Abstract Submission Open: **August 01, 2019**

On Spot Registration: **April 20, 2020**

Explore Singapore

Singapore is an island city-state located in Southeast Asia and consist of a main island as well as 62 other islets. It lies in the southern tip of Malay of Peninsula. Singapore is characterized by a hot and humid climate. The island does not have clear-cut seasons like summer, spring, autumn and winter. It is located just 1degree north of the equator. Rainfall is almost an everyday phenomenon. The education system in Singapore has been noted to be one of the best in the world. Singapore students excelled in most of the world education benchmarks in math, science and reading. The culture of Singapore is a combination of Asian, European and Middle Eastern cultures. Influenced by Malay, South Asian and European cultures, Singapore has been dubbed as a country where “east meets west” and also known as the garden city.
