Singapore

World Congress on

Earth & Environmental Science

Theme:

Predicting Human Future: Importance of monitoring the Planetary Evolution and Environmental Science

EuroSciCon

Earth Science

2019

Invitation

Welcome to the World Congress on Earth & Environmental Science from May 30-31, 2019 at Singapore City, Singapore. Earth Science-2019 has been themed “Predicting Human Future: Monitoring the Planetary Evolution and Environmental Science” which extensively covers all aspects on scientific and technical advances in the field of geodynamics ranging from the integration of instruments, methodologies, and technologies to their use in earth sciences, environmental engineering and other natural sciences.

With a broad array of keynote presentations, panel discussions, workshops, and poster sessions, the Earth Science 2019 is the perfect venue not only to dive into your particular Gastroenterology interests but also to expand the scope of your knowledge. 20 tracks are devoted to subjects such as Recent advances in Geosciences and Geology, Ecology and Conservation, Biodiversity, Climate Change Ecosystems Environmental Management and Waste & Recycling.

The Organizing Committee has done its best to set up a framework that we think will allow for a creative interplay of ideas. All we need now to convert the extensive program on paper to an active and vibrant Earth and Environmental Science forum in person is your active participation.

EuroSciCon

A Transformational Learning Experience

- Curated to address the concerns of today's scientific world
- Be inspired by some of the world's most renowned figures
- Stimulate new ways of thinking and provoke action.
- Relish inspiring interaction between peers, leaving you better prepared to face technical and research oriented challenges.

Why with us?

We at EuroSciCon strive to create transforming experiences, propelling researchers and organizations to interact and come up with actionable ideas thus enhancing the quality of research and development.

And here's why you associate with us

Our International Open Access Journals:

We embrace around 700+ Leading-edge Peer Reviewed Open Access Journals and a 21 Day Rapid Review Process with a whopping 50000+ Editorial Board Team, 35000+ Reviewers team and 1000+ Scientific Associations Collaborations.

Read by over 30 Million Patrons and 100000+ Facebook Likes comprehending the High online presence, our Open Access Journals serve the best blend of content and global exposure.

Our International Scientific Conferences:

With over 3000 Conferences happening across the globe in the streams of Medical, Pharma, Engineering, Science, Technology and Business our events are accredited with CME/CPD.

Moreover you get to meet the industry's high priests who come from all over the orb. You learn from the companies defined by their progressive ethos and dynamic strategies and also through the highly interactive sessions and panel discussions.

B2B Meetings with enriching interaction help building better businesses, people and world.

Other salient features comprehend:

Publishing of the accepted abstracts in our inordinately indexed journals

Each of which will be labelled with a Digital Object Identification Number (DOI) provided by Cross Ref

Distinct abstract and Speaker page creation, which profusely aid in citing the research and researcher in the top search engines.

Career Guidance Workshops for students and early career researchers

Opportunity to publish full Manu Scripts in our Open Access Journals

EuroSciCon

With over 25000+ Earth and Environmental Scientists accessing the website, Earth Science 2019 is the most lucrative platform for researchers, academicians and industry professionals pursuing their work in the field and related. In addition to immense networking opportunities, global prominence of the research and the researcher is what we bestow our Speakers and Committee Members fuelling better outreach of the work and profile.

Earth Science 2019 Salient Features:

In a world of information overload, we focus on the issues most relevant to today's technical trends enabling our patrons to

Congregate with most senior executives
Nurture connexions
Agenda format which incorporates ample Q&A time
Partake in our revamped exhibitor expo sessions
Meet and listen to the relevant clients
Unprecedented growth creating an unparalleled market place

May 29-30, 2019
Singapore

How's EuroSciCon different?

Exercises your creative instincts with the live knowledge experience
It organizes 3000+ Conferences across the globe connecting different sciences in 30+ countries
Over 25 Million+ Visitors and 20000+ Unique Visitors per conference
World's leading industries and companies attend
Career guidance for early career researchers and students
Provides insights you need to take your research to the next level
A huge conclave of high tech and science priests

EuroSciCon

Who'd be attending?

World Congress on Earth and Environmental Science plays host for the Multinational organizations, entrepreneurs across the globe, the researchers and academicians. Prominently Climatologist, Meteorologist, Geologist, Environmental researchers, Hydrologist, Oceanographer, Ecologists, Chemical researchers, Geo Scientists, Environmental engineers, Waste management researchers, Earth science association, Young research forum, Geophysicists, Geological Associations & Societies and Business Entrepreneurs and others who stay plunged in learning and practice of the Earth and Environment Science and its related Field of Interest.

About hosting organization

EuroSciCon is one among Europe's largest and most significant scientific place which serves as a crossroad for the academicians and industry experts to build networks. With over 16 years of Life Science Communication it focuses on to Spearheading the Transformation of Medical Research into Knowledge through Scientific Gatherings and Networking. Supporting the Rare Care UK organization, EuroSciCon is a corporate member of Royal Society of Biology, Institute of Biomedical Science (IBMS) and British Society for Immunology. Our approach has always been unique, and that difference has propelled our growth towards Scientific Serendipity.

Scientific Sessions:

- Geo-sciences and Geology
- Geophysics and Atmospheric Sciences
- Planetary Sciences
- Oceanography
- Hydrology and Water Resources
- Technologies and Applications of Earth Science
- Ecology and Conservation
- Biodiversity
- Environment and Pollution
- Waste and Recycling
- Global Warming and Environmental Change
- Climate Change and Extreme Weather
- Environmental Calamity and Hazards
- Environmental and Marine Sciences
- Effect of Climate Change on Ecosystem
- Ecosystems and Endangered Species
- Environment and Public Health
- Environmental Sustainability
- Environmental Management
- Current Approaches in Environmental Studies

About Destination Singapore

The Republic of Singapore, the second-smallest country in Asia, consists of Singapore Island and a number of other smaller adjacent islets. Set within the Indian Ocean off the southern tip of the Malay Peninsula, Singapore has a locality of 693 sq km (268 sq mi). It is known as the Lion city, the Garden city and the Red Dot and is one of the most popular tourist destinations in South-East Asia.

Singapore is much more than the sum of its numerous attractions. It's constantly evolving, reinventing, and re-imagining itself, with people who are passionate about creating new possibilities.

It's where foodies, explorers, collectors, action seekers, culture shapers, and socialisers meet—and new experiences are created every day.

All things considered, It is easy to enjoy Singapore with the City Sightseeing open-top touring system, even the best-laid plans have a tendency to get overlooked following a few days as you slip into the swing of the city.
