INVITATION

ABOUT CONFERENCE

The **Global Summit on Euro Dentistry and Oral Hygiene** will take place on **November 11–12, 2026**, in **Dubai, UAE**, embracing the theme ***"Redefining the Future of Dentistry"***.

This high-level international conference serves as a global meeting point for dentists, oral healthcare professionals, researchers, academicians, and industry representatives. Euro Dentistry 2026 is designed to spotlight breakthrough research, advanced clinical practices, and next-generation dental technologies.

YOUNG RESEARCH FORUM:

Euro Dentistry 2026 and its upcoming online conferences are committed to encouraging and recognizing young researchers who make meaningful contributions to the scientific community of dentistry and oral health. To honor their dedication and innovation, the conference will present Outstanding Young Scientist Awards to deserving participants. This prestigious recognition is designed to support the professional growth of early-career researchers by providing them with a valuable platform to present their work, engage with leading experts, and exchange ideas at our international conferences. Through this initiative, Euro Dentistry aims to inspire the next generation of researchers and foster excellence, collaboration, and innovation among emerging leaders in the dental science community.

- Molecular & Cell Biology: Oral Health Disorders
- Dentistry in Stem Cell Regeneration and Repair
- Dentistry in Stem Cell Regeneration
- Preventive, Community Dentistry & Oral Epidemiology
- Preventive Dentistry

Past Event Report

Meetings International Conference successfully hosted **"Global Summit on Euro Dentistry and Oral Hygiene** hosted on **November 17-18, 2025** in **Paris, France**. The conference was organised with a theme focused on "Exploring the New trends and Horizons of Stem Cell Research," and it was a great success. Eminent keynote speakers from various universities addressed the gathering. The generous response and active participation of the organising committee members played a major role in the success of the conference. On the other hand, we take the opportunity to thank all the speakers, delegates, and participants for providing their valuable support and time for the conference.

About Venue:

Dubai Gulf Arabic pronunciation: is the most populated city in the United Arab Emirates (UAE) and the capital of the Emirate of Dubai, the most populated of the 7 monarchies which together form the United Arab Emirates. Established in the 18th century as a small fishing village, the city grew rapidly in the early 21st century with a focus on tourism and luxury, having the second most five-star hotels in the world, and the tallest building in the world, the Burj Khalifa, which is over a half a mile tall. In the eastern Arabian Peninsula on the coast of the Persian Gulf, it is also a major global transport hub for passengers and cargo. Oil revenue helped accelerate the development of the city, which was already a major mercantile hub. A centre for regional and international trade since the early 20th century, Dubai's economy relies on revenues from trade, tourism, aviation, real estate, and financial services. Oil production contributed less than 1 per cent of the emirate's GDP in 2018. The city has a population of around 3.4 million (as of 2025).
