

EuroSciCon

22nd Edition of International Conference on

Green Chemistry and Technology

November 18-19, 2019
Paris, France

Theme:
Focusing on the sustainable development for the better future

EuroSciCon

Green Chemistry

2019

Invitation

Welcome to Paris, the city of arts and science, and experience the science of Green Chemistry illuminated as never before. EuroSciCon is proud to host the 22nd Edition of International Conference on Green chemistry and Technology, November 18-19 2019 Paris, France. Theme of the conference focuses on *Focusing on the sustainable development for the better future.*

Green Chemistry 2019 will provide an unprecedented opportunity for chemists of all stripes and colors to share their research with colleagues by discussing the latest advances in the field. We invite all the Green & Environmental experts, Academic & Industrial professionals, laboratory scientists and delegates from all parts of the world. The International Organizing Committee has done its best to setup a framework that we think will allow for a creative interplay of ideas. All we need now to convert the extensive program on paper to an active and vibrant Green Chemistry forum in person is your active participation.

Green Chemistry 2019 aims to give a concrete base to your hi-tech visions by expecting participation of 150+ notable minds under one single roof. Here's where you can get thought inciting talks and exhibitions of knowledge from people having research experience worth a fortune.

Join us @ Paris, France

Regards,
Green Chemistry 2019

EuroSciCon

A Transformational Learning Experience

Special Features

- Panel discussions
- Interactive poster session
- Cross-disciplines
- Collaborations
- Mentoring from senior faculty
- Networking during customized social hours

November 18-19, 2019
Paris, France

EuroSciCon

Green Chemistry

2019

Why with us?

We at EuroSciCon strive to create transforming experiences, propelling researchers and organizations to interact and come up with actionable ideas thus enhancing the quality of research and development.

And here's why you associate with us

Our International Open Access Journals:

We embrace around 700+ Leading-edge Peer Reviewed Open Access Journals and a 21 Day Rapid Review Process with a whopping 50000+ Editorial Board Team, 35000+ Reviewers team and 1000+ Scientific Associations Collaborations.

Read by over 30 Million Patrons and 100000+ Facebook Likes comprehending the High online presence, our Open Access Journals serve the best blend of content and global exposure.

Our International Scientific Conferences:

With over 3000 Conferences happening across the globe in the streams of Medical, Pharma, Engineering, Science, Technology and Business our events are accredited with CME/CPD.

Moreover you get to meet the industry's high priests who come from all over the orb. You learn from the companies defined by their progressive ethos and dynamic strategies and also through the highly interactive sessions and panel discussions.

B2B Meetings with enriching interaction help building better businesses, people and world.

Other salient features comprehend:

Publishing of the accepted abstracts in our inordinately indexed journals

Each of which will be labelled with a Digital Object Identification Number (DOI) provided by Cross Ref

Distinct abstract and Speaker page creation, which profusely aid in citing the research and researcher in the top search engines.

Career Guidance Workshops for students and early career researchers

Opportunity to publish full Manu Scripts in our Open Access Journals

EuroSciCon

With over 25000+ agronomists, plant physiologists, molecular biologists, Agriculture engineers, chemical engineers, material scientists and food scientists accessing the website, Food Chemistry 2019 is the most lucrative platform for researchers, academicians and industry professionals pursuing their work in the field and related. In addition to immense networking opportunities, global prominence of the research and the researcher is what we bestow our speakers and committee members fuelling better outreach of the work and profile.

Green Chemistry 2019 Salient Features:

In a world of information overload, we focus on the issues most relevant to today's technical trends enabling our patrons to

Congregate with most senior executives
Nurture connexions
Agenda format which incorporates ample Q&A time
Partake in our revamped exhibitor expo sessions
Meet and listen to the relevant clients
Unprecedented growth creating an unparalleled market place

November 18-19, 2019
Paris, France

How's EuroSciCon different?

Exercises your creative instincts with the live knowledge experience
It organizes 3000+ Conferences across the globe connecting different sciences in 30+ countries
Over 25 Million+ Visitors and 20000+ Unique Visitors per conference
World's leading industries and companies attend
Career guidance for early career researchers and students
Provides insights you need to take your research to the next level
A huge conclave of high tech and science priests

EuroSciCon

Green Chemistry

2019

Who'd be attending?

