Genome Editing 2018

INTERNATIONAL GENOME EDITING & ENGINEERING CONFERENCE

October 25-26, 2018 | Chicago, USA

https://www.meetingsint.com/conferences/genomeediting

Invitation

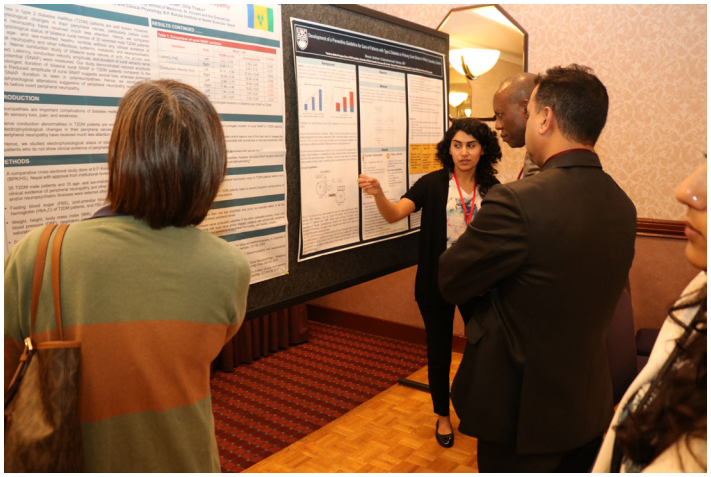

Meetings International welcome you to the "**International Genome Editing and Engineering Conference**'' in **Chicago, USA October 25-26, 2018**. This conference gathers renowned scientists, young researchers, industrial professionals and Scholars in the field of Genetics under a single roof where networking and global partnering happens for the acceleration of future research. The conference offers a chance to share their experience and research results on all aspects of Application of Genomics, Bioengineering and Genomic Science. It aims to provide a premier indisciplinary Platform for Researchers and Educators to get involve in the discussion on recent innovations, concepts, challenges, applications, practical challenges and solutions in the field of Genomics.

Sincerely,
Operating Committee
CEO and Founder
Meetings International PTE LTD.

