Meetings International

3rd International Conference on

Earth Science and Climate Change

April 15-16, 2019 | Toronto, Canada

Theme:

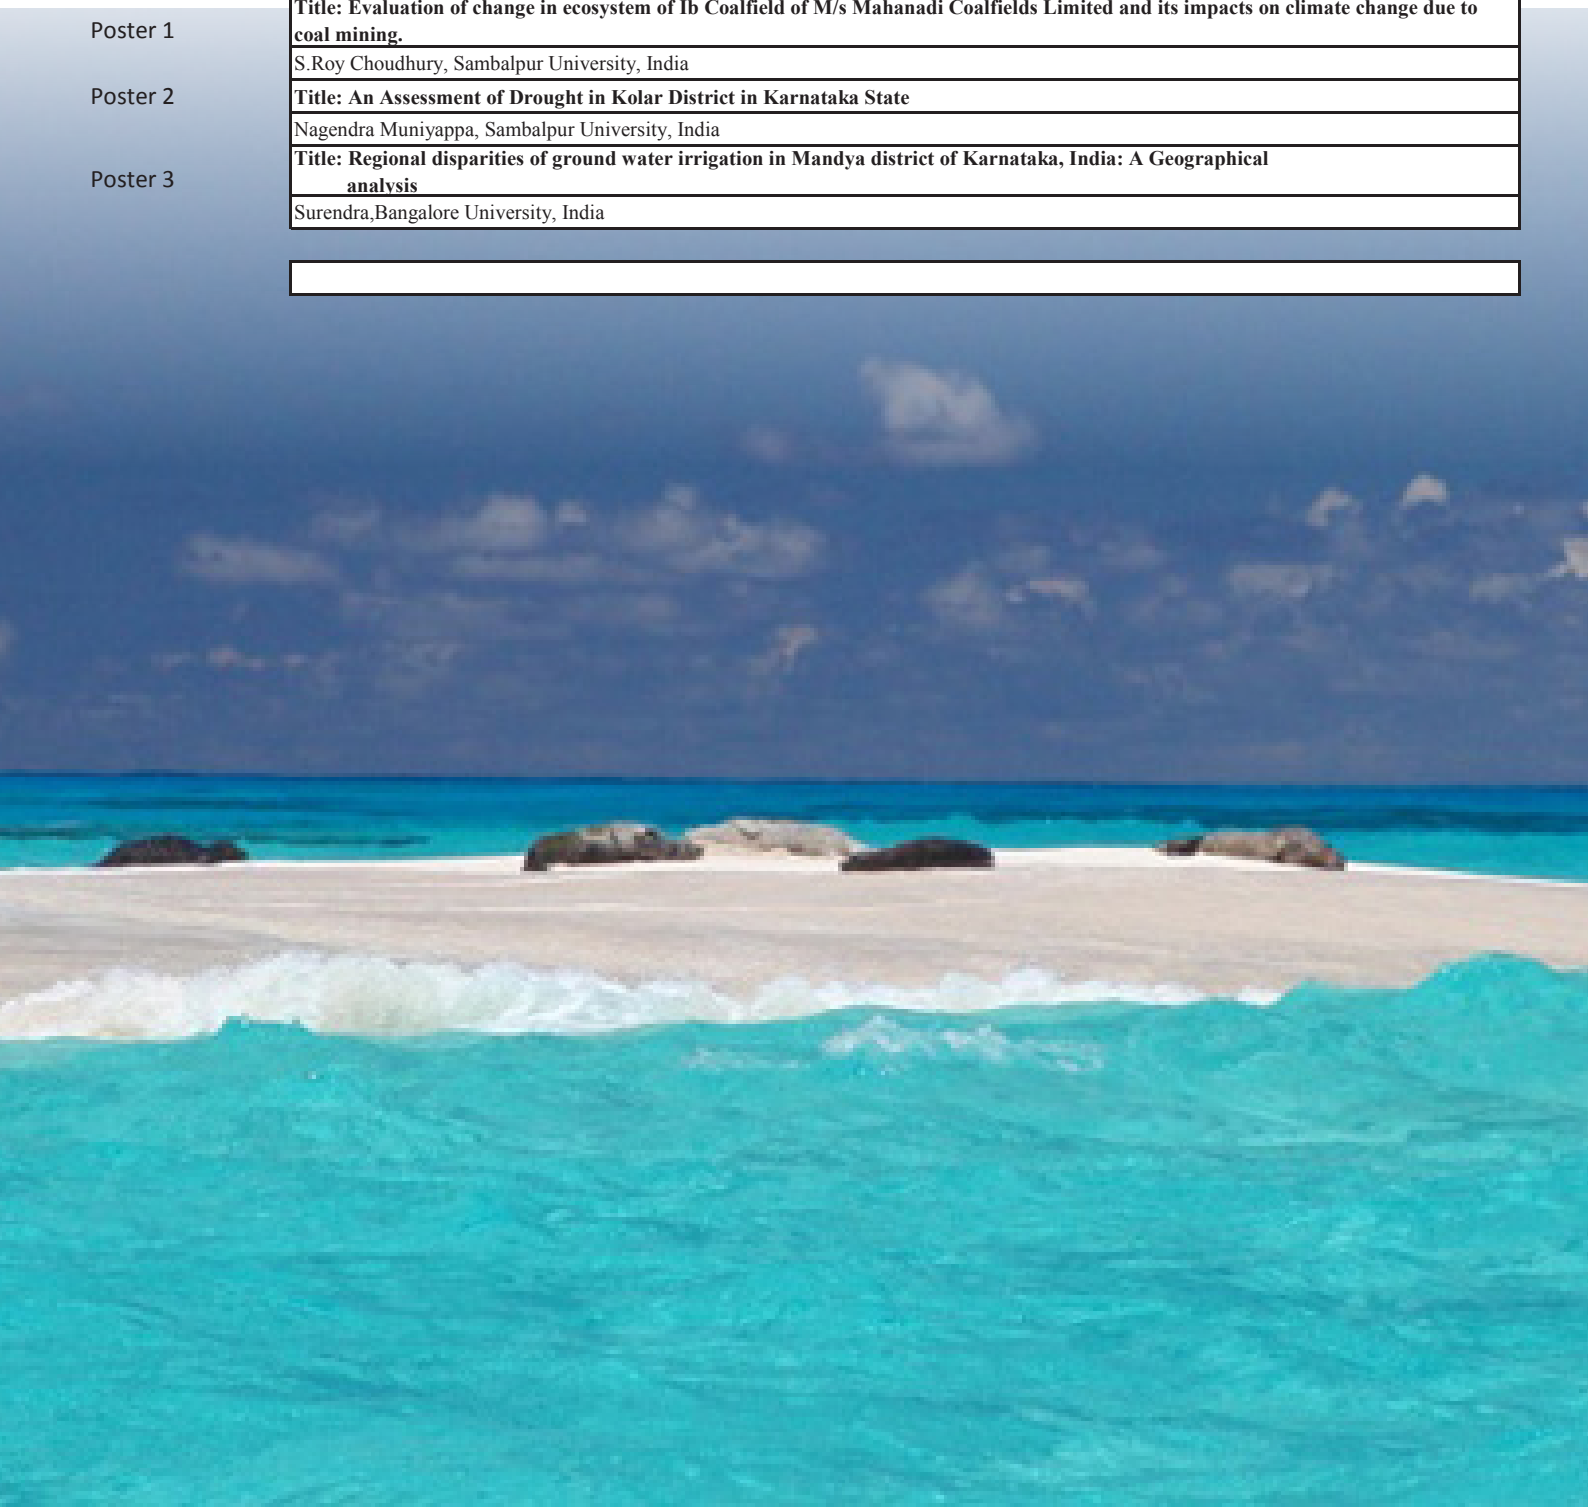

Improve Understanding of Earth Sciences and Abrupt Climate Change

https://www.meetingsint.com/conferences/earthscience

	Scientific Program
	3rd International Conference on Earth Science and Climate Change | April 15-16, 209 | Toronto, Canada
	Day 1, April 15, 2019 Toronto, Canada
	Registrations
	Opening Ceremony
Keynote	**Title: Reconstructing the Cenozoic history of carbonate accumulation in the South Atlantic Ocean**
	Rebecca Riggs , University of Sydney , Australia
Keynote	**Title: Seismic hazard analyses of an active Leech River fault for Victoria, British Columbia**
	Jacob Kukovica,University of Western Ontario, Canada
	Oral Session-I
Speaker	**Title: Hydrogeochemical evaluation of groundwater in parts of Shamal, Northern Qatar**
	Latifa Alnaimi, Qatar University, Qatar
	Network and Refreshment Break
Speaker	**Title:Application of Life Cycle Assessment (LCA) in coal mines of MCL, CIL, India for sustainable mining- a case study**
	D.K. Khanda, Mahanadi Coalfields Limited, India
Speaker	**Title: Evaluation of change in ecosystem of Ib Coalfield of M/s Mahanadi Coalfields Limited and its impacts on climate change due to coal mining.**
	S.Roy Choudhury, Mahanadi Coalfields Limited, India
	Lunch Break
Speaker	**Title: Water Resource Management in Karnataka State through Geospatial Technologies**
	Ashok Devendrappa Hanjagi, Bangalore University, India
Speaker	**Title: Evaluation of change in ecosystem of Ib Coalfield of M/s Mahanadi Coalfields Limited and its impacts on climate change due to coal mining.**
	A. Apat, Mahanadi Coalfields Limited, India
	Network and Refreshment Break
