Diabetes & Endocrinology 2024

Dear Colleagues,

Join us for the 5th International Conference on Diabetes and Endocrinology, on November 13,14, 2024, in the city of Dubai, UAE. This conference promises to be an enriching experience for endocrinologist, researchers, clinicians, and healthcare professionals from around the globe.

Diabetes & Endocrinology 2024 offers a comprehensive program featuring keynote presentations, plenary sessions, panel discussions, and interactive workshops covering a broad spectrum of diabetes health topics. From the latest breakthroughs in endocrinology physiology and pathophysiology to innovative approaches in diabetic replacement therapy and dialysis, attendees will gain valuable insights into the most pressing issues facing the field today.

Engage with renowned experts and thought leaders, participate in stimulating debates and collaborate on groundbreaking research initiatives. Whether you're a seasoned practitioner, an early-career researcher, or a student eager to explore the world of diabetes & endocrinology, this conference provides a unique platform to expand your knowledge, network with peers, and advance your professional growth.

Set against the backdrop of Paris rich history and cultural heritage, Diabetes & Endocrinology 2024 offers a one-of-a-kind opportunity to immerse yourself in both academic discourse and the vibrant atmosphere of this iconic city. Don't miss your chance to be part of this trans-formative event shaping the future of Diabetes & Endocrinology.

Visit our website at https://www.meetingsint.com/conferences/diabetes-endocrinology to learn more and secure your spot today.

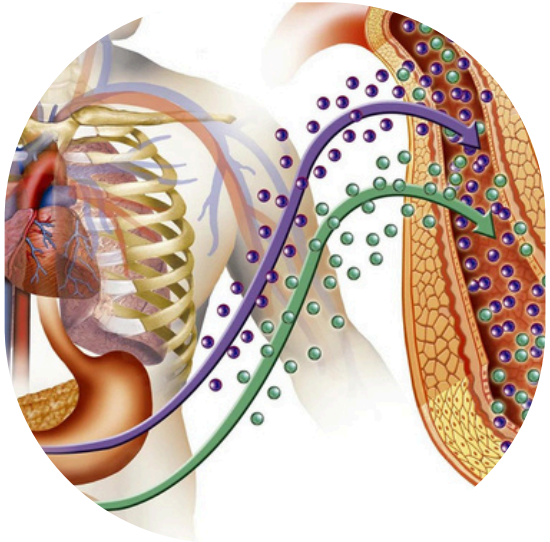

We look forward to welcoming you to Diabetes & Endocrinology 2024 in Dubai UAE!

Organising Committee

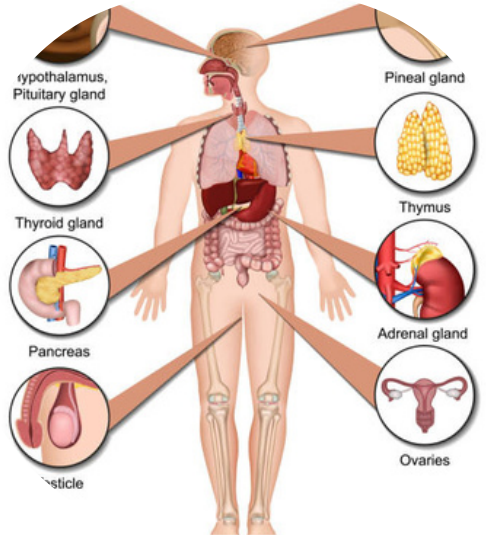

Diabetes & Endocrinology 2024

Diabetes & Endocrinology 2024

Diabetes & Endocrinology 2024

PARTICIPANT CATEGORIES

There are five types of participant categories to join in the conference

1.Speaker (Oral presentation / Poster presentation / Video presentation)
2.Delegate
3.Student (Speaker / Delegate / Poster presentation / Video presentation)
4.Exhibitor
5.Workshop Symposium

YOUNG RESEARCH FORUM

Join the Young Research Forum: Connect with emerging talents in diabetes & endocrinology research. Present your work, network with peers, and receive valuable feedback from seasoned professionals. This dynamic platform fosters collaboration, career development, and recognition for young researchers. Don't miss your chance to contribute to the future of Diabetes & Endocrinology. Submit your abstract to participate.

Diabetes & Endocrinology 2024

VENUE

Dubai Gulf Arabic pronunciation: is the most populated city in the United Arab Emirates (UAE) and the capital of the Emirate of Dubai, the most populated of the 7 monarchies which together form the United Arab Emirates. Established in the 18th century as a small fishing village, the city grew rapidly in the early 21st century with a focus on tourism and luxury, having the second most five-star hotels in the world, and the tallest building in the world, the Burj Khalifa, which is over a half a mile tall.

In the eastern Arabian Peninsula on the coast of the Persian Gulf, it is also a major global transport hub for passengers and cargo. Oil revenue helped accelerate the development of the city, which was already a major mercantile hub. A centre for regional and international trade since the early 20th century, Dubai's economy relies on revenues from trade, tourism, aviation, real estate, and financial services. Oil production contributed less than 1 per cent of the emirate's GDP in 2018.The city has a population of around 3.4 million (as of 2021).

The Conference is going to held at MD Hotel by Ge-wan in Dubai, UAE.