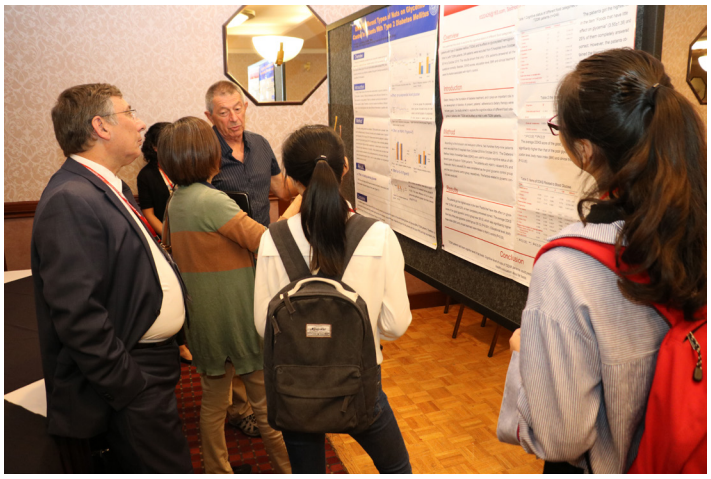

Genome Editing 2018

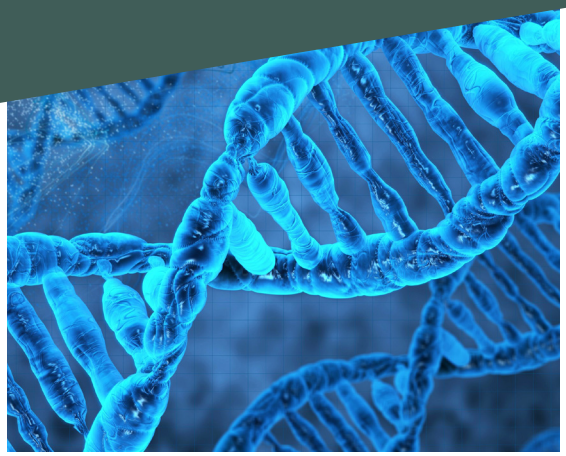

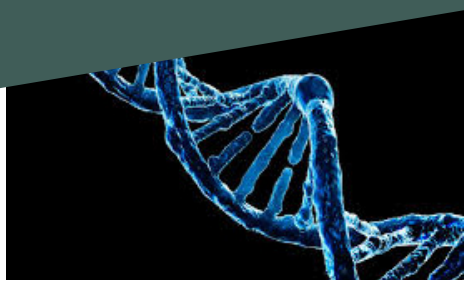

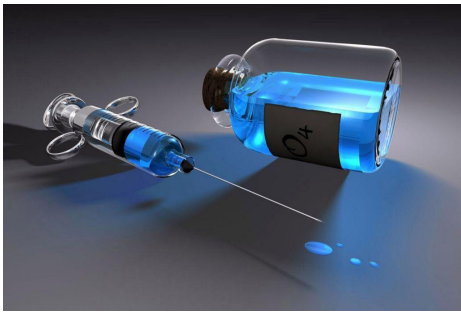

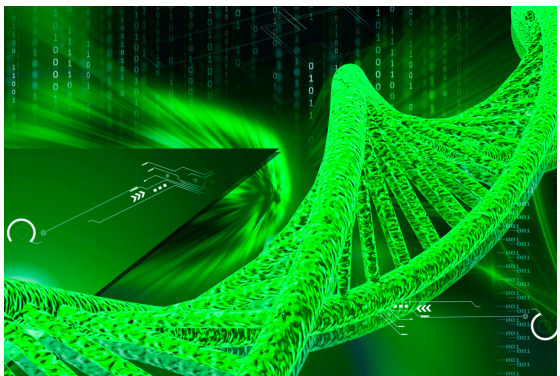

Conference Highlights

- CRISPR/CAS Revolution in Genome Editing
- Genome Editing in Plants,Mammals and Genome Reprogramming
- Molecular mechanism of CRISPR and structure based development of Genome Editing tool in the field of medicine
- Ethical control over Genome Editing
- Human Genome Engineering-Chromosomal engineering with CRISPR/Cas9 system in human iPS cells-Scope and Aspects
- Multiplex Automated Genomic Engineering.(MAGE)
- Gene knock in and genomic screening using TALEN and CRISPR
- RNAi based Screening Technology
- Identification of Noval Target and Drug Combination using CRISPR Screens in Cancer
- Application of NgAgo
- Gene Therapy With Aav
- Next generation sequencing
- Scope Of Genome Editing and Engineering in the field of Agriculture
- Genome Editing-The Future of Drug

