

14th International Conference on

Gynecology and Obstetrics

March 26 - 27 , 2026 | Paris, France

INVITATION

ABOUT CONFERENCE

The 14th International Conference on Gynecology and Obstetrics will be held on March 26–27, 2026, in Paris, France, bringing together leading researchers, clinicians, academicians, industry professionals, and policy makers to explore the latest advancements in women's health. With the theme "Precision Medicine in Gynaecologic Cancers and Reproductive Disorders," this global meeting aims to foster dialogue, collaboration, and knowledge exchange on cutting-edge innovations that are transforming patient care.

The conference will feature keynote lectures, plenary sessions, panel discussions, workshops, and poster presentations covering a wide spectrum of topics, including gynaecologic oncology, maternal health, reproductive endocrinology, minimally invasive surgery, digital health, and emerging diagnostic and therapeutic strategies. Special emphasis will be placed on precision medicine approaches—integrating genomics, biomarkers, and individualized treatment pathways to improve outcomes in gynaecologic cancers and reproductive disorders.

Past Event Report

Meetings International Conference successfully hosted its previous series on the “International Conference on Gynecology and Obstetrics virtually. The conference was organised with a theme focused on “Revealing Innovations to Improve Women’s Health” and it was a great success. Eminent keynote speakers from various universities addressed the gathering.

The generous response and active participation of the organising committee members played a major role in the success of the conference. On the other hand, we take the opportunity to thank all the speakers, delegates, and participants for providing their valuable support and time for the conference.

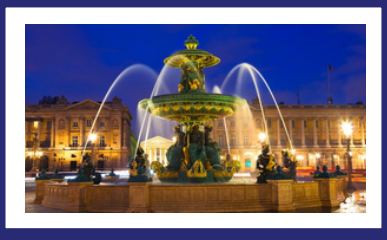

About Venue:

The 14th International Conference on Gynecology and Obstetrics will be hosted in the iconic city of Paris, France, a global hub of culture, science, and innovation. Known as the “City of Light,” Paris is renowned for its rich history, stunning architecture, and world-class healthcare and research institutions, making it an ideal destination for scientific gatherings.

Delegates will have the opportunity to explore Paris’s landmarks, including the Eiffel Tower, Louvre Museum, Notre-Dame Cathedral, and the charming neighborhoods along the Seine River. Beyond its cultural allure, Paris is a center for medical research and innovation, offering attendees access to advanced healthcare insights and networking opportunities with leading professionals in obstetrics, gynecology, and women’s health.

With excellent international connectivity, modern conference facilities, and a vibrant scientific community, Paris provides the perfect backdrop for collaboration, knowledge exchange, and inspiring discussions that will shape the future of gynecology and obstetrics worldwide.
