ABOUT ABU DHABI

Abu Dhabi, the capital of the United Arab Emirates, sits off the mainland on an island in the Persian (Arabian) Gulf. Its focus on oil exports and commerce is reflected by the skyline's modern towers and shopping megacenters such as Abu Dhabi and Marina malls. Beneath white-marble domes, the vast Sheikh Zayed Grand Mosque features an immense Persian carpet, crystal chandeliers and capacity.

Abu Dhabi houses national government workplaces, is the seat of the United Arab Emirates Government, home to the Abu Dhabi Emiri Family and the President of the UAE, who is from this family. Abu Dhabi's quick improvement and urbanization, combined with the moderately high normal salary of its populace, has changed the city into an expansive and propelled city. Today the city is the nation's focal point of political and modern exercises, and a noteworthy social and business focus, because of its situation as the capital. Abu Dhabi represents around 66% of the generally $400-billion United Arab Emirates economy.
