2nd International Conference on

Green & Sustainable Chemistry

July 15-16, 2019 | Zurich, Switzerland

Website: https://www.meetingsint.com/conferences/green-chemistry
Email: greenchem@insightsummits.com
Phone: +65 31080483

Day 1 : July 15, 2019	
09:30-10:00	Registrations
10:00-10:10	Introduction by Moderator
Keynote Forum	
10:10-10:40	**Title: DOZN™- - A Quantitative Green Chemistry Evaluator**
	Ettigounder Ponnusamy, MilliporeSigma, USA
Networking and Refreshment 10:40-11:00	
11:00-11:30	**Title: Visible light-mediated and water-assisted selective hydrodeoxygenation of lignin-derivedguaiacol to cyclohexanol**
	Rajender Varma, Palacky University, USA
11:30-12:00	**Title: Environmental Law, Policy, and Economics: Reclaiming the Environmental Agenda**
	Nicholas A. Ashford, Massachusetts Institute of Technology, USA
12:00-12:30	**Title: Crystallographic reactions in formation of dual structural transformations in shape memory alloys**
	Osman Adiguzel, Firat University, Turkey
Oral Session I	
Innovations in Green and Sustainable Chemistry | Green Chemistry: Challenges and Opportunity | Green Chemistry for Nanoparticle Synthesis |Green Chemistry in Pharmaceutical Industries | Green Analytical Chemistry and Environmental chemistry Education	
Chair: Loai Aljerf, Professor Damascus University, Syria	
Co-chair: Osman Adiguzel, Professor Firat University, Turkey	
12:30-12:50	**Title: Greener synthesis of biological and pharmaceutical compounds**
	Ahindra Nag, Indian Institute of Technology Kharagpur, India
Group Photo 12:50-13:00	
Lunch Break 13:00-14:00	
14:00-14:20	**Title: Magnetic Nanoparticles as Green Catalysts**
	Audrey Moores, McGill University , Canada
14:20-14:40	**Title: Unprecedented Ester–Amide Exchange Reaction Using Highly Versatile Two-Dimensional Graphene Oxide Supported Base Metal Nanocatalyst**
	R. K. Sharma, Green Chemistry Network Centre, India
14:40-15:00	**Title: Selective Palladium-catalyzed Synthesis of Diesters: Alkoxycarbonylation of a CO2-butadiene derived Δlactone**
	Muhammad Sharif, King Fahd University, Saudi Arabia
15:00-15:20	**Title: Oil wastewater filtration using nanomembranes and magnetic nano particles**
	Reza, Alizadeh in Hazrate Masoumeh University-Qom Iran
15:20-15:40	**Title: Estimation of landfill gas potential and potential energy recovery from thohoyandou landfill site in limpopo, South Africa**
	Njoku Prince Obinna, University of Venda, South Africa
Networking and Refreshment 15:40-16:00	
16:00-16:20	**Title: Transition metal selenide- graphene nanohybrids as electro catalyst for methanol fuel cells**
	Gopal K Mehotra, Mnnit Allahabad, India
16:20-16:40	**Title: Application of the standardized form magnetite nanoparticles (ICNB) in creature simple and practical method of additive modernization of preservation solutions for RBCs**
	Andrey Belouso, Kharkov Regional Center of Blood Service, Ukraine
16:40-17:00	**Title: Energy harvesting from micro Scale cavitating Flows**
	Ali Kosar Sabanci University, Turkey
Session Adjournment	
Day 2 program will be updated soon

Eminent Speakers @ Green Chemistry -2019

Ettigounder Ponnusamy, MilliporeSigma, USA

Osman Adiguzel, Firat University, Turkey

R. K. Sharma, Green Chemistry Network Centre, India

Ahindra Nag, Indian Institute of Technology Kharagpur, India

Regional Center of Blood Service, Ukraine

Gopal K Mehotra, Mnnit Allahabad, India

E-mail: greenchem@insightsummits.com
