Invitation

Dear Attendees,

Meetings International proudly announces the ***International Conference on Green Energy, Materials science & Recycling*** scheduled during ***February 23-24, 2022,| Paris, France***

The conference emphasizes the theme "EMERGING TECHNOLOGIES IN THE ARENA OF GREEN ENERGY FOR SUSTAINABLE FUTURE".

Green energy 2022 gathering gives a mind blowing opportunity to discuss the latest progressions in the field. The relative novel nature of the conference is to bring the advancement in the field of utilization of natural resources. We cordially invite all the participants interested in sharing their knowledge and research in the field of renewable energy and environmental sciences. Green Energy 2022 is the integration of new technologies in the field of environmental science to help Environmental Professionals harness the full potential of their practice. It involves the use of tools and technologies to achieve a certain degree of publicity and broaden the reach of the practice and the practitioner. The conference is a rare opportunity for all individuals of the environmental community to upgrade their know-how of the latest technologies & strategies.

Sincerely,

Operating Committee

Green energy 2022

Conference Highlights

- Renewable Waste Management
- E-Wastes Recycling and Management
- Petrochemical and Oil Recycling
- Biomedical and Infectious Waste Management
- Effect of 3Rs on Climate Change
- Green Energy
- Renewable Energy
- Nano Technology
- Biomass and Bio energy
- Material science and Technology

Paris Attractions

Explore Paris

Paris, is the capital and most populous city of France, Since the 17th century, Paris has been one of Europe's major centres of finance, diplomacy, commerce, fashion, science and arts. The Seine river runs through the oldest part of Paris, and divides it into two parts, known as the Left Bank and the Right Bank. It is surrounded by many forests. The city has a multi-cultural style, because 20% of the people there are from outside France. Paris has many tourism places like The Eiffel Tower, The Louvre museum, The Moulin Rouge, The Paris, The Champs-Élysées is probably the most famous street in Paris, and one of the most famous in the world. Because the city of Paris is roughly only 6 miles across, visitors have a wide range of options when it comes to transportation. While much of the more well-known attractions are in the centre of the city and are best experienced.

Paris got 38 million guests in 2019, estimated by lodging stays, with the biggest quantities of unfamiliar guests coming from the United States, the United Kingdom, Germany and China. It was positioned as the second most visited travel objective on the planet in 2019, after Bangkok and only in front of London. The football club Paris Saint-Germain and the rugby association club Stade François are situated in Paris.

Venue
Paris, France
