

EuroSciCon

4th World Congress on

Advances in Diabetes Care and Metabolism

March 16-17, 2020
London, UK

Theme:

Recent advances in Diabetes Care and Metabolism

EuroSciCon

Diabetes Conference

2020

Invitation

Diabetes Conference 2020 is glad and proud to welcome you to attend the 4th World Congress on Diabetes Care and Metabolism during March 16-17, 2020 at London, UK with the theme "Recent advances in Diabetes Care and Metabolism". London is the capital and the most populous city of England and UK . It was founded by the Romans, who named it Londinium

EuroSciCon through its Open Access Initiative is committed to make genuine and reliable contributions to the scientific community. Diabetes Conference 2020 with total 26 tracks aims to discover advances in health practice, diagnosis, management & treatment of diabetes in relation to health disparities as well as a breadth of other topics.

Diabetes Conference 2020 aim is to bring leading diabetologists, endocrinologists, young researchers, physicians, business analysts, academicians, lab technicians, nurses, diabetes educators, nutritionists, dietitians and students, Young inspired researchers, Associate Professors and Scholars together to share their experiences and research results and it's development in diabetes and related fields.

Diabetes Conference 2020 also gives first in importance to provide interdisciplinary forum for Directors, Researchers, Scientists, Academicians and Educators to present, share the knowledge and discuss the most recent innovations, trends, and concerns, clinical challenges encountered and the solutions adopted in the fields of diabetes Care and metabolism.

EuroSciCon

A Transformational Learning Experience

- Curated to address the concerns of today's scientific world
- Be inspired by some of the world's most renowned figures
- Stimulate new ways of thinking and provoke action.
- Relish inspiring interaction between peers, leaving you better prepared to face technical and research oriented challenges.

March 16-17, 2019
London, UK

EuroSciCon

Diabetes Conference

2020

Why with us?

We at EuroSciCon strive to create transforming experiences, propelling researchers and organizations to interact and come up with actionable ideas thus enhancing the quality of research and development. And here's why you associate with us

Our International Open Access Journals:

We embrace around 700+ Leading-edge Peer Reviewed Open Access Journals and a 21 Day Rapid Review Process with a whopping 50000+ Editorial Board Team, 35000+ Reviewers team and 1000+ Scientific Associations Collaborations.

Read by over 30 Million Patrons and 100000+ Facebook Likes comprehending the High online presence, our Open Access Journals serve the best blend of content and global exposure.

Our International Scientific Conferences:

With over 3000 Conferences are happening across the globe in the streams of Medical, Pharma, Engineering, Science, Technology and Business. Moreover you get to meet the industry's high priests who come from all over the world. You learn from the companies defined by their progressive ethos and dynamic strategies and also through the highly interactive sessions and panel discussions.

B2B Meetings with enriching interaction help building better businesses, people and world.

Other salient features comprehend:

Publishing of the accepted abstracts in our inordinately indexed journals

Each of which will be labelled with a Digital Object Identification Number (DOI) provided by Cross Ref

Distinct abstract and Speaker page creation, which profusely aid in citing the research and researcher in the top search engines.

Career Guidance Workshops for students and early career researchers

Opportunity to publish full Manu Scripts in our Open Access Journals

EuroSciCon

With over 25000+ Practitioners and Educators accessing the website, Diabetes Congress 2019 is the most lucrative platform for diabetologists, endocrinologists, young researchers, physicians, academicians, industry professionals , lab technicians, nurses, diabetes educators, nutritionists, dietitians and students pursuing their work in the field. In addition to immense networking opportunities, global prominence of the research and the researcher is what we bestow our Speakers and Committee Members fuelling better outreach of the work and profile.

Diabetes Conference 2020 Salient Features:

In a world of information overload, we focus on the issues most relevant to today's technical trends enabling our patrons to

Congregate with most senior executives
Nurture connexions
Agenda format which incorporates ample Q&A time
Partake in our revamped exhibitor expo sessions
Meet and listen to the relevant clients
Unprecedented growth creating an unparalleled market place

March 16-17, 2019
London, UK

How's EuroSciCon different?

Exercises your creative instincts with the live knowledge experience
It organizes 3000+ Conferences across the globe connecting different sciences in 30+ countries
Over 25 Million+ Visitors and 20000+ Unique Visitors per conference
World's leading industries and companies attend
Career guidance for early career researchers and students
Provides insights you need to take your research to the next level
A huge conclave of high tech and science priests

EuroSciCon

Diabetes Conference

2020

Who'd be attending?

