

EuroSciCon

6th International Conference on

Computer Graphics, Animation & Computer-Aided Design

June 18-19, 2018
London, UK

Theme:

Representing the Opportunities with Computer Graphics & Animation Techniques

EuroSciCon

Computer Graphics

2018

Invitation

The Euroscicon welcomes you for our 6th International conference on Computer Graphics, Animation & Computer-Aided Design (Computer Graphic 2018) to be held on June 18-19, 2018 at London, UK. We are truly happy to invite all the participants like scientists, researchers, educators, professionals, practitioners, animators, graphic designers, software developers, artists and students with their innovative ideas and creativity.

The Computer Graphic 2018 conference will provide two days discussion on research in the Computer Graphic history, technologies, and trends of computer graphics, Computer Animation and games catered to industry professionals and academic communities worldwide.

This conference Consist of Oral presentations, Poster Presentations, Workshops/Symposiums, Young Researcher Forums to discuss the current trends, challenges, regulatory matters and future opportunities of Computer Graphics, Animation & computer-Aided Design. This conference provides Special workshop/ Symposium, B2B and interactive sessions, with industry Sponsors and Exhibitors.

This will be an excellent opportunity to explore the dynamic innovations in the Computer Graphics & Computer Animation world.

In this conference from both Industry and academia are participating to discuss the advancements and challenges in the sector of Computer Animation, Computer Graphics, Industry Of Animation, Game Design, Modeling, Simulation, Rendering, Visualization, 3D printing and ect.

EuroSciCon

A Transformational Learning Experience

- Curated to address the concerns of today's scientific world
- Be inspired by some of the world's most renowned figures
- Stimulate new ways of thinking and provoke action.
- Relish inspiring interaction between peers, leaving you better prepared to face technical and research oriented challenges.

June 18-19, 2018
London, UK

2018

Why with us?

We at EuroSciCon strive to create transforming experiences, propelling researchers and organizations to interact and come up with actionable ideas thus enhancing the quality of research and development.

And here's why you associate with us

Our International Open Access Journals:

We embrace around 700+ Leading-edge Peer Reviewed Open Access Journals and a 21 Day Rapid Review Process with a whopping 50000+ Editorial Board Team, 35000+ Reviewers team and 1000+ Scientific Associations Collaborations.

Read by over 30 Million Patrons and 100000+ Facebook Likes comprehending the High online presence, our Open Access Journals serve the best blend of content and global exposure.

Our International Scientific Conferences:

With over 3000 Conferences happening across the globe in the streams of Medical, Pharma, Engineering, Science, Technology and Business our events are accredited with CME/CPD.

Moreover you get to meet the industry's high priests who come from all over the orb. You learn from the companies defined by their progressive ethos and dynamic strategies and also through the highly interactive sessions and panel discussions.

B2B Meetings with enriching interaction help building better businesses, people and world.

Other salient features comprehend:

Publishing of the accepted abstracts in our inordinately indexed journals

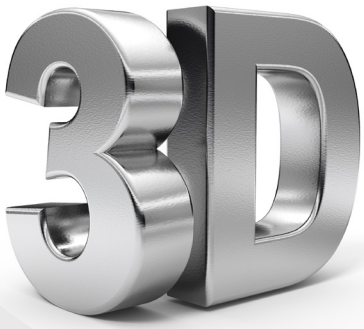

Each of which will be labelled with a Digital Object Identification Number (DOI) provided by Cross Ref

Distinct abstract and Speaker page creation, which profusely aid in citing the research and researcher in the top search engines.

Career Guidance Workshops for students and early career researchers

Opportunity to publish full Manu Scripts in our Open Access Journals

EuroSciCon

With over 25000+ Pathologist and Laboratory Medicine Professionals accessing the website, Computer Graphics 2018 is the most lucrative platform for researchers, academicians and industry professionals pursuing their work in the field and related. In addition to immense networking opportunities, global prominence of the research and the researcher is what we bestow our Speakers and Committee Members fuelling better outreach of the work and profile.

