

EuroSciCon

December 02-03, 2019
Amsterdam, Netherlands

EuroSciCon Conference on

Green, Sustainable & Environmental Chemistry

Theme:

Progressions in Green Processing and Synthesis with spotlight on Sustainability and Environmental Safety

EuroSciCon

Green Chemistry

2019

Invitation

Welcome to Amsterdam, the commercial and cultural capital of Netherlands with a great history and experience the science of Green Chemistry illuminated as never before. EuroSciCon is proud to host the International Conference on Green, Sustainable & Environmental Chemistry, December 02-03 2019 Amsterdam, Netherlands. Theme of the conference focuses on Progressions in Green Processing and Synthesis with spotlight on Sustainability and Environmental Safety.

Green Chemistry 2019 will incorporate senior administrators, deals and advertising faculty, vital organizers, will's identity profit by an expansive outline of the Chemical, Pharmaceutical and oil industry. The quality of the Conference is that the members will in general incorporate all periods of the esteem chain just as people from a wide assortment of area and nations.

This experience causes the meeting to be an intuitive gathering and empowers a solid dimension of discourse and exchange, accordingly expanding the advantages of participation.

Key Sessions: Green Chemistry, Green Energy, Climatology, Green Nanotechnology, Environmental Engineering, Environmental Sustainability & Development, Revolutionary Green solvents and many more.

Green Chemistry 2019 aims to give a concrete base to your hi-tech visions by expecting participation of 150+ notable minds under one single roof. This gathering definitely gives better data and knowledge into the improvement of the world Chemical industry, which thusly has empowered participants to settle on better and increasingly gainful choices.

Join us @ Amsterdam, Netherlands

Regards,
Green Chemistry 2019

EuroSciCon

A Transformational Learning Experience

- Curated to address the concerns of today's scientific world
- Be inspired by some of the world's most renowned figures
- Stimulate new ways of thinking and provoke action.
- Relish inspiring interaction between peers, leaving you better prepared to face technical and research oriented challenges.

December 02-03, 2019
Amsterdam, Netherlands

EuroSciCon

Why with us?

We at EuroSciCon strive to create transforming experiences, propelling researchers and organizations to interact and come up with actionable ideas thus enhancing the quality of research and development.

And here's why you associate with us

Our International Open Access Journals:

We embrace around 700+ Leading-edge Peer Reviewed Open Access Journals and a 21 Day Rapid Review Process with a whopping 50000+ Editorial Board Team, 35000+ Reviewers team and 1000+ Scientific Associations Collaborations.

Read by over 30 Million Patrons and 100000+ Facebook Likes comprehending the High online presence, our Open Access Journals serve the best blend of content and global exposure.

Our International Scientific Conferences:

With over 3000 Conferences happening across the globe in the streams of Medical, Green, Sustainable & Environmental Chemistry, Engineering, Science, Technology and Business our events are accredited with CME/CPD.

Moreover you get to meet the industry's high priests who come from all over the orb. You learn from the companies defined by their progressive ethos and dynamic strategies and also through the highly interactive sessions and panel discussions.

B2B Meetings with enriching interaction help building better businesses, people and world.

Other salient features comprehend:

Publishing of the accepted abstracts in our inordinately indexed journals

Each of which will be labelled with a Digital Object Identification Number (DOI) provided by Cross Ref

Distinct abstract and Speaker page creation, which profusely aid in citing the research and researcher in the top search engines.

Career Guidance Workshops for students and early career researchers

Opportunity to publish full Manu Scripts in our Open Access Journals

EuroSciCon

With over 25000+ agronomists, plant physiologists, molecular biologists, Agriculture engineers, chemical engineers, material scientists and food scientists accessing the website, Green Chemistry 2019 is the most lucrative platform for researchers, academicians and industry professionals pursuing their work in the field and related. In addition to immense networking opportunities, global prominence of the research and the researcher is what we bestow our speakers and committee members fuelling better outreach of the work and profile.

Green Chemistry 2019 Salient Features:

In a world of information overload, we focus on the issues most relevant to today's technical trends enabling our patrons to

Congregate with most senior executives
Nurture connexions
Agenda format which incorporates ample Q&A time
Partake in our revamped exhibitor expo sessions
Meet and listen to the relevant clients
Unprecedented growth creating an unparalleled market place

December 02-03, 2019
Amsterdam, Netherlands

How's EuroSciCon different?

Exercises your creative instincts with the live knowledge experience
It organizes 3000+ Conferences across the globe connecting different sciences in 30+ countries
Over 25 Million+ Visitors and 20000+ Unique Visitors per conference
World's leading industries and companies attend
Career guidance for early career researchers and students
Provides insights you need to take your research to the next level
A huge conclave of high tech and science priests

EuroSciCon

Who'd be attending?

EuroSciCon Conference on Green, Sustainable & Environmental Chemistry, December 02-03, 2019, Amsterdam, Netherlands. Theme of the conference focuses on Progressions in Green Processing and Synthesis with spotlight on Sustainability and Environmental Safety 2019 will provide an unprecedented opportunity for faculties & researchers to share their research with colleagues by discussing the latest advances in the field. We invite Eminent Scientists/ Research Professors in the field of Green Chemistry, Junior/Senior research fellows, Students, Directors of Medical association, Members of Medical associations and exhibitors from medical colleges/ Industries. Delegates from various pharma & instrumental companies from all over the world are welcomed to attend the prestigious conference on Green Chemistry

About hosting organization

EuroSciCon is one among Europe's largest and most significant scientific place which serves as a crossroad for the academicians and industry experts to build networks. With over 16 years of Life Science Communication it focuses on to Spearheading the Transformation of Medical Research into Knowledge through Scientific Gatherings and Networking. Supporting the Rare Care UK organization, EuroSciCon is a corporate member of Royal Society of Biology, Institute of Biomedical Science (IBMS) and British Society for Immunology. Our approach has always been unique, and that difference has propelled our growth towards Scientific Serendipity.

Scientific Sessions:

- Green Chemistry
- Green Energy
- Climatology
- Climate Prediction
- Renewable Energy
- Green Nanotechnology
- Green Processing and Solar Energy
- Environmental Engineering
- Sustainable vitality Policies
- Climate Hazards
- Bio-remediation
- Green Economy
- Energy and Environment
- Environmental Sustainability and Development
- Human Impacts on the Environment
- Agricultural Production Systems & Agribusiness
- Green materials and Engineering
- Green separations
- Revolutionary Green solvents
- Green Analytical Methodologies

- Journal of Environmental Research

December 02-03, 2019
Amsterdam, Netherlands

About Destination Amsterdam

Amsterdam was established as an angling town around the thirteenth century. Amsterdam created cycle a dam in the Amstel River toward the finish of the twelfth century. Amsterdam has a long and astounding history. The sources of the city lie in the twelfth century, when anglers living along the banks of the River Amstel assembled a scaffold over the conduit close to the IJ, which at the time was a huge saltwater bay.

Amsterdam is the Netherlands' capitals, known for its masterful legacy, expound channel framework and limited houses with gabled exteriors, inheritances of the city's seventeenth century Golden Age. Its Museum District houses the Van Gogh Museum, works by Rembrandt and Vermeer at the Rijksmuseum, and present day workmanship at the Stedelijk. Cycling is critical to the city's character, and there are various bicycle ways. Amsterdam is acclaimed for a ton of things: the delightful memorable structures, the Rijksmuseum, the channels, the Anne Frank house and huge amounts of cafés or simply arbitrary shops that sell cannabis.