Diabetes Conference 2020 will provide a platform for the diabetologists, endocrinologists and experts both from Industry and Academic working in various subdomains of diabetes, obesity, endocrinology and metabolism. This conference is open for all the Diabetes Doctors, Specialists, endocrinologists, Researchers, Physicians, Business Analysts, Academicians, Lab Technicians, Nurses, Diabetes Educators, Nutritionists, Dietitians and students. It is a forum to explore issues of mutual concern as well as exchange knowledge, share evidence, ideas, and generate solutions.

About hosting organization

EuroSciCon is one among Europe's largest and most significant scientific place which serves as a crossroad for the academicians and industry experts to build networks. With over 18 years of Life Science Communication it focuses on to Spearheading the Transformation of Medical Research into Knowledge through Scientific Gatherings and Networking. Supporting the Rare Care UK organization, EuroSciCon is a corporate member of Royal Society of Biology, Institute of Biomedical Science (IBMS) and British Society for Immunology. Our approach has always been unique, and that difference has propelled our growth towards Scientific Serendipity.

Scientific Sessions:

- Diabetes and Obesity
- Diabetes and Endocrinology
- Endocrinology and Metabolism
- Diabetes and Metabolic Disorders
- Pancreatitis and Insulin
- Endocrine Glands and Hormones
- Clinical Researches in Diabetes
- Cardiovascular issues in Diabetes
- Nanotechnology in Diabetes Treatment
- Diabetic Nephropathy and Urine
- Bariatric Surgery
- Pediatric Diabetes
- Physiotherapy in diabetes
- Stem Cell Therapy in Diabetes
- Diabetic Retinopathy
- Cardiovascular risks in obese
- Obesity and Metabolic syndrome
- Diabetes and cancer
- Diabetes in young adults
- Gestational Diabetes
- Diabetic Neuropathy
- Diabetes and Dementia
- Diabetes Wound Care
- Challenges of Diabetes Healthcare
- Diabetes and Mental Health
- Latest Techniques In Diabetes Diagnosis

About Destination London, UK

London is the political, economic and cultural capital of Britain, and its world class tourist attractions are renowned across the globe. The Greater London area is bursting with attractions for visitors of all ages. With 30 historic gardens and 123 historic buildings, London also has more than 200 museums, 600 cinema screens, and 108 music halls. London's 33 boroughs, including the City of London, are spread over an area of 1572 square kilometres. The river Thames runs through the heart of London, from Richmond in the west, through the central London borough of Westminster, to Greenwich in the east. London river cruises and river buses are a great way to see the city. About one third of London is devoted to parks and open spaces, so there are plenty of places to relax on fine days. London is incredibly well-connected, with five international airports and the high-speed Eurostar rail link. More than 50 countries are within a three-hour flight time and 310 international destinations have direct links to London. t is one of the world's leading financial centres and has the fifth- or sixth-largest metropolitan area GDP in the world. It is the world's most-visited city as measured by international arrivals and has the world's largest city airport system measured by passenger traffic. London's universities form the largest concentration of higher education institutes in Europe, and a 2014 report placed it first in the world university rankings. London is bursting at the seams with attractions that offer insight into Britain's long and fascinating history. Visit the Tower of London, a 1000-year old attraction that's home to the Crown Jewels, and St Paul's Cathedral, a centre of London-life for centuries. At Tower Bridge, admire the iconic Victorian construction that opens its gates as tall ships sail past along the majestic River Thames. Travel further west to see Buckingham Palace, the official residence of the Queen of England, and Trafalgar Square, with its imposing lions and Nelson's Column. Nearby are the Houses of the Parliament in Westminster and the majestic Big Ben offer two attractions that are symbol of London the world over. Cultural attractions including The British Museum, Tate Modern, the National Gallery and the Science Museum are all free to enter and are fitting testaments to Britain's historic and artistic legacy. For pop culture, join the queue at Madame Tussauds, a museum that offers the chance to rub shoulders with celebrities like Lady Gaga and Prince William – all in wax form. Although London's magnificent Olympic Park is closed to the public until July 2013, there are still many places from which you can have a great view of this fantastic attraction.
