Meetings International

ABOUT ROME

Rome is one of a kind in having two sovereign elements found altogether inside its city restricts, the Holy See, spoke to by the Vatican City State, and the regionally littler Sovereign Military Order of Malta. The Vatican is an enclave of the Italian capital city and a sovereign ownership of the Holy See which is the Diocese of Rome and the incomparable legislature of the Roman Catholic Church. Rome hence has outside consulates to the Italian government, to the Holy See, to the Order of Malta and to certain universal associations.
