

EuroSciCon

22nd International Conference on

Advanced & Energy Materials

December 18-19, 2023
Online Event

Theme: Insight into the most recent energy materials developments

EuroSciCon

ENERGY MATERIALS

2023

Invitation

22nd International Conference on Advanced & Energy Materials brings together the specialists from all the aspects to meet and discuss the future of Advanced Materials in today's world. The conference will bring together Directors, Energy scientists, Director of Laboratories, Universities, Industries, Professors, Delegates, Research specialists, Post-Doctoral Fellows, Researchers and Students, Research companies and Consulting Firms and all the interested participants willing to enhance and update the knowledge on Advanced & Energy Materials.

EuroSciCon

A Transformational Learning Experience

- Curated to address the concerns of today's scientific world
- Be inspired by some of the world's most renowned figures
- Stimulate new ways of thinking and provoke action.
- Relish inspiring interaction between peers, leaving you better prepared to face technical and research oriented challenges.

Online Event

EuroSciCon

Why with us?

We at EuroSciCon strive to create transforming experiences, propelling researchers and organizations to interact and come up with actionable ideas thus enhancing the quality of research and development.

And here's why you associate with us

Our International Open Access Journals:

We embrace around 700+ Leading-edge Peer Reviewed Open Access Journals and a 21 Day Rapid Review Process with a whopping 50000+ Editorial Board Team, 35000+ Reviewers team and 1000+ Scientific Associations Collaborations.

Read by over 30 Million Patrons and 100000+ Facebook Likes comprehending the High online presence, our Open Access Journals serve the best blend of content and global exposure.

Our International Scientific Conferences:

Moreover you get to meet the industry's high priests who come from all over the orb. You learn from the companies defined by their progressive ethos and dynamic strategies and also through the highly interactive sessions and panel discussions.

B2B Meetings with enriching interaction help building better businesses, people and world.

Other salient features comprehend:

Publishing of the accepted abstracts in our inordinately indexed journals

Each of which will be labelled with a Digital Object Identification Number (DOI) provided by Cross Ref

Distinct abstract and Speaker page creation, which profusely aid in citing the research and researcher in the top search engines.

Career Guidance Workshops for students and early career researchers

Opportunity to publish full Manu Scripts in our Open Access Journals

EuroSciCon

With over 25000+ professionals and Educators accessing the website, Energy Materials 2023 is the most lucrative platform for Material Science Engineers, Professors, Researchers, Academicians and Industry professionals pursuing their work in the field. In addition to immense networking opportunities, global prominence of the research and the researcher is what we bestow our Speakers and Committee Members fuelling better outreach of the work and profile.

Energy Materials 2023 Sailent Features:

In a world of information overload, we focus on the issues most relevant to today's technical trends enabling our patrons to

Congregate with most senior executives
Nurture connexions
Agenda format which incorporates ample Q&A time
Partake in our revamped exhibitor expo sessions
Meet and listen to the relevant clients
Unprecedented growth creating an unparalleled market place

December 18-19, 2023
Online Event

How's EuroSciCon different?

Exercises your creative instincts with the live knowledge experience
It organizes 300+ Conferences across the globe connecting different sciences in 30+ countries
Over 25 Million+ Visitors and 20000+ Unique Visitors per conference
World's leading industries and companies attend
Career guidance for early career researchers and students
Provides insights you need to take your research to the next level
A huge conclave of high tech and science priests

EuroSciCon

Who'd be attending?

The conference will bring together Directors, Aerospace scientists, Director of Laboratories, Universities, Industries, Professors, Delegates, Research specialists, Post-Doctoral Fellows, Researchers and Students, Research companies, and Consulting Firms and all the interested participants willing to enhance and update the knowledge on Material Science and Technology.

About hosting organization

EuroSciCon is one among Europe's largest and most significant scientific place which serves as a crossroad for the academicians and industry experts to build networks. With over 18 years of Engineering Communication it focuses on to Spearheading the Transformation of Research into Knowledge through Scientific Gatherings and Networking. Our approach has always been unique, and that difference has propelled our growth towards Scientific Serendipity.

Scientific Sessions:

- Energy Materials
- Fuel Cells
- Modelling And Simulation In Energy Materials
- Thin Films And Surface Science
- Batteries And Energy Storage
- Nuclear Materials And Energy
- Geothermal Energy
- Electrochemical Energy Conversion
- Automotive Technologies And Fuel Economy
- Systems Dynamics And Sustainable Energy
- Smart Power Grids
- Fossil Energy
- Solidification Of Energy Materials
- Solar Energy Materials
- Concentrating Solar Power Materials And Systems
- Sustainable Energy Materials Conversion
- 3D Microstructural Characterization Of Materials
- Advanced Graphene Materials
- Hydrogen Energy
- Crystalline Porous Materials
- Emerging Technologies For Energy Applications
- BioMaterials For Energy Production
- Advanced Nanomaterials
- Polymer Energy Materials
- Catalysis And Energy Materials
- Energy Harvesting Materials
- Carbon Nanostructure And Grapheme
- Electronics And Magnet Materials
- Advanced Rubber Materials

Register Now!

Want to be a Part of Energy Materials 2023?

Choose your Category:

Academic $299

Business $399

Delegate $279

Student $250
