ABOUT TOKYO

Tokyo is often specify to as a city but is formally known and governed as a “metropolitan prefecture”, which modify from and associate elements of a city and a prefecture, a unique to Tokyo. There are over 6,000 distinctive parks and gardens covering more than 1,000 hectares (2,471 acres) in the city. Many parks are correlate with shrines and temples. The Meiji Shrine is placed in a deep wood with very large trees. The shrine also has a famous iris garden. Other gardens can be found at Nezu Shrine, Nishiarai Daishi Temple and Kameido Shrine During a trip to Tokyo, visitors should explore out both the bustle--like the pulsing nightlife in Shinjuku or the world-famous most fractional intersection in Shibuya Encompassed by these are the Tokyo National Museum the National Museum of Science, the National Museum of Western Art.
