World Summit on

Diabetes and Metabolism

March 23-24, 2020 | Miami, USA

Diabetes Metabolism 2020

Invitation

Dear Attendees,

Meetings International proudly announces the World Summit on Diabetes and Metabolism scheduled during March 23-24, 2020 in Miami, USA. The conference emphasizes the theme "Collection of advanced therapies: Prevention of Diabetes & Metabolic Syndrome".

Diabetes is one of the most emerging diseases, which is becoming very common nowadays. Patients with high blood sugar will experience polyuria (frequent urination), meeting thirsty and hungry. With the change in life style; our endocrine system of the body is getting disturbed. In order to get innovative, the Diabetes Metabolism Conference will focus on the latest and exciting innovations in all areas of diabetes and metabolism based research offering a unique opportunity for international explorers to assemble, network, talk and grasp new scientific innovations and ideas to prevent diabetes related ailments. To allocate advance researches, developments, druggists, scientists, technology challenges and improvement and alternative therapies, this meeting forms an excellent learning.

Sincerely,

Operating Committee

To identify the future directions of research

Peer review and high quality publication

Quality research

Explore Miami

Miami is one of the world's most popular vacation spots. It is a major international port city on the Atlantic coast of South Florida in the southeastern United States. The city of Miami is a major center and leader of finance, commerce, culture, media, entertainment, the arts, and the international trade of South Florida. The city covers an area of about 56 square miles (150 km2) between the Everglades to the west and Biscayne Bay to the east. Miami is the sixth most densely populated major city in the United States with an estimated 2018 population of 470,914. In 2019, Miami ranked seventh in the United States and 31st among global cities in terms of business activity, human capital, information exchange, cultural experience, and political engagement. Greater Downtown Miami has one of the largest concentrations of international banks in the United States, and is home to many large national and international companies.Its Cuban influence is reflected in the cafes and cigar shops that line Calle Ocho in Little Havana. On barrier islands across the turquoise waters of Biscayne Bay is Miami Beach, home to South Beach. This glamorous neighborhood is famed for its colorful art deco buildings, white sand, surfside hotels and trendsetting nightclubs.
