5th International Conference on

Genome Editing and Therapy 2021

October 18-19, 2021 | Tokyo , Japan

https://www.meetingsint.com/conferences/genomeediting

Invitation

Dear Attendees

Meetings International proudly announces the ***5th International Conference on Genome Editing and Gene Therapy*** scheduled during ***October 18-19, 2021 in Tokyo, Japan***

The conference emphasizes the theme "***Change of Human Life with Gene Modification***".

The Genome Editing and Gene Therapy 2021 gathering gives a mind-blowing opportunity to discuss the latest progressions inside the field. This conference brings together the innovations in Genome Editing and Gene Therapy and brings the key opinion leaders and thought leaders in the field from around the world for two intensive days of scientific presentations, networking as well as engagement with companies developing innovations in tools and technologies in this space. The purpose of Genome Editing and Gene Therapy is to provide an international technical forum to showcase recent advances in Genome Editing and Gene Therapy conference operation committee is providing a platform for all the budding young researchers, young investigators to showcase their research and innovation.

Sincerely,

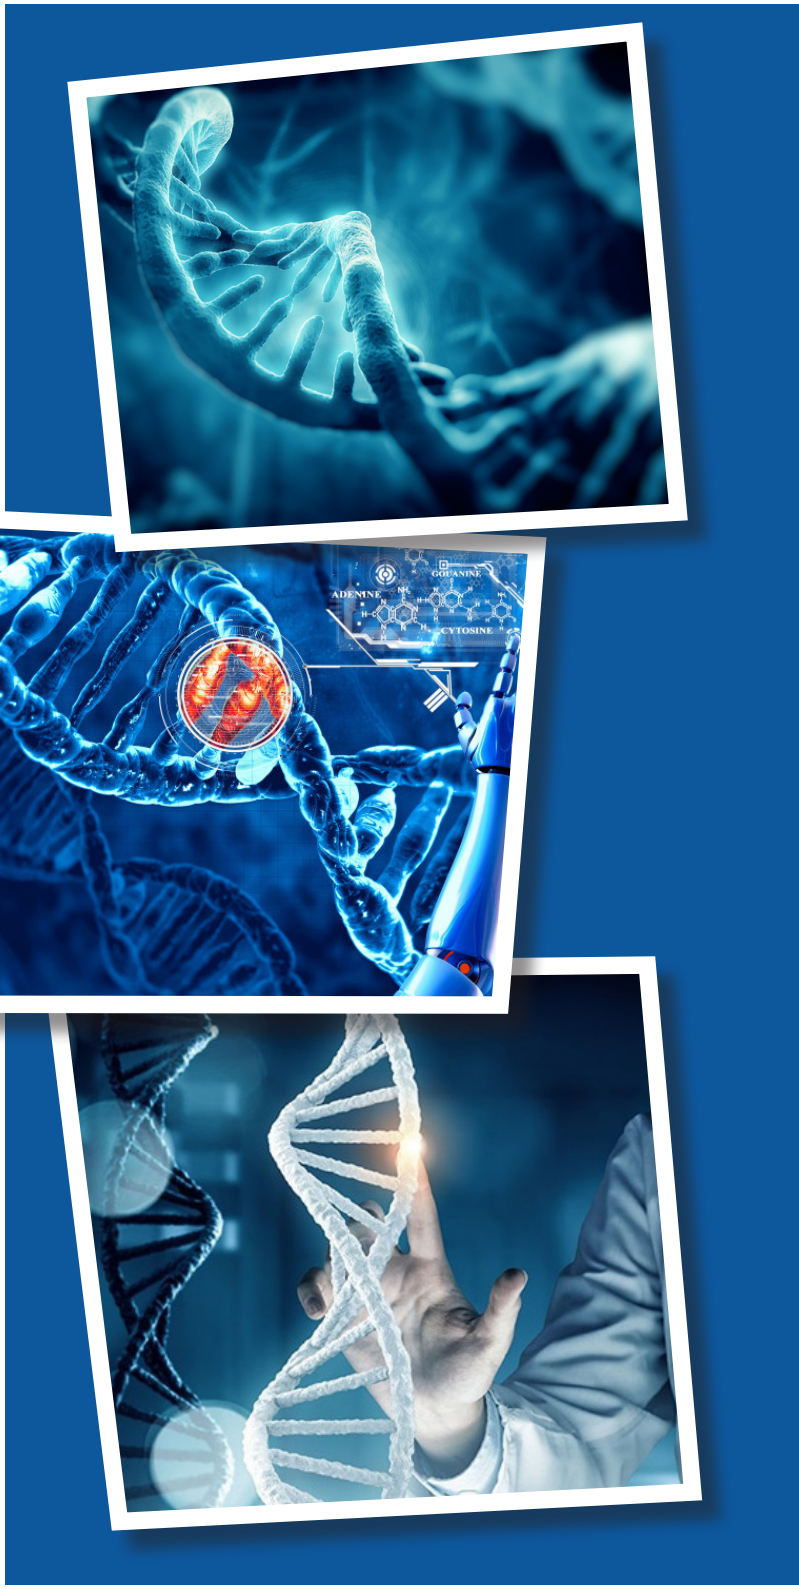

Operating Committee

Genome Editing and Gene Therapy

Genome Editing and Gene Therapy 2021

Conference Highlights

- Human Genetics and Genomics
- Genetic Disorders
- Gene Editing
- Gene Therapy and Genetic Counselling
- Stem Cell Therapy
- Stem Cell Biology
- Genome Engineering
- Thalassemia
- Sickle Cell Anaemia
- Genome Mapping
- Cancer Genomics
- Molecular and Cellular Genetics
- Medicinal Genetics

- To identify the future directions of research
- Peer review and high quality publication
- Quality research

Tokyo Attractions

Explore Tokyo

Tokyo officially Tokyo Metropolis is the capital and most populous prefecture of Japan. Located at the head of Tokyo Bay, the prefecture forms part of the Kanto region on the central Pacific coast of Japan's main island of Honshu. Tokyo is the political and economic center of the country, as well as the seat of the Emperor of Japan and the national government. In 2019, the prefecture had an estimated population of 13,929,280. The Greater Tokyo Area is the most populous metropolitan area in the world, with more than 37.393 million residents as of 2020. Originally a fishing village named Edo, the city became a prominent political center in 1603, when it became the seat of the Tokugawa shogunate. By the mid-18th century, Edo was one of the most populous cities in the world, with a population numbering more than one million.
