

Genetic Engineering 2021

STARTS AT
10:00 AM
SGT time zone

REGISTRATION PRICE:
Speaker: $199
Viewer: $99

Meetings Int will be organizing webinars by offering virtual platform to all academicians, researchers and industry professionals. This International webinar on CRISPR Technology-2021 will focus on the latest trends of CRISPR-Cas 9, its application in today's world and also the future prospects . The Webinar offers an unique and exciting opportunity for investigators across the globe to meet, discuss, and identify novel scientific innovations.. This Webinar highlights the theme "CRISPR-Cas 9: The ongoing trend and what the future awaits" , which reflects the different aspects of CRISPR ,its mechanism and its innovative progress in research.

Sessions :

- Recombinant DNA Technology
- Genome editing
- Gene therapy
- Genotyping
- Application today
- Limitations

BENEFITS:

- Certificate
- Career Development
- Make Virtual Connections
- Cost Effective as Travel, Accommodation is Not Required
- Convenient to All
