Invitation

Dear Attendees,

Meetings International proudly announces the ***1st World Congress on Fetal and Maternal Medicine*** scheduled during ***April19-20, 2021, Tokyo,Japan***.

The conference emphasizes the theme "Advances and Innovations in Fetal and Maternal medicine".

The Fetal and Maternal Medicine 2021 gathering gives a mind-blowing opportunity to discuss the latest progressions inside the field. It will give an overall stage to look at about the present and future troubles in dental guidance, continuing with preparing, medicinal strategy, center around points. With huge delight, Dental science and Education alongside the Organizing Committee Members welcome every one of the members from all over the globe to attend the conference. It provides a great opportunity for establishing strong relations between the dental organizations, the general public, and government so that they can work together to achieve healthier mouths and happier lives. Fetalmedicine 2021 focuses mainly on Oral Medicine, Dental Surgery, Dental Hygiene and Oral health, Cosmetic Dentistry, CAD/CAM Dentistry and Future of AI in Dentistry. Dental Science conference operation committee is providing a platform for all the budding young researchers, young investigators, postgraduate/ Master students, PhD. students and trainees to showcase their research and innovation.

Sincerely,

Operating Committee

Tokyo Attractions

Explore Tokyo

Originally a fishing village named Edo, the city became a prominent political centre in 1603, when it became the seat of the Tokugawa shogunate. By the mid-18th century, Edo was one of the most populous cities in the world, with a population numbering more than one million. Following the end of the shogunate in 1868, the imperial capital in Kyoto was moved to the city, which was renamed Tokyo (literally "eastern capital"). Tokyo was devastated by the 1923 Great Kantō earthquake, and again by Allied bombing raids during World War II. Beginning in the 1950s, the city underwent rapid reconstruction and expansion, going on to lead Japan's post-war economic recovery. Since 1943, the Tokyo Metropolitan Government has administered the prefecture's 23 special wards (formerly Tokyo City), various bed towns in the western area, and two outlying island chains.

Tokyo is the largest urban economy in the world by gross domestic product, and is categorized as an Alpha+ city by the Globalization and World Cities Research Network. Part of an industrial region that includes the cities of Yokohama, Kawasaki, and Chiba, Tokyo is Japan's leading center of business and finance. In 2019, it hosted 36 of the Fortune Global 500 companies. In 2020, it ranked fourth on the Global Financial Centres Index, behind New York City, London, and Shanghai.

Venue
Tokyo, Japan

Important Dates

Early Bird: January 30, 2021

Abstract Submission Deadline: January20, 2021
