Immunology
2022

19th World Congress on

Immunology

June 01-02, 2022 | Florida , USA

Theme: Revolutionize Research to Improve Human Health

Invitation

We are glad to announce the 19th World Congress on Immunology to be held in Florida , USA from June 01-02, 2022 organized by EuroSciCon ltd, UK in collaboration with generous support and cooperation from enthusiastic academicians and editorial Board Members.

We invite Eminent Scientists/Research Professors
in the field of Chemical, Junior/Senior research colleagues, Students, Directors of chemicals look into organizations, Chemical Engineers, Members of Immunology associations and exhibitors from Chemical Industries. Agents from different pharma and instrumental organizations from everywhere throughout the world are invited to go to this renowned conference on Immunology 2022. With a wide exhibit of keynote presentations, board discussions, workshops, and notice sessions, the Immunology 2022 Conference is the ideal setting not exclusively to plunge into your specific Immunologists interests yet in addition to expand the extent of your insight. There are 24 tracks which are given to subjects, for example, Allergies And Hypersensitivity, Autoimmune and Inflammatory Diseases, Cancer & Tumor Immunology, Cellular Immunology, Computational Immunology, Diagnostic Immunology, Food & Agricultural Immunology, Humoral and Cellular Immunology, Immunodermatology, Immunogenomics, Immunohematology, Immunotherapy And Vaccine, Immunotoxicology and Molecular Biomarkers, Immunopathology, Immunological Clinical Practices &Trials, Microbial Immunology, Mucosal immunology, Neuroimmunology and Neuroinflammation, Nutritional Immunology, Ocular Immunology & Inflammation, Pediatric Immunology, Reproductive Immunology, Transplantation Immunology, Veterinary Immunology.

We have not only increased the number of opportunities for you to network with colleagues from across the world but also introduced more focused sessions that will feature cutting edge presentations, special panel discussions, and live interaction with industry leaders and experts.

Life is about learning every day. Make it count in your professional life. Attend Immunology–2022 Conference to network with your expertise and experiences thier arm yourself with the latest information this will help your departments to reach next level of research.

We look forward to personally welcoming you to at Florida , USA

EuroSciCon

A Transformational Learning Experience

1. Curated to address the concerns of today's scientific world
2. Be inspired by some of the world's most renowned figures
3. Stimulate new ways of thinking and provoke action.
4. Relish inspiring interaction between peers, leaving you better prepared to face technical and research oriented challenges.

Why with us?

We at EuroSciCon strive to create transforming experiences, propelling researchers and organizations to interact and come up with actionable ideas thus enhancing the quality of research and development.

And here's why you associate with us

Our International Open Access Journals:

We embrace around 700+ Leading-edge Peer Reviewed Open Access Journals and a 21 Day Rapid Review Process with a whopping 50000+ Editorial Board Team, 35000+ Reviewers team and 1000+ Scientific Associations Collaborations.

Read by over 30 Million Patrons and 100000+ Facebook Likes comprehending the High online presence, our Open Access Journals serve the best blend of content and global exposure.

Our International Scientific Conferences:

With over 3000 Conferences happening across the globe in the streams of Medical, Pharma, Engineering, Science, Technology and Business our events are accredited with CME/CPD.

Moreover you get to meet the industry's high priests who come from all over the orb. You learn from the companies defined by their progressive ethos and dynamic strategies and also through the highly interactive sessions and panel discussions.

B2B Meetings with enriching interaction help building better businesses, people and world.

Other salient features comprehend:

Publishing of the accepted abstracts in our inordinately indexed journals

Each of which will be labelled with a Digital Object Identification Number (DOI) provided by Cross Ref Distinct abstract and Speaker page creation, which profusely aid in citing the research and researcher in the top search engines.

Career Guidance Workshops for students and early career researchers

Opportunity to publish full Manu Scripts in our Open Access Journals

EuroSciCon

With over 25000+ Practitioners and Educators accessing the website, Immunology– 2022 is the most lucrative platform for Multinational organizations, entrepreneurs across the globe, Professors, Researchers, Academicians and Industry professionals pursuing their work in the field. In addition to immense networking opportunities, global prominence of the research and the researcher is what we bestow our Speakers and Committee Members fuelling better outreach of the work and profile.

