

EuroSciCon

October 17-18, 2022
Philadelphia , USA

7th Edition of International Conference on

Food Chemistry and Toxicology

October 17-18, 2022 | Philadelphia , USA

Theme: Advancing the Biotechniques and Scientific Research into Food Chemistry

Invitation

We are glad to announce the 7th Edition of International Conference on Food Chemistry and Toxicology to be held in Philadelphia , USA from October 17-18, 2022 organized by EuroSciCon ltd, UK in collaboration with generous support and cooperation from enthusiastic academicians and editorial Board Members.

Agriculture Engineering, Plant & Agricultural Biotechnology, Agricultural Chemistry, Agriculture, Forestry & Landscaping, Agronomy & Horticulture, Crop Science, Soil Science & Research, Fertilizers & Pesticides, Livestock & Animal Farming, Agriculture Economics, Food & Food Chemistry, Food Bio-Actives, Food Additives, Food Nutrition & Health, Food Engineering, Science & Technology, Food Microbiology & Its Toxicology, Food Nutraceuticals, Food Processing & Preservation, Food Packaging, Aquaculture, Food Laws & Safety, Agriculture And Food: Analysis & Quality Control

We have not only increased the number of opportunities for you to network with colleagues from across the world but also introduced more focused sessions that will feature cutting edge presentations, special panel discussions, and live interaction with industry leaders and experts.

Life is about learning every day. Make it count in your professional life. Attend Food Chemistry-2022 Conference to network with your expertise and experiences thier arm yourself with the latest information this will help your departments to reach next level of research.

We look forward to personally welcoming you to at Philadelphia , USA

EuroSciCon

A Transformational Learning Experience

1. Curated to address the concerns of today's scientific world
2. Be inspired by some of the world's most renowned figures
3. Stimulate new ways of thinking and provoke action.
4. Relish inspiring interaction between peers, leaving you better prepared to face technical and research oriented challenges.

Why with us?

We at EuroSciCon strive to create transforming experiences, propelling researchers and organizations to interact and come up with actionable ideas thus enhancing the quality of research and development.

And here's why you associate with us

Our International Open Access Journals:

We embrace around 700+ Leading-edge Peer Reviewed Open Access Journals and a 21 Day Rapid Review Process with a whopping 50000+ Editorial Board Team, 35000+ Reviewers team and 1000+ Scientific Associations Collaborations.

Read by over 30 Million Patrons and 100000+ Facebook Likes comprehending the High online presence, our Open Access Journals serve the best blend of content and global exposure.

Our International Scientific Conferences:

With over 3000 Conferences happening across the globe in the streams of Medical, Pharma, Engineering, Science, Technology and Business our events are accredited with CME/CPD.

Moreover you get to meet the industry's high priests who come from all over the orb. You learn from the companies defined by their progressive ethos and dynamic strategies and also through the highly interactive sessions and panel discussions.

B2B Meetings with enriching interaction help building better businesses, people and world.

Other salient features comprehend:

Publishing of the accepted abstracts in our inordinately indexed journals

Each of which will be labelled with a Digital Object Identification Number (DOI) provided by Cross Ref Distinct abstract and Speaker page creation, which profusely aid in citing the research and researcher in the top search engines.

Career Guidance Workshops for students and early career researchers

Opportunity to publish full Manu Scripts in our Open Access Journals

EuroSciCon

With over 25000+ Practitioners and Educators accessing the website, Food Chemistry– 2022 is the most lucrative platform for Multinational organizations, entrepreneurs across the globe, Professors, Researchers, Academicians and Industry professionals pursuing their work in the field. In addition to immense networking opportunities, global prominence of the research and the researcher is what we bestow our Speakers and Committee Members fuelling better outreach of the work and profile.

Food Chemistry– 2022 Salient Features:

In a world of information overload, we focus on the issues most relevant to today'stechnical trends enabling our patrons to Congregate with most senior executives Nurture connexions Agenda format which incorporates ample Q&A time Partake in our revamped exhibitor expo sessions Meet and listen to the relevant clients Unprecedented growth creating an unparalleled market place

How's EuroSciCon different?

Exercises your creative instincts with the live knowledge experience
It organizes 3000+ Conferences across the globe connecting different sciences in 30+ countries
Over 25 Million+ Visitors and 20000+ Unique Visitors per conference
World's leading industries and companies attend
Career guidance for early career researchers and students
Provides insights you need to take your research to the next level
A huge conclave of high tech and science priests

Who'd be attending?

7th Edition of International Conference on Food Chemistry and Toxicology Leading World Multinational organizations, entrepreneurs across the globe, Professors, Research fellows, Leading Universities, Students, Directors of association and societies. Food Chemistry– 2022 conference brings together individuals who have an interest in different fields of Food Chemistry-2022 plays host for the and related Programs or Associations, Heads, Deans, and Professors of vaccine and related departments, Scientists and Researchers, Doctors, Food Chemistry Associations and Organizations, Laboratory members and Students working in the field of Food Chemistry. It is a forum to explore issues of mutual concern as well as exchange knowledge, share evidence, ideas, and generate solutions.

About hosting organization

EuroSciCon is one among Europe's largest and most significant scientific place which serves as a crossroad for the academicians and industry experts to build networks. With over 16 years of Life Science Communication it focuses on to Spearheading the Transformation of Medical Research into Knowledge through Scientific Gatherings and Networking. Our approach has always been unique, and that difference has propelled our growth towards Scientific Serendipity.

Scientific Sessions:

- Agriculture Engineering
- Plant & Agricultural Biotechnology
- Agricultural Chemistry
- Agriculture, Forestry & Landscaping
- Agronomy & Horticulture
- Crop Science
- Soil Science & Research
- Fertilizers & Pesticides
- Livestock & Animal Farming
- Agriculture Economics
- Food & Food Chemistry
- Food Bio-Actives
- Food Additives
- Food Nutrition & Health
- Food Engineering, Science & Technology
- Food Microbiology & Its Toxicology
- Food Nutraceuticals
- Food Processing & Preservation
- Food Packaging
- Aquaculture
- Food Laws & Safety
- Agriculture And Food: Analysis & Quality Control

About Destination Philadelphia

Philadelphia is the largest city in the Commonwealth of Pennsylvania in the United States. With a population of 1,603,797 as of 2020, it is the sixth-most-populous city in the United States and the second-most populous city on the East Coast of the United States, behind New York City. Since 1854, the city has had the same geographic boundaries as Philadelphia County, the most-populous county in Pennsylvania and the urban core of the seventh largest metropolitan area in the nation, with more than 6 million residents as of 2017.

Philadelphia is most famous for the Liberty Bell, Rocky, cheesesteaks, and the Mummers. Additionally, it is known for its revolutionary history in general, the top-notch Philadelphia Orchestra, and being the “City of Brotherly Love”.