22nd Edition of International Conference on Green Chemistry and Technology, November 18-19, 2019, Paris, France. Theme of the conference focuses on Focusing on the sustainable development for the better future in Green Chemistry and Technology 2019 will provide an unprecedented opportunity for faculties & researchers to share their research with colleagues by discussing the latest advances in the field. We invite Eminent Scientists/ Research Professors in the field of Green Chemistry, Junior/Senior research fellows, Students, Directors of Medical association, Members of Medical associations and exhibitors from medical colleges/ Industries. Delegates from various pharma & instrumental companies from all over the world are welcomed to attend the prestigious conference on Green Chemistry. About hosting organization EuroSciCon is one among Europe's largest and most significant scientific place which serves as a crossroad for the academicians and industry experts to build networks. With over 16 years of life science communication it focuses on to spearheading the transformation of medical research into knowledge through scientific gatherings and networking. Supporting the Rare Care UK Organization, EuroSciCon is a corporate member of Royal Society of Biology, Institute of Biomedical Science (IBMS) and British Society for Immunology. Our approach has always been unique, and that difference has propelled our growth towards scientific serendipity.

Tracks :

- Analytical Methods in Green Chemistry
- Applications of Green Chemistry and LCA
- Biodegradation
- Biomass & Bioenergy
- Biopolymer & Bioplastics
- Eco Friendly Materials
- Future Trends in Green Chemistry
- Green Catalysis
- Green Chemistry
- Green Chemistry & Sustainable Process
- Green Chemistry in Environment
- Green Chemistry in Industries
- Green Chemistry in Pharmaceutical Industries
- Green Energy
- Green Engineering
- Green Environmental Toxicology
- Green Nanotechnology
- Green Organic Chemistry
- Green Polymers & Green Materials
- Green Separations
- Green Solvents
- Green Sustainable Agriculture
- Green Technology
- Market Analysis and GC3
- Pollution prevention
- Renewable & Recyclable Materials

Academic Keytopics :

- Green Building Materials
- Nano-Flake Technology
- Nano-Materials
- Atom Economy
- Bio-Fuel
- Biocatalysts
- Discovery and Drug Development
- E- Factor
- Efficient use of Non-renewable resources
- Green Energy
- Highly Efficient Palladium Catalyst
- Immunoassay
- Ionic Liquids
- Microwave Induced Green Chemistry
- Nature Based Catalyst
- Petroleum Based Chemicals from Biological Materials
- Plasma Emission Spectrometry
- Plastic Recycling: Physical and Chemical
- Principles of Green Chemistry
- Principles of Green Toxicology
- Supercritical Solvents
- Supramolecular chemistry
- Sustainable Agriculture
- Sustainable Energy
- Sustainable Treatment of Natural Resources
- Tissue Engineering
- Ultrasound Assisted Green Technology

November 18-19, 2019
Paris, France

Business Keytopics :

- Green Chemistry Market in Europe
- Biodiesel
- Computer Chips
- Design, Integration and Sustainability
- E-Waste
- Eco-Friendly Products and Market Analysis
- Economic Development
- Enhance Market Dynamics
- Green Chemistry Market in Asia
- Green Chemistry Market in Canada
- Green Chemistry Market in China
- Green Chemistry Market in Czech Republic
- Green Chemistry Market in Finland
- Green Chemistry Market in France
- Green Chemistry Market in Ireland
- Green Chemistry Market in Italy
- Green Chemistry Market in Japan
- Green Chemistry Market in New Zealand
- Green Chemistry Market in Russia
- Green Chemistry Market in Saudi
- Green Chemistry Market in Scotland
- Green chemistry Market in UK
- Green chemistry Market in USA
- Green Marketing
- Hydrogen Industry (coal, NH3, methanol, fuel cells)
- Plastic Recycling: Physical and Chemical

About Destination Paris

The most visited tourist destination in the world, with over 45 million visitors annually, it is very easy to arrive in Paris with huge expectations: of grand vistas, of budding writers in every cafe, of romance on the Seine and rude waiters.

Paris occupies a central position in the rich agricultural region known as the Paris Basin, and it constitutes one of eight départements of the Île-de-France administrative region. It is by far the country's most important centre of commerce and culture. Area city, 41 square miles (105 square km); metropolitan area, 890 square miles (2,300 square km). Pop. (2012) city, 2,265,886; (2015 est.) urban agglomeration, 10,858,000.

For centuries Paris has been one of the world's most important and attractive cities. It is appreciated for the opportunities it offers for business and commerce, for study, for culture, and for entertainment; its gastronomy, haute couture, painting, literature, and intellectual community especially enjoy an enviable reputation. Its sobriquet "the City of Light" ("la Ville Lumière"), earned during the Enlightenment, remains appropriate, for Paris has retained its importance as a centre for education and intellectual pursuits.
