

EuroSciCon

October 07-08, 2019

Madrid, Spain

World Congress on

Earth & Environmental Science

Theme:

Predicting Human Future: Importance of monitoring the Planetary Evolution and Environmental Science

Invitation

Welcome to the World Congress on Earth & Environmental Science from October 07-08, 2019 at Madrid, Spain. Earth Science-2019 has been themed “Predicting Human Future: Monitoring the Planetary Evolution and Environmental Science” which extensively covers all aspects on scientific and technical advances in the field of geodynamics ranging from the integration of instruments, methodologies, and technologies to their use in earth sciences, environmental engineering and other natural sciences.

With a broad array of keynote presentations, panel discussions, workshops, and poster sessions, the Earth Science 2019 is the perfect venue not only to dive into your particular Gastroenterology interests but also to expand the scope of your knowledge. 20 tracks are devoted to subjects such as Recent advances in Geosciences and Geology, Ecology and Conservation, Biodiversity, Climate Change Ecosystems Environmental Management and Waste & Recycling.

The Organizing Committee has done its best to set up a framework that we think will allow for a creative interplay of ideas. All we need now to convert the extensive program on paper to an active and vibrant Earth and Environmental Science forum in person is your active participation.

EuroSciCon

A Transformational Learning Experience

- Curated to address the concerns of today's scientific world
- Be inspired by some of the world's most renowned figures
- Stimulate new ways of thinking and provoke action.
- Relish inspiring interaction between peers, leaving you better prepared to face technical and research oriented challenges.

Earth Science

2019

Why with us?

We at EuroSciCon strive to create transforming experiences, propelling researchers and organizations to interact and come up with actionable ideas thus enhancing the quality of research and development.

And here's why you associate with us

Our International Open Access Journals:

We embrace around 700+ Leading-edge Peer Reviewed Open Access Journals and a 21 Day Rapid Review Process with a whopping 50000+ Editorial Board Team, 35000+ Reviewers team and 1000+ Scientific Associations Collaborations.

Read by over 30 Million Patrons and 100000+ Facebook Likes comprehending the High online presence, our Open Access Journals serve the best blend of content and global exposure.

Our International Scientific Conferences:

With over 3000 Conferences happening across the globe in the streams of Medical, Pharma, Engineering, Science, Technology and Business our events are accredited with CME/CPD.

Moreover you get to meet the industry's high priests who come from all over the orb. You learn from the companies defined by their progressive ethos and dynamic strategies and also through the highly interactive sessions and panel discussions.

B2B Meetings with enriching interaction help building better businesses, people and world.

Other salient features comprehend:

Publishing of the accepted abstracts in our inordinately indexed journals

Each of which will be labelled with a Digital Object Identification Number (DOI) provided by Cross Ref

Distinct abstract and Speaker page creation, which profusely aid in citing the research and researcher in the top search engines.

Career Guidance Workshops for students and early career researchers

Opportunity to publish full Manu Scripts in our Open Access Journals

EuroSciCon

With over 25000+ Earth and Environmental Scientists accessing the website, Earth Science 2019 is the most lucrative platform for researchers, academicians and industry professionals pursuing their work in the field and related. In addition to immense networking opportunities, global prominence of the research and the researcher is what we bestow our Speakers and Committee Members fuelling better outreach of the work and profile.

Earth Science 2019 Salient Features:

In a world of information overload, we focus on the issues most relevant to today's technical trends enabling our patrons to

Congregate with most senior executives
Nurture connexions
Agenda format which incorporates ample Q&A time
Partake in our revamped exhibitor expo sessions
Meet and listen to the relevant clients
Unprecedented growth creating an unparalleled market place

October 07-08, 2019
Madrid, Spain

How's EuroSciCon different?

Exercises your creative instincts with the live knowledge experience
It organizes 3000+ Conferences across the globe connecting different sciences in 30+ countries
Over 25 Million+ Visitors and 20000+ Unique Visitors per conference
World's leading industries and companies attend
Career guidance for early career researchers and students
Provides insights you need to take your research to the next level
A huge conclave of high tech and science priests

EuroSciCon

Who'd be attending?

World Congress on Earth and Environmental Science plays host for the Multinational organizations, entrepreneurs across the globe, the researchers and academicians. Prominently Climatologist, Meteorologist, Geologist, Environmental researchers, Hydrologist, Oceanographer, Ecologists, Chemical researchers, Geo Scientists, Environmental engineers, Waste management researchers, Earth science association, Young research forum, Geophysicists, Geological Associations & Societies and Business Entrepreneurs and others who stay plunged in learning and practice of the Earth and Environment Science and its related Field of Interest.

About hosting organization

EuroSciCon is one among Europe's largest and most significant scientific place which serves as a crossroad for the academicians and industry experts to build networks. With over 16 years of Life Science Communication it focuses on to Spearheading the Transformation of Medical Research into Knowledge through Scientific Gatherings and Networking. Supporting the Rare Care UK organization, EuroSciCon is a corporate member of Royal Society of Biology, Institute of Biomedical Science (IBMS) and British Society for Immunology. Our approach has always been unique, and that difference has propelled our growth towards Scientific Serendipity.

Scientific Sessions:

- Geo-sciences and Geology
- Geophysics and Atmospheric Sciences
- Planetary Sciences
- Oceanography
- Hydrology and Water Resources
- Technologies and Applications of Earth Science
- Ecology and Conservation
- Biodiversity
- Environment and Pollution
- Waste and Recycling
- Global Warming and Environmental Change
- Climate Change and Extreme Weather
- Environmental Calamity and Hazards
- Environmental and Marine Sciences
- Effect of Climate Change on Ecosystem
- Ecosystems and Endangered Species
- Environment and Public Health
- Environmental Sustainability
- Environmental Management
- Current Approaches in Environmental Studies

About Destination Madrid

Madrid, the capital of Spain, is a cosmopolitan city that solidifies the most present day systems and the status as a fiscal, budgetary, and administrative and advantage center, with a broad social and stunning heritage, a legacy of many years of empowering history. Deliberately situated in the geographic focal point of the Iberian Peninsula at a height of 646 m above ocean level, Madrid has a standout amongst the most critical memorable focuses of all the colossal European urban areas. This legacy consolidates flawlessly with the city's cutting edge and helpful frameworks. These conditions, together with all the drive of a dynamic and open society – and in addition brave and friendly– have made this city one of the immense capitals of the Western world.

Barely any urban groups boast a mind blowing family exceptionally as unadulterated as Madrid's: various art lovers return here again and again. For an extensive time span, Spanish royals showered approval and riches upon the finest authorities of the day, from home-created capacities, for instance, Goya and Velázquez to Flemish and Italian greats. Works of art by these and other Spanish painters, for instance, Picasso, Dalí and Miró now adorn the dividers of the city's existence class presentations. Three particularly are goliaths – the Museo Del Prado, Centro de Arte Reina Sofía and Museo Thyssen-Bornemisza – yet in Madrid these are just awesome spots to start.
