Epigenetics 2018

ANNUAL EPIGENETIC CONFERENCE

November 28-29, 2018, Tokyo, Japan

https://www.meetingsint.com/conferences/epigenetics

Invitation

Meetings International proudly announces the ***Annual Epigenetic Conference*** scheduled during ***November 28-29, 2018, Tokyo, Japan***. The conference emphasizes the theme "***Epigenetics and its innovations***".

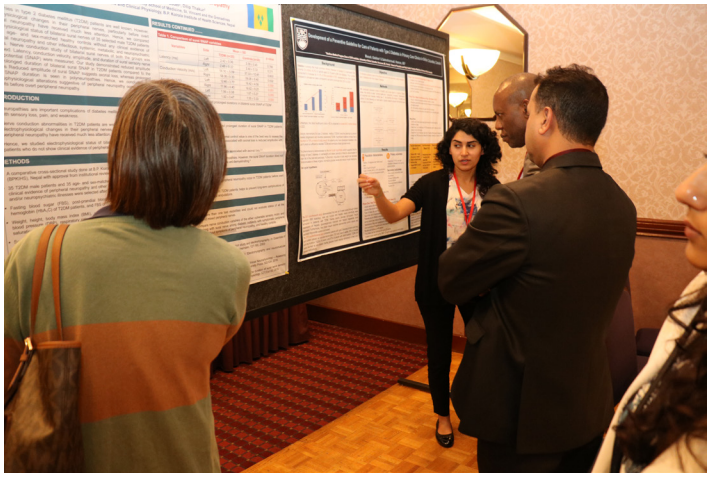

Meetings International provides an international dais for scientists and genetic science professionals to Exchange Ideas, Knowledge and Networking at its **100+ International Conferences**. The importance of epigenetics has come into spotlight in the recent years. Priorities are given for the epigenetic research to produce more treatment methods to support the ever-growing population of the world.

Sincerely,
Operating Committee
CEO and Founder
Meetings International PTE LTD.

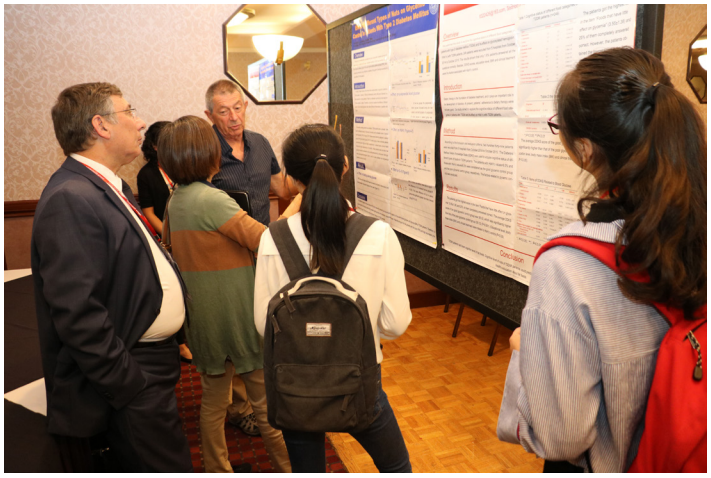

EPIGENETICS 2018

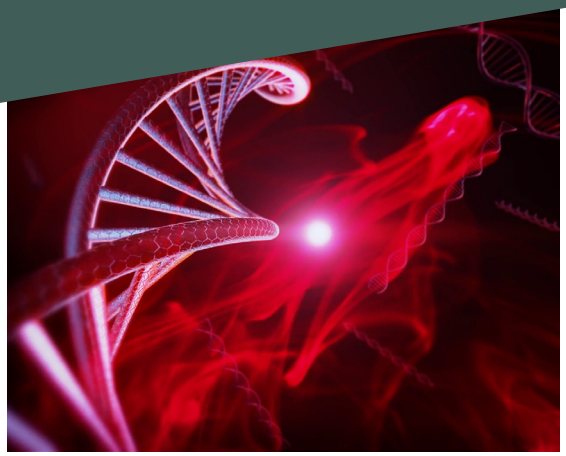

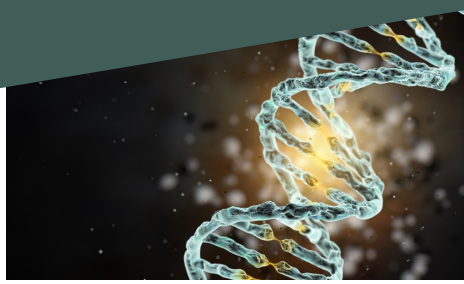

Conference Highlights

- Animal Epigenetics
- Epigentic modifications and Viral Infections
- Epigenetics in Neurological Disease
- Cancer Epigenetics
- Clinical Epigenetics
- Epigenetic Diseases
- Epigenetic Gene Silencing
- Epigenetic Therapy
- Epigenomics
- Epigenetic Mechanism
- Epigenetic Inheritance
- Factors Affecting Epigenetics

