

EuroSciCon

European Conference on

Lasers, Optics and Photonics

February 21-22, 2020
Amsterdam, Netherlands

Theme:

An insight into the progressive lookup in optics, photonics and lasers

EuroSciCon

Euro Optics

2020

Invitation

Euro Optics 2020 is glad and proud to welcome to attend the European Conference on Lasers, Optics and Photonics Plans during February 21-22, 2020 Amsterdam, Netherlands with a theme “An insight into the progressive lookup in optics, photonics and lasers“. Amsterdam, the capital of Netherlands and is the most populous municipality of the country and currently one of the best European cities in which to locate an international business. EuroSciCon through its Open Access Initiative is committed to make genuine and reliable contributions to the scientific community. Euro Optics 2020 aims with total 28 tracks to discover advances in applied physics, management and education in relation to the field as well as a breadth of other topics.

Euro Optics 2020 conference brings together individuals who have an interest in different fields like applied physics, cancer, laser dynamics, critical care, legal, healthcare and medicine from practice, research, administration, policy and education. It also gives opportunities to the investor societies to showcase their knowledge and have face to face meetings with scientists increasing their business opportunities and also gives opportunity to know about their market competitors. The Organizing Committee has done its best to set up a framework that we think will allow for a creative interplay of ideas. We assure our attendees will return with a confidence in lsharing and gaining knowledge from the experts to improve their scientific practice and equipped with certified procedures to work with.

EuroSciCon

A Transformational Learning Experience

- Curated to address the concerns of today's scientific world
- Be inspired by some of the world's most renowned figures
- Stimulate new ways of thinking and provoke action.
- Relish inspiring interaction between peers, leaving you better prepared to face technical and research oriented challenges.

February 21-22, 2020
Amsterdam, Netherlands

EuroSciCon

Euro Optics

2020

Why with us?

We at EuroSciCon strive to create transforming experiences, propelling researchers and organizations to interact and come up with actionable ideas thus enhancing the quality of research and development.

And here's why you associate with us

Our International Open Access Journals:

We embrace around 700+ Leading-edge Peer Reviewed Open Access Journals and a 21 Day Rapid Review Process with a whopping 50000+ Editorial Board Team, 35000+ Reviewers team and 1000+ Scientific Associations Collaborations.

Read by over 30 Million Patrons and 100000+ Facebook Likes comprehending the High online presence, our Open Access Journals serve the best blend of content and global exposure.

Our International Scientific Conferences:

Moreover you get to meet the industry's high priests who come from all over the orb. You learn from the companies defined by their progressive ethos and dynamic strategies and also through the highly interactive sessions and panel discussions.

B2B Meetings with enriching interaction help building better businesses, people and world.

Other salient features comprehend:

Publishing of the accepted abstracts in our inordinately indexed journals

Each of which will be labelled with a Digital Object Identification Number (DOI) provided by Cross Ref

Distinct abstract and Speaker page creation, which profusely aid in citing the research and researcher in the top search engines.

Career Guidance Workshops for students and early career researchers

Opportunity to publish full Manu Scripts in our Open Access Journals

EuroSciCon

With over 25000+ Nurse professionals and Educators accessing the website, Euro Optics 2020 is the most lucrative platform for Photonic Engineers, Professors, Researchers, Academicians and Industry professionals pursuing their work in the field. In addition to immense networking opportunities, global prominence of the research and the researcher is what we bestow our Speakers and Committee Members fuelling better outreach of the work and profile.

Euro Optics 2020 Salient Features:

In a world of information overload, we focus on the issues most relevant to today's technical trends enabling our patrons to

Congregate with most senior executives
Nurture connexions
Agenda format which incorporates ample Q&A time
Partake in our revamped exhibitor expo sessions
Meet and listen to the relevant clients
Unprecedented growth creating an unparalleled market place

February 21-22, 2020
Amsterdam, Netherlands

How's EuroSciCon different?

Exercises your creative instincts with the live knowledge experience
It organizes 3000+ Conferences across the globe connecting different sciences in 30+ countries
Over 25 Million+ Visitors and 20000+ Unique Visitors per conference
World's leading industries and companies attend
Career guidance for early career researchers and students
Provides insights you need to take your research to the next level
A huge conclave of high tech and science priests

EuroSciCon

Euro Optics

2020

Who'd be attending?

Leading world Photonic Engineers, Professionals, Professors, Research fellows, Leading Universities, Students, Directors of association and societies. Euro Optics 2020 conference brings together individuals who have an interest in different fields like Applied Physics, cancer, Laser Dynamics, critical care, legal, research, administration, policy and education. It is a forum to explore issues of mutual concern as well as exchange knowledge, share evidence, ideas, and generate solutions.

About hosting organization

EuroSciCon is one among Europe's largest and most significant scientific place which serves as a crossroad for the academicians and industry experts to build networks. With over 16 years of Life Science Communication it focuses on to Spearheading the Transformation of Medical Research into Knowledge through Scientific Gatherings and Networking. Supporting the Rare Care UK organization, EuroSciCon is a corporate member of Royal Society of Biology, Institute of Biomedical Science (IBMS) and British Society for Immunology. Our approach has always been unique, and that difference has propelled our growth towards Scientific Serendipity.

Scientific Sessions:

- Laser Technology
- Laser Safety
- Organic Lasers
- Laser Diode
- Fiber Laser Technology
- Optics & Lasers In Medicine
- Industrial Applications Of Laser
- Classical Optics
- Physical Optics
- Geometrical Optics
- Modern Optics
- Atmospheric Optics
- Optoelectronics
- Optical Imaging And Sensing
- Optical Physics
- Optical Communications & Networking
- Optical Interferometers
- Waveguide Optics
- Photonic Systems
- Organic Photonics
- Photonic Crystal Fiber
- Biophotonics
- Microwave Photonics
- Nano Photonics
- Photonic Integrated Circuits
- Surface Enhanced Spectroscopy (SES)
- Plasma Science
- Implementation Of Lasers, Optics And Photonics

EuroSciCon

About Destination Amsterdam

Amsterdam, the capital of Netherlands and is the most populous municipality of the country. it is one of the most vital ports of the world in the course of Dutch Golden Age. It is the commercial capital of the u . s . and also one of the pinnacle economic facilities of Europe. The essential attractions in Amsterdam are its historical canals, Van Gogh Museum, Stedelijk museum, Rijks museum, Hermitage Amsterdam, Anne Frank House. The Amsterdam Museum and its many cannabis coffee retail outlets draw greater than five million traffic yearly from all over the world. Amsterdam Stock Exchange is the oldest stock trade in the world and it is positioned in the core of the city.
