Invitation

Meetings International is proud to host upcoming "2nd International Conference on Enzymology & Molecular Biology" throughout November 23-24, 2020 in Singapore City, Singapore. This is an exceptional opportunity for the delegates from Universities and Institutes to engage with the world magnificence Scientists. The conference revolves across the subject "Novel Advancements in Enzymology and Molecular Biology".

Scientific Sessions of Enzymology 2020 includes Enzyme discovery & Biochemistry, Molecular Enzymology & Enzyme mechanisms, Clinical Enzymology & Enzyme engineering, CRIPR/ Cas9 System and Genome Editing, Macromolecular Biochemistry & Tissue Engineerin, Biological Imaging, Biomechanics & Biomolecular Engineering, Nuclease Mechanism..

Singapore has diversified tourist attraction places ranging from ancient to modern times which can also be a great experience for the participants. Multicultural festivals attained here make this an obvious place for tourists from all around.

Sincerely,
Operating Committee
Enzyme 2020

Conference Highlights:

Enzyme discovery & Biochemistry
Molecular Enzymology & Enzyme Mechanisms
Clinical Enzymology & Enzyme Engineering
CRIPR/ Cas9 System and Genome Editing
Macromolecular Biochemistry & Tissue Engineering
Biological Imaging, Biomechanics & Biomolecular Engineering , Nuclease Mechanism
Structural Biochemistry, Synthetic Biology & Tissue Engineering
Advances in Cellular and Molecular Biology
Enzyme Engineering and Recombinant Enzyme Technology
Current Approach in Biochemical Techniques & Regenerative Drug

About Singapore

Singapore has diversified tourist attraction places ranging from ancient to modern times which can also be a great experience for the participants. Multicultural festivals attained here make this an obvious place for tourists from all around.

Important Dates:

Early Bird: March 31, 2020
Registration Open: January 10, 2020
Abstract Submission Open: January 10, 2020
On Spot Registration: November 25, 2020
