher is what we bestow our Speakers and Committee Members fuelling better outreach of the work and profile.

CNS Conference 2019 Salient Features:

In a world of information overload, we focus on the issues most relevant to today's technical trends enabling our patrons to

Congregate with most senior executives
Nurture connexions
Agenda format which incorporates ample Q&A time
Partake in our revamped exhibitor expo sessions
Meet and listen to the relevant clients
Unprecedented growth creating an unparalleled market place

October 21-22, 2019

Las Vegas, USA

How's EuroSciCon different?

Exercises your creative instincts with the live knowledge experience
It organizes 3000+ Conferences across the globe connecting different sciences in 30+ countries
Over 25 Million+ Visitors and 20000+ Unique Visitors per conference
World's leading industries and companies attend
Career guidance for early career researchers and students
Provides insights you need to take your research to the next level
A huge conclave of high tech and science priests

EuroSciCon

Why to attend???

CNS Conference 2019 is aimed to give an opportunity that with scholars from around the world focused on learning about Central Nervous System & Brain Disorders and its advances; this is the best opportunity to reach the largest gathering of participants from the Central Nervous System & Brain Disorders. It provides an explicit platform for presentations distributes information, meets with current and potential scientists. World-renowned speakers, the most recent techniques, developments, and the latest updates in Central Nervous System And Brain Disorders are hallmarks of this conference.

About hosting organization

EuroSciCon is one among Europe's largest and most significant scientific place which serves as a crossroad for the academicians and industry experts to build networks. With over 16 years of Life Science Communication it focuses on to Spearheading the Transformation of Medical Research into Knowledge through Scientific Gatherings and Networking. Supporting the Rare Care UK organization, EuroSciCon is a corporate member of Royal Society of Biology, Institute of Biomedical Science (IBMS) and British Society for Immunology. Our approach has always been unique, and that difference has propelled our growth towards Scientific Serendipity.

Scientific Sessions:

- Emerging And Re-Emerging Diseases
- CNS Research & Development
- Influenza And Respiratory Diseases
- CNS Bioprocessing And Manufacturing
- CNS Pre-Clinical Validation To Clinical Trials
- Anti-Microbial Resistance
- CNS Technology
- Cancer And Immunotherapy
- CNS Safety And Efficacy
- Veterinary CNS

About Destination Las Vegas

Las Vegas, Nevada is a vibrant pulsating city. The only major city in the American West to have been founded in the 20th century, Las Vegas grew from a tiny, desert-bound railroad service centre at the outset of the 20th century to the country's fastest-growing metropolis at century's end. This transformation—made possible by a combination of shrewd entrepreneurship, access to water, an extensive transportation network, and permissive state laws—has created the city now often known simply as "Vegas," a place of vast casinos, elaborate hotels, and spectacular entertainment venues that attracts masses of visitors from throughout the world.

Today, Las Vegas annually ranks as one of the world's most visited tourist destinations. The city's tolerance for numerous forms of adult entertainment earned it the title of Sin City, and has made Las Vegas a popular setting for literature, films, television programs, and music videos.

The city is home to several museums, including the Neon Museum (the location for many of the historical signs from Las Vegas's mid-20th century heyday), The Mob Museum, the Las Vegas Natural History Museum, the DISCOVERY Children's Museum, the Nevada State Museum and the Old Las Vegas Mormon State Historic Park.

Since the time of Bugsy Siegel, Las Vegas has been renowned not only for its gambling, but also for its free flowing liquor, its fine dining and its extravagant entertainment especially at the Las Vegas Shows. All these original ingredients are still available in even greater variety and quantity in modern-day Las Vegas.

Good food in large quantities has been the staple of Las Vegas hospitality since the early days, and the all-you-can-eat buffet was a renown attraction at nearly every casino. They are still popular and almost universally available. The more isolated and the less popular casinos offer their buffets at ridiculously low prices just to attract gamblers to their gaming tables. The newer casinos often feature higher priced buffets with better quality foods. All of them provide unlimited quantities.
