Gastroenterology 2018

INTERNATIONAL CONFERENCE ON

GASTROENTEROLOGY AND ENDOSCOPY

Tokyo, Japan June | 18-19, 2018

http://www.meetingsint.com/conferences/gastroenterology-endoscopy

Invitation

Meetings International proudly announces the International Conference On Gastroenterology and Endoscopy scheduled during June 18-19, 2018 in Tokyo, Japan. The conference emphasizes the theme “Accelerating advanced Research in Gastroenterology and Endoscopy”.

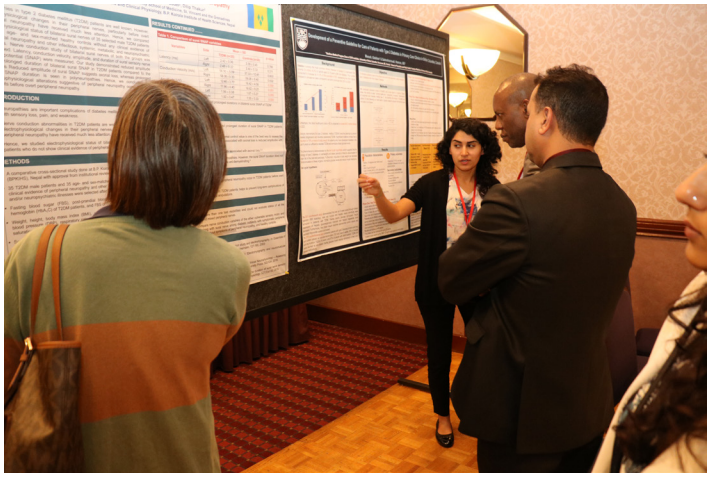

Meetings International provides an international dais for scientists and plant science professionals to Exchange Ideas, Knowledge and Networking at its 100+ International Conferences. The importance of Gastroenterology has come into spotlight in the recent years. Thus, priorities are given for the plant research to produce more production to support the ever-growing population of the world

Sincerely,
Operating Committee
Gastroenterology 2018

An unique platform for top level research and innovation

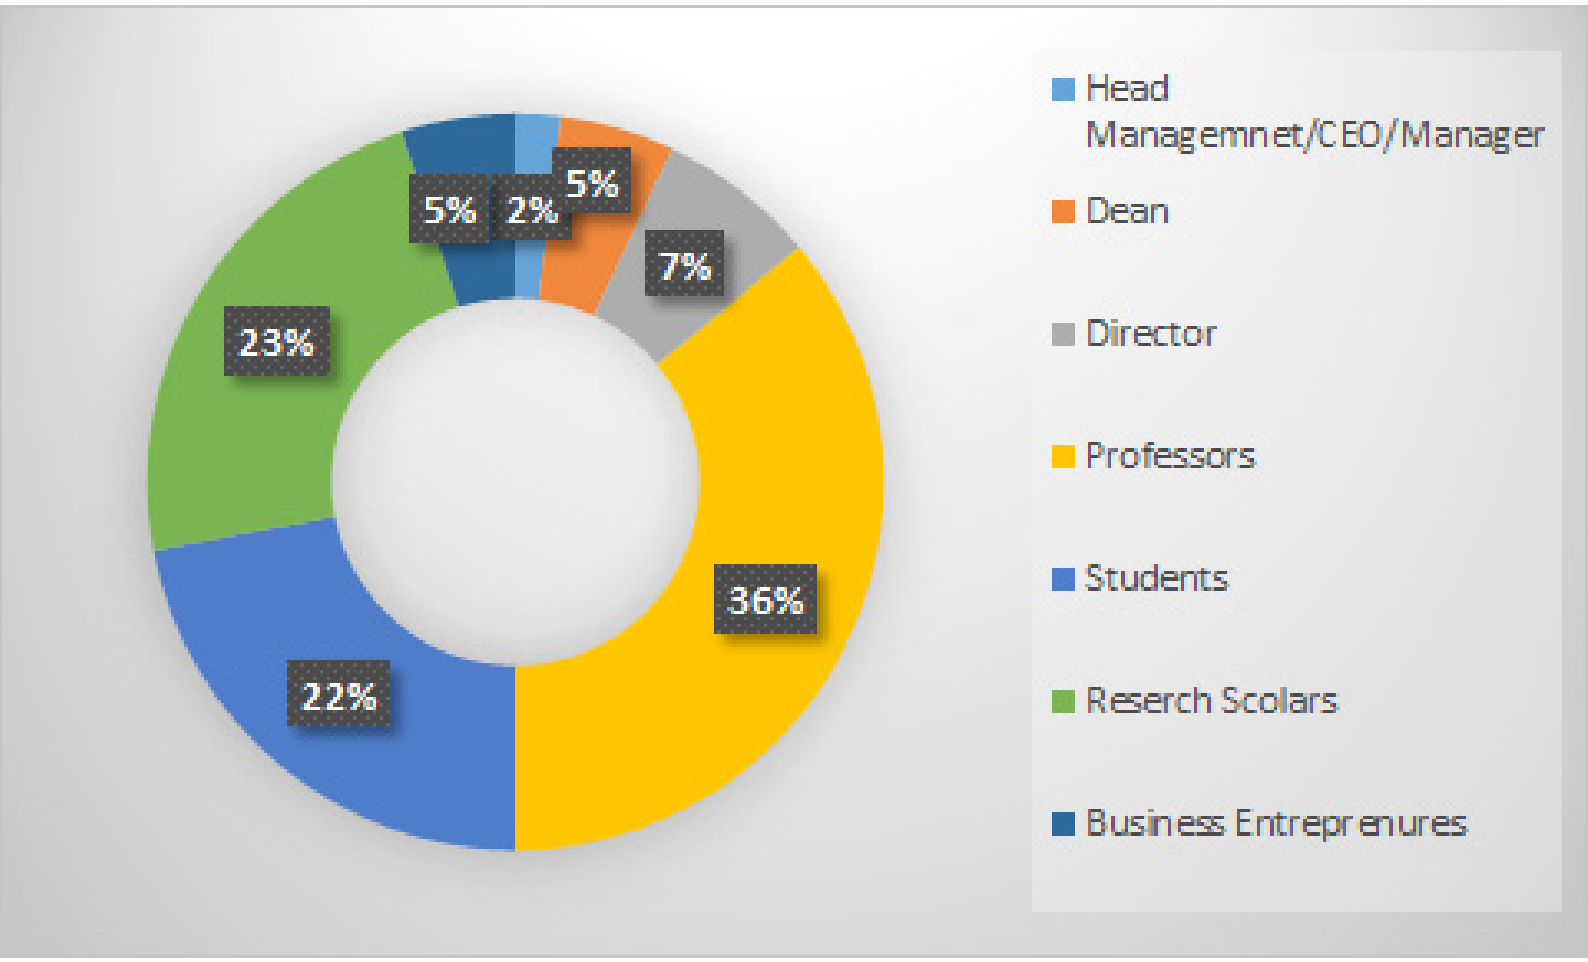

WE VALUE

To identify the future directions of research

Peer review and high quality publication

Quality research

Explore **Tokyo**

Tokyo is also a major transportation hub and a world economic and industrial centre. The city is having a large number of world- class institutions of higher education. Tokyo is also called as city of Skyscrapers. Tokyo is the world's most populous metropolitan area and is the center of Japanese culture, finance, and government. Tokyo is located on the Pacific on the eastern coast of Honshu, the largest of the four main islands comprising Japan. Further reformed after World War II, the system has produced one of the world's most literate and educated populations. While private elementary and secondary schools exist, virtually all Japanese are educated in public schools.