Meetings Int. offers

An unique platform for top level research and innovation

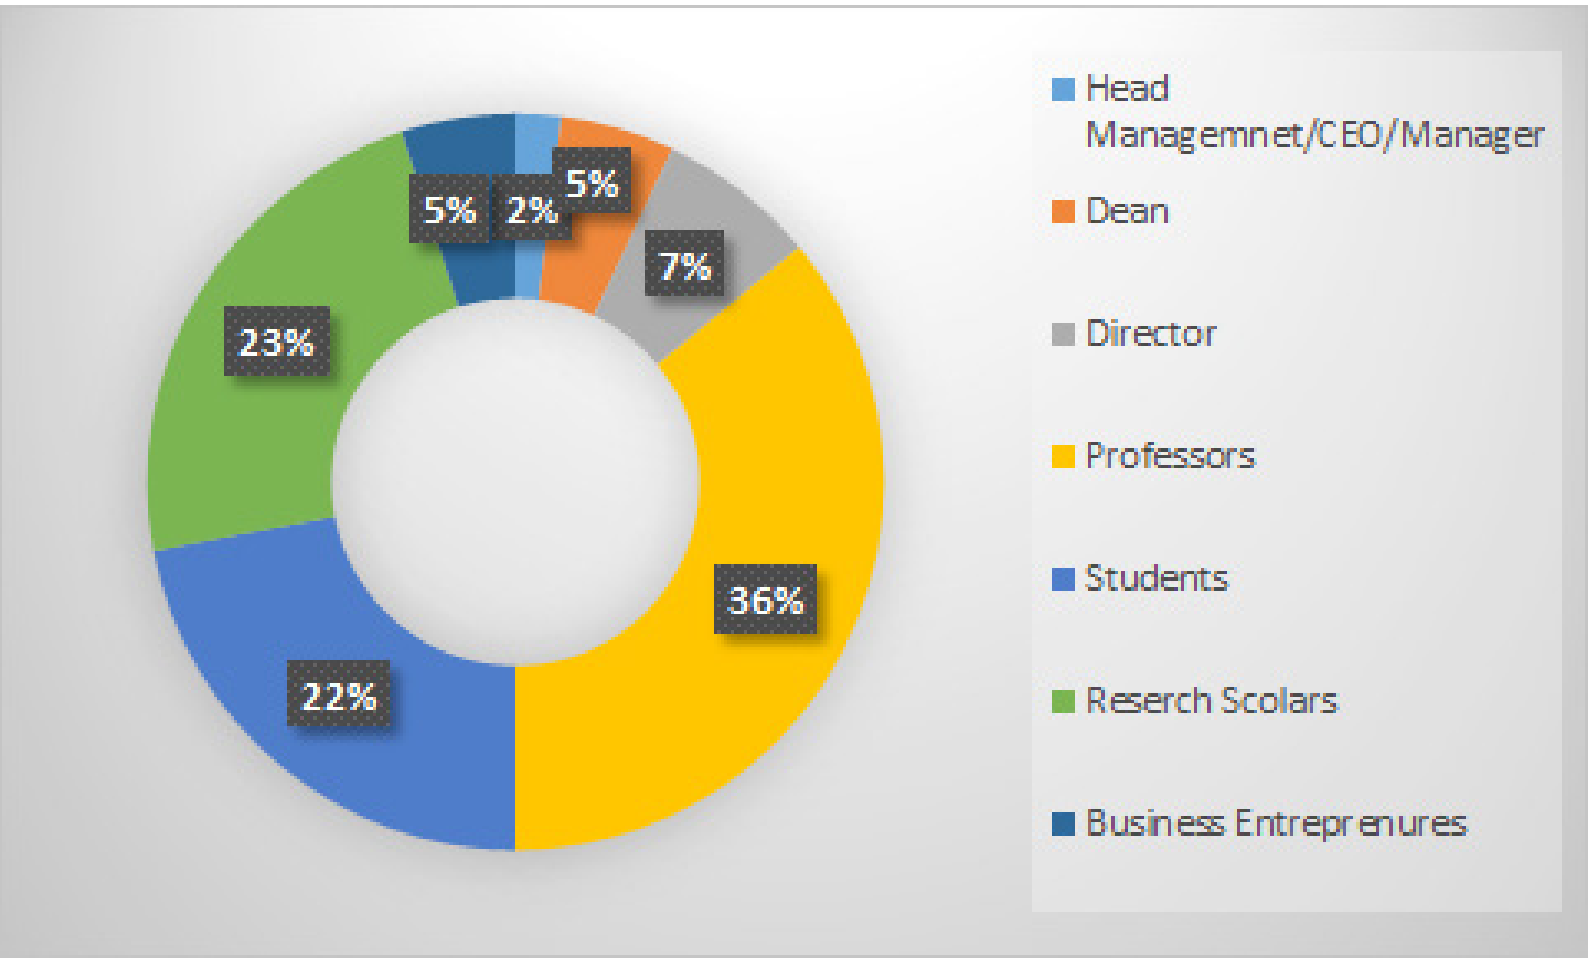

WE VALUE

To identify the future directions of research

Peer review and high quality publication

Quality research

Explore **Chicago**

Chicago is the third most populous city in United States. The city is famous for its architectural work and for its moderate climatic condition ranging from 13 to 30'C.Tourist attraction in the city include Millennium Park, Navy Pier, the Magnificent Mile, the Art Institute of Chicago, Museum Campus, the Willis (Sears) Tower, the Museum of Science and Industry, Wrigley Field, Soldier Field and Lincoln Park Zoo. Chicago is considered as one of the most important business centers in the world. This city is positioned along Lake Michigan & an international hub for finance, commerce, industry, technology, telecommunications, and transportation. There are many colleges and universities in the Chicago area, of which Northwestern University, the University of Chicago, and the University of Illinois at Chicago comes under "highest research" doctoral universities.

