Earth Science 2021

Conference Highlights:

- Earth Science and Hydrology: Surface Hydrology/Surface Water
- Geological Hazard Assessment and Earthquake Geology
- Earth, Ecology and Ecosystems
- Petrology, Mineralogy and Mineral Processing
- Climate Change and Climatology
- Agriculture and Bioresources
- Toxicology and Environment Health
- Pollution and Climate Change
- Environmental Designing
- Carbon Forming and Carbon Cycle
- GIS, Remote Sensing and Geospatial Sciences
- Atmospheric Sciences and Meteorology

A great opportunity to network with your peers from academia and industry:

- All the Stake Holders (both Academia & Industry) of the Sector
- Researchers & Innovators
- Experts Looking for Collaborative Work
- Product Developers
- Solution Providers
- Sales & Marketing Professionals
- Associations, Societies, & Professional Bodies
- Funding Agencies & Fund Raisers
- Management Bodies
- Decision Makers

Deadlines:

Abstract submission: **August 28, 2021**
Early bird registration: **August 16, 2021**
Registration closed by **November 15, 2021**

Earth Science 2021

Paris, France's capital is a major European city and a global centre for art, fashion, gastronomy and culture. Its 19th-century cityscape is crisscrossed by wide boulevards and the River Seine. Paris is in the Paris department of the Paris-Isle-of-France region. The French historic, political and economic capital, with a population of only 2.5 million is located in the northern part of France. Paris has a population of more than 2 million people, and the city is divided into 20 "arrondissements" (districts) which are numbered 1 to 20. The river Seine divides the city into the Rive Gauche on the south and the Rive Droite on the north banks of the river. The streets where made much wider, places and squares where built and the buildings completely rebuilt.
