INVITATION

ABOUT CONFERENCE

Welcome to the 13th International Conference on Eye and Ophthalmology, scheduled for February 09–10, 2026, in Singapore. Guided by the theme “Vision for the Future: Integrating Technology with Compassionate Care,” this prestigious gathering brings together leading ophthalmologists, optometrists, vision researchers, surgeons, industry innovators, and healthcare professionals from around the globe.

The conference serves as a premier platform to exchange cutting-edge research, discuss groundbreaking innovations, and explore the intersection of technology and human-centered care in the field of ophthalmology. From artificial intelligence and teleophthalmology to precision surgery, ocular genetics, and global eye health initiatives, the program is designed to highlight both scientific advances and their real-world impact on patients’ lives.

- Glaucoma: Innovations in Diagnosis and Management
- Retina and Vitreous Disorders
- Cornea, External Diseases, and Ocular Surface Innovations
- Pediatric Ophthalmology & Myopia Control
- Neuro-Ophthalmology: Vision and the Brain
- Ocular Oncology and Pathology
- Genetics & Precision Ophthalmology
- Innovations in Surgical Ophthalmology
- Global Eye Health & Preventive Ophthalmology
- Sustainability in Ophthalmology

Past Event Report

Meetings International Conference successfully hosted its Twelth series on the “International Conference on Eye and Vision virtually. The conference was organised with a theme focused on “Visualizing the Global Advancements in Ophthalmology” and it was a great success.

Eminent keynote speakers from various universities addressed the gathering.

The generous response and active participation of the organising committee members played a major role in the success of the conference. On the other hand, we take the opportunity to thank all the speakers, delegates, and participants for providing their valuable support and time for the conference.

About Venue:

Singapore, the vibrant host city of the 13th International Conference on Eye and Ophthalmology (Eye and Vision 2026), is a world-class destination that seamlessly blends tradition with modernity. Renowned as a global hub for business, healthcare, and innovation, Singapore offers a safe, clean, and welcoming environment for international delegates.

The city is celebrated for its iconic landmarks such as Marina Bay Sands, Gardens by the Bay, Sentosa Island, and the Singapore Flyer, along with its rich multicultural heritage reflected in Chinatown, Little India, and Kampong Glam. Its reputation as one of the world's greenest and most sustainable cities adds to its charm, making it both inspiring and relaxing for visitors.

Singapore's efficient transport system, state-of-the-art conference facilities, and world-class hospitality ensure an exceptional experience for all participants. Beyond its professional offerings, the city is a culinary paradise, boasting Michelin-starred dining, vibrant hawker centers, and a unique blend of Asian and international cuisines.

As a gateway to Asia, Singapore provides an ideal setting for scientific exchange and networking, combining academic excellence with cultural exploration. Delegates attending Eye and Vision 2026 will not only engage in enriching professional discussions but also enjoy the diverse attractions and warm hospitality of this remarkable city.
