INVITATION

ABOUT CONFERENCE

By successfully hosting our previous editions, we are delighted to announce the 3rd International Conference on Critical Care and Internal Medicine (Critical Care 2026) scheduled for May 19–20, 2026 in London, UK. The conference will revolve around the theme: "Transforming Critical Care & Internal Medicine Through Innovation and Evidence." Critical Care 2026 will bring together leading intensivists, internists, researchers, academicians, healthcare professionals, and industry experts from around the world to discuss emerging technologies, advanced clinical practices, and multidisciplinary approaches in acute and complex patient care. The primary goal of the conference is to explore innovative, evidence-based strategies that improve patient outcomes, strengthen ICU protocols, enhance early diagnosis and intervention, and integrate digital health and precision medicine into modern clinical practice.

The scientific program will feature keynote lectures, plenary sessions, interactive workshops, and oral and poster presentations, providing extensive opportunities for knowledge exchange, networking, and global collaboration. Set in the historic and globally connected city of London, this event promises academic excellence combined with an enriching international experience. We look forward to your valuable research contributions and active participation in making Critical Care 2026 a transformative and impactful event for the global healthcare community.

YOUNG RESEARCH FORUM:

We are pleased to announce the Young Scientist Awards at the 3rd International Conference on Critical Care and Internal Medicine (Critical Care 2026) scheduled for May 19–20, 2026, in London, UK. The conference will be held under the inspiring theme: "Transforming Critical Care & Internal Medicine Through Innovation and Evidence." Critical Care 2026 and its future editions aim to recognize and honor outstanding young researchers who have made significant contributions to critical care medicine, internal medicine, and translational clinical research. The Young Scientist Award is designed to encourage early-career professionals, postgraduate researchers, residents, fellows, and young clinicians to showcase their innovative research, clinical insights, and academic excellence in managing critically ill and medically complex patients.

This award provides an exceptional platform for young investigators to present their work, engage with internationally renowned experts, exchange ideas, and build meaningful professional networks. By fostering collaboration, mentorship, and scientific excellence, Critical Care 2026 supports the next generation of healthcare leaders in advancing evidence-based, patient-centered care. We warmly invite young researchers to submit their abstracts and take advantage of this valuable opportunity for global recognition and career advancement.

CONFERENCE HIGHLIGHTS

- Lectures by the active Investigators
- Keynote forums by Renowned Speakers
- Speaker Forum
- Poster Sessions on latest Innovation in all the relevant Areas
- Panel discussions and interactive sessions
- Open Innovation Challenges
- Poster Sessions on every career stage
- Post-Doctoral Career Development Session
- Young Research Forum
- B2B Meetings
- Global Networking with 50+ Countries
- Novel techniques to benefit your research
- Best platform for Global business and Networking opportunities

TARGET AUDIENCE

- Intensivists and Critical Care Physicians
- Internal Medicine Specialists and Hospitalists
- Emergency Medicine Physicians
- Anesthesiologists and Perioperative Care Specialists
- Pulmonologists and Respiratory Care Specialists
- Cardiologists and Cardiovascular Critical Care Experts
- Nephrologists and Critical Care Nephrology Specialists
- Infectious Disease Specialists
- Critical Care Nurses and Nurse Practitioners
- Clinical Researchers and Academic Faculty
- Residents, Fellows, and Medical Students
- Healthcare Administrators, Policy Makers, and Industry Professionals

SESSION HIGHLIGHTS

- Advanced ICU Management and Critical Care Protocols
- Sepsis, Septic Shock, and Infection Control
- Acute Respiratory Failure and Mechanical Ventilation
- Cardiovascular Critical Care
- Renal Failure and Critical Care Nephrology
- Neurocritical Care and Acute Neurological Emergencies
- Critical Care Anesthesiology and Perioperative Medicine
- Internal Medicine in Acute and Chronic Disease Management
- Point-of-Care Ultrasound and Advanced Diagnostics
- Precision Medicine and Personalized Care in Critical Illness
- Digital Health, AI, and Smart ICUs
- Ethics, End-of-Life Care, and Palliative Approaches in ICU
- Post-ICU Recovery, Rehabilitation, and Long-Term Outcomes
- Global Health, Pandemic Preparedness, and Health System Resilience

Past Event Report

Meetings International successfully hosted its previous editions of the Critical Care and Internal Medicine conference series, bringing together leading intensivists, internists, clinicians, and researchers from across the globe. The event featured the 2nd International Conference on Critical Care and Internal Medicine, conducted virtually with strong international participation and engagement.

The conference was organized under the theme “Advancing Outcomes in Critical Care and Internal Medicine,” and witnessed insightful discussions and knowledge exchange across multiple specialties.

Eminent speakers, distinguished researchers, and healthcare professionals shared expertise on sepsis management, mechanical ventilation, cardiovascular and neurocritical care, acute kidney injury, precision medicine, and digital innovations in ICU practice. The active involvement and support of the organizing committee, keynote speakers, and delegates played a vital role in making the event highly impactful and scientifically enriching.

We extend our sincere appreciation to all speakers, participants, and collaborators whose contributions ensured the success of the conference. Their continued support and collaborative spirit drive the mission of Critical Care 2026 to advance evidence-based practice, innovation, and global excellence in critical care and internal medicine.

About Venue:

The 3rd International Conference on Critical Care and Internal Medicine will take place in London, United Kingdom, one of the world's leading centers for healthcare innovation, medical research, and academic excellence. Renowned for its globally recognized hospitals, universities, and research institutions, London provides an inspiring setting for meaningful scientific exchange and professional networking.

London is a world-class destination offering a unique blend of history, culture, innovation, and modern city life. Conference delegates can enrich their visit by exploring some of the city's most iconic attractions and experiences.

Visitors can discover historic landmarks such as Buckingham Palace, The Tower of London, Westminster Abbey, and the Houses of Parliament with Big Ben, reflecting centuries of British heritage. Art and culture enthusiasts will enjoy internationally acclaimed museums including the British Museum, National Gallery, Tate Modern, and Victoria and Albert Museum, many of which offer free entry.

For panoramic city views, the London Eye, Sky Garden, and The Shard provide unforgettable experiences. Leisure time can be spent strolling through Hyde Park, Regent's Park, and Kensington Gardens, or enjoying the vibrant atmosphere of Covent Garden, Soho, and Camden Market.

London's diverse culinary scene, world-famous theatre district in the West End, and easy access to nearby destinations such as Oxford, Cambridge, and Windsor Castle make it an ideal location for both professional engagement and memorable travel.

Registration Fee

REGISTRATION TYPES	EARLY BIRD	MID TERM	FINAL CALL
ACADEMIC SPEAKER	$596	$705	$814
BUSINESS SPEAKER	$676	$805	$891
POSTER REGISTRATION	$699	$807	$915
DELEGATE REGISTRATION	$646	$753	$861
STUDENT REGISTRATION	$349	$399	$449
WEBINAR / VIRTUAL CONFERENCE REGISTRATION	$299	$399	$499
E-POSTER	$210	$210	$210
ACCOMPANYING PERSON	$249	$249	$249
