Explore Venice

A city built on 118 islands off the coast of northeastern Italy, Venice is unlike any other city in Europe or, for that matter, the world. Virtually unchanged in appearance for more than 600 years, the City of Canals looks more like something out of a picture book than a modern metropolis. It's a place where the entire city is viewed as an attraction in itself. A city packed with great art and architecture, millions of visitors come each year to enjoy the experience that is Venice. Even at the height of tourist season, however, Venice is a travel destination that manages to exceed all expectations. Here are the top tourist attractions in Venice that make a visit to this Italian city so special.
