INVITATION

ABOUT CONFERENCE

Following the successful conclusion of Dentistry Meet 2025, we are delighted to announce our upcoming 18th International Conference on Dentistry and Prosthodontics (Dentistry Meet 2027), scheduled for February 15–16, 2027, in Tokyo, Japan, with the theme “Reimagining Dentistry: Where Science, Technology, and Art Converge.”

Dentistry Meet 2027 will bring together leading dentists, prosthodontists, researchers, academicians, dental practitioners, oral healthcare professionals, dental technicians, and industry experts from around the world. The conference aims to explore emerging developments and innovative approaches transforming modern dentistry, with a particular focus on digital dentistry, artificial intelligence, prosthodontics, implantology, esthetic dentistry, orthodontics, dental biomaterials, regenerative dentistry, and advanced restorative techniques.

The event will feature engaging keynote and plenary presentations, scientific sessions, interactive discussions, oral and poster presentations, and valuable networking opportunities, creating a platform for knowledge exchange, professional collaboration, and the presentation of pioneering research.

The vibrant and technologically advanced city of Tokyo will provide an inspiring setting for participants to connect, collaborate, and explore new perspectives in dental science and clinical practice. We look forward to welcoming your valuable research, expertise, and collaboration as we collectively shape the future of dentistry.

YOUNG RESEARCH FORUM:

We are pleased to announce the Young Scientist Awards as part of the 18th International Conference on Dentistry and Prosthodontics (Dentistry Meet 2027), scheduled for February 15–16, 2027, in Tokyo, Japan. With the theme “Reimagining Dentistry: Where Science, Technology, and Art Converge,” Dentistry Meet 2027 will recognize promising young researchers and early-career professionals who have made meaningful contributions to dental science, prosthodontics, oral healthcare, and related fields.

The Young Scientist Award aims to acknowledge innovative research, scientific excellence, clinical contributions, and emerging ideas presented by young researchers during the conference. It provides an excellent platform for early-career dentists, researchers, academicians, and healthcare professionals to showcase their work, interact with renowned experts, exchange knowledge, and establish valuable professional collaborations.

CONFERENCE HIGHLIGHTS

- Lectures by the active Investigators
- Keynote forums by Renowned Speakers
- Speaker Forum
- Poster Sessions on latest Innovation in all the relevant Areas
- Panel discussions and interactive sessions
- Open Innovation Challenges
- Poster Sessions on every career stage
- Post-Doctoral Career Development Session
- Young Research Forum
- B2B Meetings
- Global Networking with 50+ Countries
- Novel techniques to benefit your research
- Best platform for Global business and Networking opportunities

TARGET AUDIENCE

- All the Stake Holders (both Academia & Industry) of the Sector
- Researchers & Innovators
- Experts Looking for Collaborative Work
- Product Developers
- Solution Providers
- Sales & Marketing Professionals
- Associations, Societies, & Professional Bodies
- Funding Agencies & Fund Raisers
- Management Bodies
- Decision Makers

SESSION HIGHLIGHTS

- Advanced Prosthodontics & Restorative Dentistry
- Digital Dentistry & CAD/CAM Technologies
- Artificial Intelligence in Dentistry
- Implant Dentistry & Oral Rehabilitation
- Esthetic & Cosmetic Dentistry
- Orthodontics & Dentofacial Orthopedics
- Dental Biomaterials & 3D Printing
- Endodontics & Microsurgical Dentistry
- Periodontology & Regenerative Dentistry
- Oral & Maxillofacial Surgery
- Preventive, Pediatric & Community Dentistry
- Innovations, Research & Future Trends in Dentistry

Past Event Report

Meetings International successfully hosted the Dentistry Meet 2025, an international webinar dedicated to Dentistry and Prosthodontics, bringing together dental professionals, researchers, academicians, clinicians, and industry experts from around the world.

The webinar featured insightful keynote presentations, scientific talks, oral presentations, and interactive discussions, covering diverse areas of dental science and prosthodontics. Eminent speakers and researchers shared their expertise, clinical experiences, research findings, and perspectives on emerging technologies and innovative approaches in dentistry.

The success of Dentistry Meet 2025 was strengthened by the enthusiastic participation and valuable contributions of the speakers, delegates, researchers, organizing committee members, and participants. Their active engagement helped create meaningful discussions and opportunities for knowledge sharing despite the virtual format.

We sincerely thank all the keynote speakers, presenters, delegates, participants, and organizing committee members for their valuable time, support, and contribution toward making Dentistry Meet 2025 a successful and engaging scientific event.

Building on this success, we look forward to welcoming the global dental community to Dentistry Meet 2027, scheduled for February 15–16, 2027, in Tokyo, Japan, under the theme “Reimagining Dentistry: Where Science, Technology, and Art Converge.”

About Venue:

Tokyo, Japan's dynamic capital, provides an inspiring setting for the 18th International Conference on Dentistry and Prosthodontics (Dentistry Meet 2027), taking place on February 15–16, 2027. Known for its blend of technological innovation, traditional culture, and modern urban experiences, Tokyo offers international delegates an opportunity to combine professional learning with cultural exploration.

During their stay, visitors can explore Senso-ji Temple in Asakusa, one of Tokyo's most recognizable cultural landmarks, or experience the lively atmosphere of Shibuya Crossing and the surrounding shopping and entertainment districts. Tokyo Skytree offers panoramic views across the metropolitan area, while Meiji Shrine provides a peaceful setting surrounded by greenery near Harajuku.

Art and history enthusiasts can visit the Tokyo National Museum in Ueno, while teamLab Borderless offers an immersive digital-art experience that reflects Tokyo's innovative character. Visitors may also explore Ginza for shopping and fine dining, stroll through Ueno Park, or enjoy the waterfront attractions of Odaiba.

With its efficient public transportation, diverse cuisine, historic landmarks, shopping districts, and contemporary attractions, Tokyo offers conference participants numerous opportunities to experience Japanese culture and hospitality alongside their professional activities.