Speaker	**Title: Hydrocarbon type estimation using the synthetic logs: A case study, in Baba member, Gulf of Suez, Egypt**
	A.E Radwan, Sohag University, Egypt
Speaker	**Title: Minerology and Geochemistry of the Oolithic iron ore deposit**
	Hamida Diab, Badji Mokhtar University, Algeria
	Session Adjournment
	Day 2, April 16, 2019 Toronto, Canada
Keynote	**Title:One-Hour Prediction of the Global Solar Irradiance from All - Sky Images using Artificial Neural**
	Cristian Crisosto, Leibniz University of Hannover, Germany
Keynote	**Title: Closing the protection gap with parametric risk transfer products in a changing climate**
	Gero Michel, Western University London Ontario, Canada
Keynote	**Title:Climate change vulnerability assessment for the uranium supply chain in Australia**
	J. Pizarroa,Monash University, Australia
	Network and Refreshment Break
	Oral Session-II
Speaker	**Title:The effects of phthalates on seed germination, development and biochemical parameters of Hordeum vulgare L.**
	Rajinder Kaur Gill, Guru Nanak Dev University, India
Speaker	**Title:The study of topographic changes of the middle levels of the atmosphere and its effect on the heat increase in the Middle East.**
	Nader Parvin,Payame Noor University, Iran
Speaker	**Title:The Structural Geology of the Cribas Region and Its Implications for Petroleum Potential**
	Valente Ferreira,Timor Geoscience and Development Society,Timor-Leste
	Lunch Break
	Special Session

	Oral Session III
Speaker	**Title:Climate Change impacts in Eastern Africa: Case study of Republic of Kenya**
	Hellen Nafuna Ngema, Kenya
Speaker	**Title:Evaluating the perception of European tourists and perceptions in Iranian-historical architecture**
	Hooshyar Soltanpanah,Islamic Azad University ,Iran
Speaker	**Title:Comparative study of adsorbents in order to get Anhydrous Ethanol using physicochemical method**