Meetings Int. offers

An unique platform for top level research and innovation

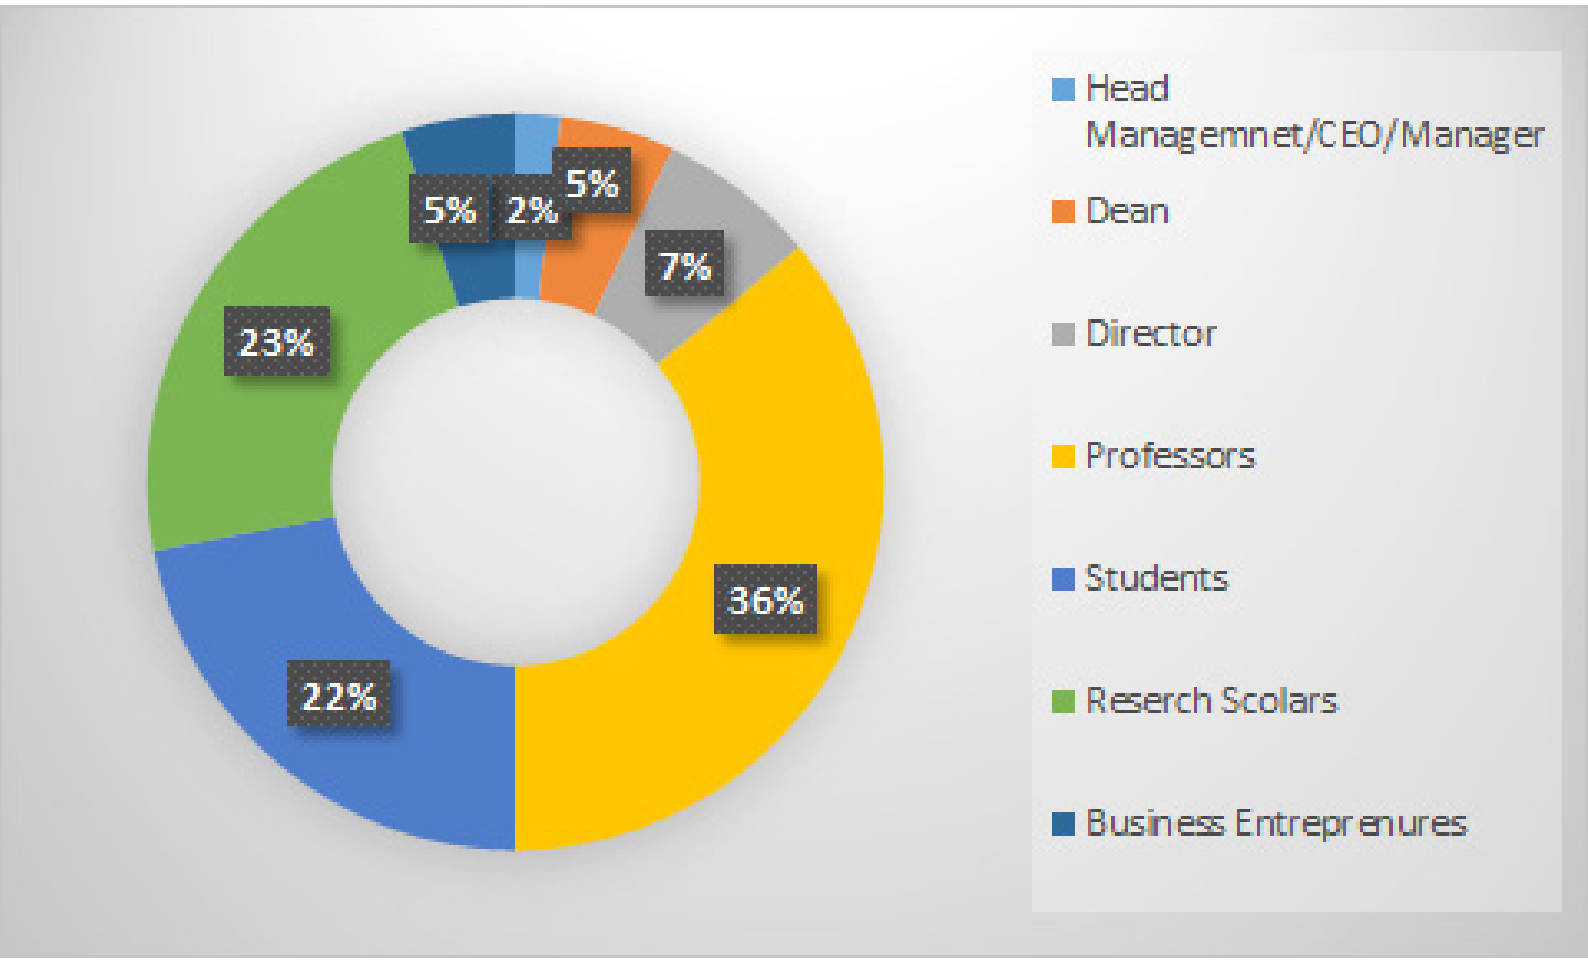

WE VALUE

To identify the future directions of research

Peer review and high quality publication

Quality research

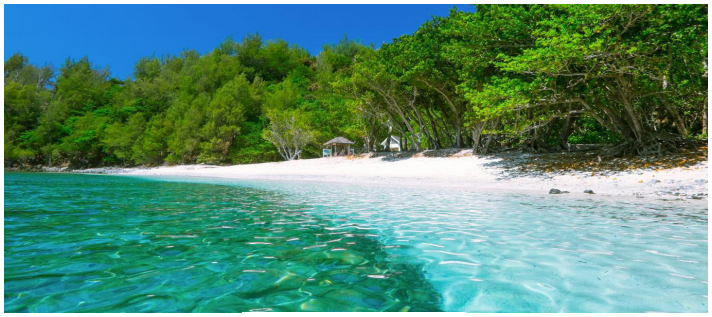

Explore Tokyo

Tokyo has 39 million residence, 50% more people than any other urban area, with a $2.5 trillion economy larger than that of any other city; if it were a country, Tokyo would be the 8th largest economy in the world. Tokyo is often referred to as a city, but is officially known and governed as a “metropolitan prefecture”, which differs from and combines elements of a city and a prefecture, a characteristic unique to Tokyo.
