About New York

New York City's Five Boroughs Brooklyn, Manhattan, the Bronx, Queens and Staten Island are home to 8.2 million inhabitants and a travel destination for millions of visitors every year (50.5 million in 2016, to be exact). One of the world's great Metropolis, New York City is a global Center for Dental science, research, entertainment, art, fashion, media, finance, and trade. The bustling, cosmopolitan heart of the 4th largest megalopolis in the world and by far the most populous city in the United States, New York has long been a key entry point and a elucidate city and the nation.