	Efa RAVELONANTOANDRO,University of Antananarivo, Madagascar
	Speaker slot available
	Speaker slot available
	Speaker slot available
	Speaker slot available
	Network and Refreshment Break
	Poster Presentations
Poster 1	**Title: Evaluation of change in ecosystem of Ib Coalfield of M/s Mahanadi Coalfields Limited and its impacts on climate change due to coal mining.**
	S.Roy Choudhury, Sambalpur University, India
Poster 2	**Title: An Assessment of Drought in Kolar District in Karnataka State**
	Nagendra Muniyappa, Sambalpur University, India
Poster 3	**Title: Regional disparities of ground water irrigation in Mandya district of Karnataka, India: A Geographical analysis**
	Surendra,Bangalore University, India

About Toronto

Toronto, the capital of the province of Ontario, is a major Canadian city along Lake Ontario's northwestern shore. It's a dynamic metropolis with a core of soaring skyscrapers, all dwarfed by the iconic, free-standing CN Tower. Toronto also has many green spaces, from the orderly oval of Queen's Park to 400-acre High Park and its trails, sports facilities and zoo. Toronto is located on the shore plain beside its harbour. There is a fairly abrupt rise 4 km inland which marks the shoreline of Lake Iroquois, a lake formed by glaciers 12,500 years ago that had a much higher water level than Lake Ontario.

French fur traders had known about the Toronto Passage since the early 1600s, and in 1720 they built a small store on the Humber River. This post failed financially and was abandoned in 1730. In 1750 the French built another small trading post. Fort Rouillé (or Fort Toronto), located in Toronto's present-day Exhibition Grounds, was burned in 1759 by its French garrison during a retreat from British forces.