Immunology– 2022 Salient Features:

In a world of information overload, we focus on the issues most relevant to today'stechnical trends enabling our patrons to Congregate with most senior executives Nurture connexions Agenda format which incorporates ample Q&A time Partake in our revamped exhibitor expo sessions Meet and listen to the relevant clients Unprecedented growth creating an unparalleled market place

How's EuroSciCon different?

Exercises your creative instincts with the live knowledge experience
It organizes 3000+ Conferences across the globe connecting different sciences in 30+ countries
Over 25 Million+ Visitors and 20000+ Unique Visitors per conference
World's leading industries and companies attend
Career guidance for early career researchers and students
Provides insights you need to take your research to the next level
A huge conclave of high tech and science priests

Who'd be attending?

19th World Congress on Immunology, June 01-02, 2022 in Florida, USA. Theme of the conference focuses on Revolutionize Research to Improve Human Health. Immunology gatherings gives an overall stage to overall frameworks organization and exchanging latest progressions in immunological procedures and immunotherapy, offering opportunity to go to the presentations passed on by prominent experts from wherever all through the world. The Immunology Conferences will give a universal stage to discourse of present and future difficulties in immunological procedures, eventual fate of immunology. Worlddriving wellbeing specialists, teachers, and scientists will exhibit forefront and down to earth immunological systems in light of broadly acknowledged confirmation and will present new and developing exploration.

About hosting organization

EuroSciCon is one among Europe's largest and most significant scientific place which serves as a crossroad for the academicians and industry experts to build networks. With over 16 years of Life Science Communication it focuses on to Spearheading the Transformation of Medical Research into Knowledge through Scientific Gatherings and Networking. Our approach has always been unique, and that difference has propelled our growth towards Scientific Serendipity.

Scientific Sessions:

- Allergies And HypersensitivityAutoimmune
- and Inflammatory Diseases
- Cancer & Tumor Immunology
- Cellular Immunology
- Computational Immunology
- Diagnostic Immunology
- Food & Agricultural Immunology
- Humoral and Cellular Immunology
- Immunodermatology
- Immunogenomics
- Immunohematology
- Immunotherapy And Vaccine
- Immunotoxicology and Molecular
- Biomarkers
- Immunopathology
- Immunological Clinical Practices &Trials
- Microbial Immunology
- Mucosal immunology
- Neuroimmunology and Neuroinflammation
- Nutritional Immunology
- Ocular Immunology & Inflammation
- Pediatric Immunology
- Reproductive Immunology
- Transplantation Immunology
- Veterinary Immunology

About Destination Florida

Florida is a state located in the Southeastern region of the United States. Florida is bordered to the west by the Gulf of Mexico, to the northwest by Alabama, to the north by Georgia, to the east by the Bahamas and Atlantic Ocean, and to the south by the Straits of Florida and Cuba; it is the only state that borders both the Gulf of Mexico and the Atlantic Ocean. Spanning 65,758 square miles, Florida ranks 22nd in area among the 50 states, and with a population of over 21 million, is the third-most populous. The state capital is Tallahassee and the most populous city is Jacksonville. The Miami metropolitan area, with a population of almost 6.2 million, is the most populous urban area in Florida and the seventh-most populous in the United States; other urban conurbations with over one million people are Tampa Bay, Orlando, and Jacksonville.

Florida's climate varies from subtropical in the north to tropical in the south. It is the only state besides Hawaii to have a tropical climate, and is the only continental state with both a tropical climate (at the lower tip of the peninsula) and a coral reef. Consequently, Florida has several unique ecosystems, most notably Everglades National Park, the largest tropical wilderness in the U.S. and among the largest in the Americas. Unique wildlife includes the American alligator, American crocodile, American flamingo, Roseate spoonbill, Florida panther, bottlenose dolphin, and manatee. The Florida Reef is the only living coral barrier reef in the continental United States and the third-largest coral barrier reef system in the world (after the Great Barrier Reef and Belize Barrier Reef).