CHICAGO *Attractions*

CLOUD GATE

LondonHouse

Lakefront's Playground

Brook Field Zoo

National Museum Of Mexican Art

Shedd Aquarium

River Walk

Venue:

Chicago, USA

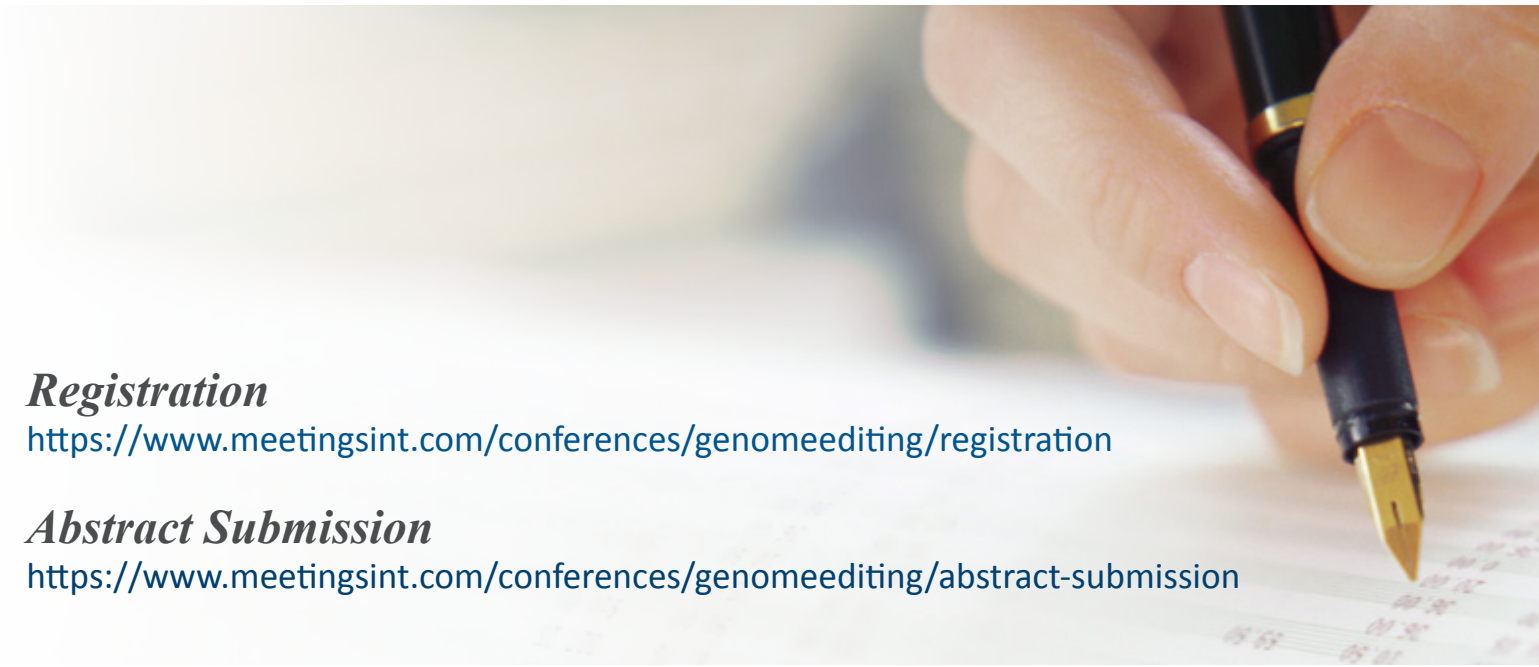

Important Dates:

Early Bird: ***May 30, 2018***

On/Before: ***July 31, 2018***

Final Call: ***October 25, 2018***

Registration

https://www.meetingsint.com/conferences/genomeediting/registration

Abstract Submission

https://www.meetingsint.com/conferences/genomeediting/abstract-submission

Note

All the relevant abstracts will be accepted and published in respective conference proceedings.

Mail us to know more!

For Abstract Submission Guidelines | For Reserving your slot

Proposals | Registration | Posters | Accommodations

No doubt you have lots of queries...

Why not get in touch..!

Drop us your query with details and we will call you right away