Computer Graphics 2018 Salient Features:

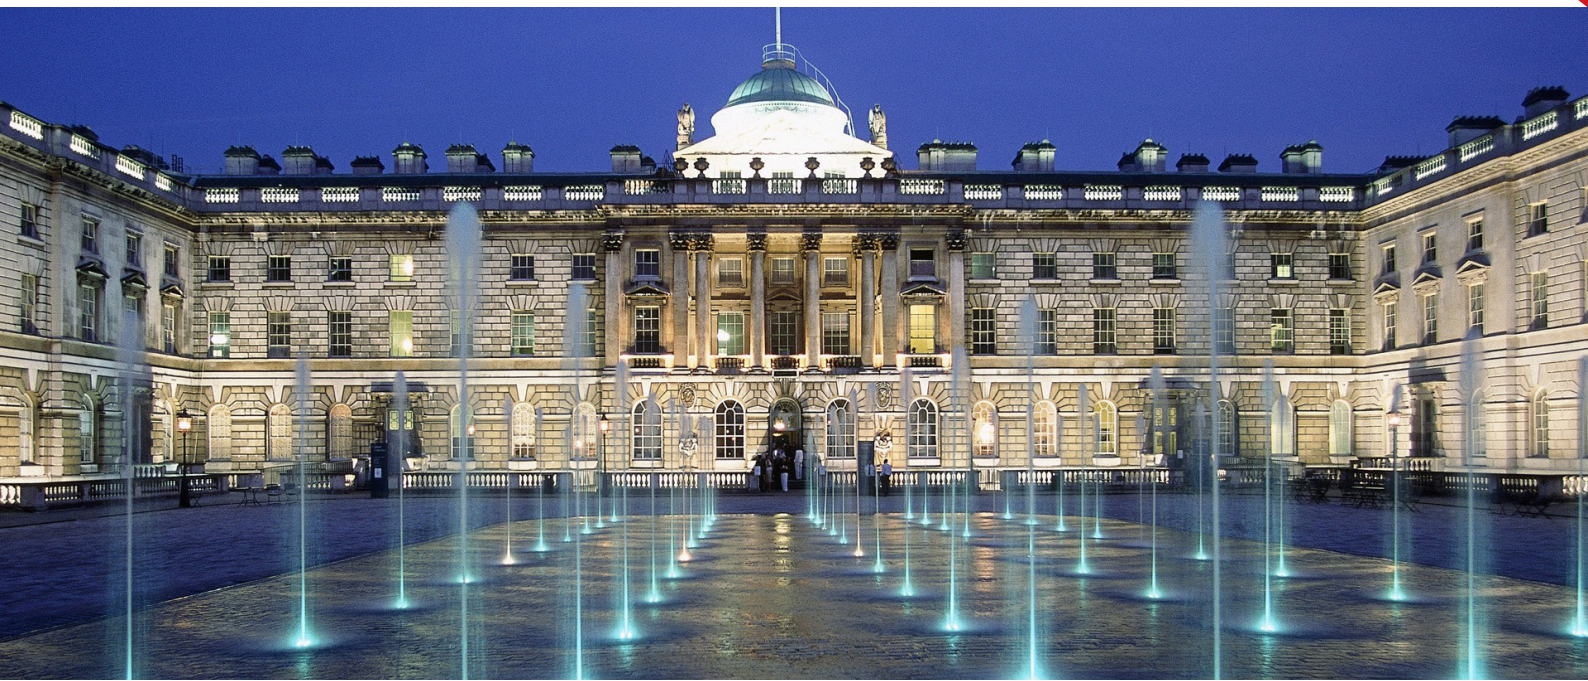

One- on -one interaction with eminent scientists and experts in the Computer Graphics research field.

Networking with peers or sponsors for continuing research.

Learning new insights about the advances in desiging and related fields.

Getting recognized in a global platform and discussing research ideas or topics with professors, scientists and scholars

June 18-19, 2018
London, UK

EuroSciCon

Computer Graphics

2018

Who'd be attending?

Anyone in a creative & innovative field working to put an idea into action, get inspiration from eminent speakers, connect with potential collaborators, the participant in the effective session, and most technical and creative people who are excited by research, science, art, animation, gaming technologies.

Directors, CEO, President, Vice-president, Organizations, Associations Heads, Computer Graphics and Animation Professors, Junior/Senior research fellows from Universities, Directors of companies, and Eminent Scientists from computer Science.

About hosting organization

EuroSciCon is one among Europe's largest and most significant scientific place which serves as a crossroad for the academicians and industry experts to build networks. Our approach has always been unique, and that difference has propelled our growth towards Scientific Serendipity.

Scientific Sessions:

- Computer Graphics
- Computer Animation
- Computer Aided Design
- Industry Of Animation
- Game Design
- Modeling
- Simulation
- Gamification And Social Game Mechanics
- Rendering
- Visualization
- 3D Printing
- 3D Web Technology
- Imaging And Image Processing
- Human-Computer Interaction
