

EuroSciCon

15th Edition of International Conference on

Infectious Diseases

September 22-23, 2020
London, UK

Theme:

Innovative approaches for Infectious Diseases, Prevention and Control

Invitation

EuroSciCon is glad to invite all the professionals from the Field of Diseases & Infections to attend the 15th Edition of International Conference on Infectious Diseases which is going to be held in the month of September 22-23, 2020 London, UK with theme “Innovative approaches for Infectious Diseases, Prevention and Control”

EuroSciCon

A Transformational Learning Experience

- Curated to address the concerns of today's scientific world
- Be inspired by some of the world's most renowned figures
- Stimulate new ways of thinking and provoke action.
- Relish inspiring interaction between peers, leaving you better prepared to face technical and research oriented challenges.

EuroSciCon

Why with us?

We at EuroSciCon strive to create transforming experiences, propelling researchers and organizations to interact and come up with actionable ideas thus enhancing the quality of research and development.

And here's why you associate with us

Our International Open Access Journals:

We embrace around 700+ Leading-edge Peer Reviewed Open Access Journals and a 21 Day Rapid Review Process with a whopping 50000+ Editorial Board Team, 35000+ Reviewers team and 1000+ Scientific Associations Collaborations.

Read by over 30 Million Patrons and 100000+ Facebook Likes comprehending the High online presence, our Open Access Journals serve the best blend of content and global exposure.

Our International Scientific Conferences:

Moreover you get to meet the industry's high priests who come from all over the Globe. You learn from the companies defined by their progressive ethos and dynamic strategies and also through the highly interactive sessions and panel discussions.

B2B Meetings with enriching interaction help building better businesses.

Other salient features comprehend:

Publishing of the accepted abstracts in our inordinately indexed journals

Each of which will be labelled with a Digital Object Identification Number (DOI) provided by Cross Ref

Distinct abstract and Speaker page creation, which profusely aid in citing the research and researcher in the top search engines.

Career Guidance Workshops for students and early career researchers

Opportunity to publish full Manu Scripts in our Open Access Journals

EuroSciCon

With over 25000+ Researchers and Educators accessing the website. Infectious Diseases conferences are the most lucrative platform for Infectious Diseases and Microbiological Field professionals, Professors, Researchers, Academicians and Industry professionals pursuing their work in the field. In addition to immense networking opportunities, global prominence of the research and the researcher is what we bestow our Speakers and Committee Members fuelling better outreach of the work and profile.

Infectious Diseases 2020 Salient Features:

In a world of information overload, we focus on the issues most relevant to today's technical trends enabling our patrons to

Congregate with most senior executives
Nurture connexions
Agenda format which incorporates ample Q&A time
Partake in our revamped exhibitor expo sessions
Meet and listen to the relevant clients
Unprecedented growth creating an unparalleled market place

September 22-23, 2020
London, UK

How's EuroSciCon different?

Exercises your creative instincts with the live knowledge experience
It organizes 3000+ Conferences across the globe connecting different sciences in 30+ countries
Over 25 Million+ Visitors and 20000+ Unique Visitors per conference
World's leading industries and companies attend
Career guidance for early career researchers and students
Provides insights you need to take your research to the next level
A huge conclave of high tech and science priests

EuroSciCon

2020

Who'd be attending?

Infectious Diseases Professors, Health care Societies, Infectious Diseases Faculty, Microbiological Graduates, Diseases researchers and Students, Infectious Diseases Scholars, Infectious Disease Scientists, Analysts, Professors, Public Health Marketers. It is a forum to explore issues of mutual concern as well as exchange knowledge, share evidence, ideas, and generate solutions.

About hosting organization

EuroSciCon is one among Europe's largest and most significant scientific place which serves as a crossroad for the academicians and industry experts to build networks. With over 16 years of Life Science Communication it focuses on to Spearheading the Transformation of Medical Research into Knowledge through Scientific Gatherings and Networking. Supporting the Rare Care UK organization, EuroSciCon is a corporate member of Royal Society of Biology, Institute of Biomedical Science (IBMS) and British Society for Immunology. Our approach has always been unique, and that difference has propelled our growth towards Scientific Serendipity.

Scienti ic Sessions: Clinical Immunology And Allergy
Pediatric Infectious Diseases
Infectious Diseases And Cancer
HIV/AIDS And Sexually Transmitted Infections
Gastro Intestinal Infections
Respiratory And Pulmonary Infectious Diseases
Dental And Oral Infectious Disease
Veterinary Infectious Diseases
Tropical Medicine And Health
Antimicrobials/ Antibiotics/ Antibacterials
Advancements in Vaccines and Therapeutics

About Destination London

London, the capital of England and the United Kingdom, is a 21st-century city with history stretching back to Roman times. At its center stand the imposing Houses of Parliament, the iconic 'Big Ben' clock tower and Westminster Abbey, site of British monarch coronations. Across the Thames River, the London Eye observation wheel provides panoramic views of the South Bank cultural complex, and the entire city. London has a diverse range of people and cultures, and more than 300 languages are spoken in the region. It's estimated mid-2016 municipal population (corresponding to Greater London) was 8,787,892, the largest of any city in the European Union and accounting for 13.4% of the UK population. London's urban area is the second most populous in the EU, after Paris, with 9,787,426 inhabitants at the 2011 census. The city's metropolitan area is the most populous in the EU with 14,040,163 inhabitants in 2016, while the Greater London Authority states the population of the city-region as 22.7 million. London was the world's most populous city from c.1831 to 1925.
