ABOUT TOKYO

Tokyo is home to over 100 universities and colleges. The University of Tokyo, founded in 1877, is the nation's most prestigious institution. In addition, Japanese Christian Rikkyo University, Saint Paul's University, Waseda University and Keio University adds glory to the education system of Japan. Tokyo boasts the world's highest concentration of institutions of higher learning. 16th Annual Drug Safety Congress aims to gather professionals, professors and researchers from an educational institution, industry, organizations, societies to share their expertise in the field of medical research for healthy life.

Tokyo is covered by a dense network of train, subway and bus lines which are operated by about a dozen different companies. The subway lines are most convenient for moving around central Tokyo. Tokyo's most prominent train line is the JR Yamanote Line, a loop line which connects Tokyo's multiple city centres.
