28TH GLOBAL HEALTHCARE SUMMIT

November 20-21, 2023
Dubai, UAE

Silver Sponsors

On-chip Biotechnologies

KERN PHARMA

DAY-1

November 20, 2023

Meeting Hall

08:00-08:30 Registrations

Opening Ceremony • 08:30-09:00

Keynote Forum

09:00-09:30

Title: Diabetic foot ulcers: Dynamic wound care diagnoses, treatment, and its implications on morbidity and mortality

Hina Rizvi, Advanced Wound Care and Hyperbaric Specialists of Texas, USA

09:30-10:00

Title: Traditional date vinegar: Microbiota, chemical characterization, and an insight into starter culture production: Original Study

Zahra Al-Kharousi, Sultan Qaboos University, Oman

Group Photo

Networking & Refreshments Break: 10:00-10:20

Sessions: Diabetes | Endocrinology | Diabetic Nutrition and Diet | Hypertension | Cardiac Diseases | Clinical Trials | Food Microbiology | Food Nutrition | Food Safety | Food Science | Thyroid Disorders | Lipid Disorders Case Reports and Others | Wound Care Research | Stem cells and Tissue Regeneration | Skin & Skin Biology | Pharmaceutical Education and Research | Mental Health | Digital Health | Clinical Research | Drug Development | Patient Safety | Chemistry

Session Introduction

10:20-10:45

Title: Improving clinical research study design: An analysis of recent evidence for surgical site infection prevention

Levent Afsar, 3M, Turkey

10:45-11:10

Title: Role of ozone therapy in management of delayed wound healing, case series

Hanie Salah Eldin Ibrahim, Military Medical Hospitals, Egypt

11:10-11:35

Title: A case series study of patients requiring hospitalization secondary to severe hypertriglyceridemia and managed effectively with insulin infusion

Mahmoud Kiblawi, Mayo Clinic Abu Dhabi, UAE

11:35-12:00

Title: Moisture matters in wound bed preparation & healing

Anand S Rathore, Evonik India Pvt. Ltd, India

12:00-12:25

Title: Risk factors associated with suicidal thoughts among university students, Baghdad, Iraq 2020

Marha Liwaa Kamoona, Manager of Surveillance and Reporting Unit/IHR Department, Iraq

12:25-12:50 **Title: Design of highly selective and ultrasensitive Schiff base sensors for colorimetric and fluorimetric detection of metal ions**
Kalyan Sundar Ghosh, National Institute of Technology Hamirpur, India

Lunch Break: 12:50-13:40 @ Restaurant

13:40-14:05 **Title: International health regulations assessment at points of entries in Iraq, 2022**
Marha Liwaa Kamoona, Manager of Surveillance and Reporting Unit/IHR Department, Iraq

14:05-14:30 **Title: Role of dietitians in promoting sustainable diets for obesity and co-morbidities**
Nina Saund, Specialist Dietitian, UK

14:30-14:55 **Title: Etiologies Underlying subtypes of long-standing type 2 diabetes**
Fatima Sulaiman, Mohammed Bin Rashid University of Medicine and Health Sciences, UAE

14:55-15:20 **Title: Formation and correction of organoleptic indices of ready sparkling wine by adding expedition liqueur**
Taranenko Vlada, Kuban State Technological University, Russian Federation

15:20-15:45 **Title: Modulation of innate cells by exogenous calcium for wound healing activation *in vitro* effects of alginate dressings**
Michel Laurence, Hôpital Saint-Louis, Paris

15:45-16:10 **Title: Screening of phyto components with food borne pathogen inhibiting traits in supercritical carbon dioxide and soxhlet Prosopis juliflora leaves extract using GC MS**
Nagaraj M. Naik, University of Agricultural Sciences, India

Networking & Refreshments Break: 16:10-16:30

Poster Presentations: 16:30-18:00

Poster-01 **Title: Unusual presentation of diabetic ketoacidosis associated with ascariasis and fungal esophagitis: A case report**
Rabia Khalid Alduraibi, King Fahad Specialist Hospital, Saudi Arabia

Poster-02 **Title: Local aldosterone synthesis in mouse colon: Discovery of the components of aldosterone synthesis, enzyme activation and its stimulation**
Zan Pang, University of Helsinki, Finland

Poster-03 **Title: Unexpected cause of recurrent diabetic ketoacidosis in type 1 diabetes: A case report**
Rabia Khalid Alduraibi, King Fahad Specialist Hospital, Saudi Arabia

Poster-04 **Title: Potential of autochthon starter in fermented milk manufacturing isolated from Bouhezza traditional cheese**
Aissaoui Zitoun Ouarda, Food Engineering Laboratory (GENIAAL), Algeria

Poster-05 **Title: Calotropaïn as a coagulant enzyme in fresh cheese-making with dromedary, cow, goat, and ewe milk: Physicochemical, sensory properties and microstructure characterization**
Benyahia Ferial Aziza, Constantine 1 - Freres Mentouri University, Algeria

Panel Discussions

DAY-2

November 21, 2023

Meeting Hall

Sessions: Diabetes | Endocrinology | Diabetic Nutrition and Diet | Hypertension | Cardiac Diseases | Clinical Trials | Food Microbiology | Food Nutrition | Food Safety | Food Science | Thyroid Disorders | Lipid Disorders Case Reports and Others | Wound Care Research | Stem cells and Tissue Regeneration | Skin & Skin Biology | Pharmaceutical Education and Research

Session Introduction

09:00-09:30	**Title:** How retort packing can contribute to alleviate the threat of global food crisis and sustainability **Jun muramatsu,** Scientific and Medical Instruments Manufacturer, Japan
09:30-10:00	**Title:** How much blood pressure lowering does it take to reduce CV risk? **Rohit Mody,** Max Super Specialty Hospital, India
10:00-10:30	**Title:** Hispidulin is an insulin secretagogue targeting the AKAP9-mediated PKA signaling pathway **Abdul Hameed,** Ziauddin University, Pakistan
10:30-11:00	**Title:** Application of artificial intelligence algorithms for diabetes prediction in Libya: A comprehensive study **Esam Ali,** University of Benghazi, Libya
11:00-11:30	**Title:** Does use of statins aggravate glycemic control in patients with type 2 diabetes: A retrospective cohort study **Ephrem Tesfay,** Addis Ababa University, Ethiopia

Networking & Refreshments Break: 11:30-11:50

11:50-12:20	**Title:** Focus on sternal wound infection prevention and management in cardiac surgery **Olga Lender,** Cleveland Clinic Abu Dhabi, UAE
12:20-12:50	**Title:** Topical delivery of tofacitinib citrate loaded novel nanoemulgel for the management of 2,4-Dichlorodinitrobenzene induced atopic dermatitis in mice model **Ramesh Joga,** National Institute of Pharmaceutical Education and Research (NIPER), India
12:50-13:20	**Title:** A literature review on treatment adherence of diabetes mellitus patients and the impact of sociodemographic and patient-related factors **Paraskevi Theofilou,** General Hospital of Thoracic Diseases Sotiria, Greece
13:20-13:50	**Title:** Survey, Mastitis California test implementation and microbiological composition of raw camle milk assessment in Tamanrasset region (Southern Algeria) **Habiba Drici**, University of Tamanghasset, Algeria
13:50-14:20	**Title:** Alginate wound dressing versus negative pressure wound therapy in the preparation of surgical wounds for a split thickness skin graft: ATEC Trial **Marina SAMARDZIC**, Brothier Laboratory, France

Panel Discussions
