Scientific Program

25th Edition of International Conference on

Immunology and Infectious Diseases

April 19-20, 2021 | Amsterdam, Netherlands

Hosting Organization: EuroSciCon Ltd
35 Ruddlesway, Windsor, Berkshire, SL4 5SF
Email: iciid2021@gmail.com

Day 1 April 19, 2021

09:00-09:15 Registrations

Hall

Opening Ceremony

09:15-09:30 Introduction

Keynote Forum

09:30-10:10
Title: Clinical characteristics of COVID-19 among hospitalized children in Bangladesh: A multi-center study
Manzoor Hussain, Bangladesh Paediatric Association, Bangladesh

10:10-10:50
Title: Sepsis –The saga continues
Goma Bali Bajaj, Society for Emergency Medicine, India

Networking and Refreshments Break@ 10:50-11:10

Plenary Session

11:10-11:40
Title: De Novo Repurposing of Daflon As Anti-Intestinal Parasitic Drug in Experimental Giardiasis
Gehan Labib Abuelenain, Fatema College of Health Sciences, United Arab Emirates

11:40-12:10
Title: Investigating the dynamics of COVID-19 pandemic in five African countries using epidemiological model
Francis M Lumeh, Sierra Leone

12:10-12:40
Title: COVID-19 Pandemic: Epidemiology in Nigerian Population
Mukesh Kumar, Everight Diagnostic & Laboratory Services Ltd., Nigeria

12:40-13:10
Title: Modelling the spread of HIV due to mother-to-child transmission in Ghana
Joyce Asamoah, University of Education-Winneba (Kumasi Campus), Kumasi-Ghana

Lunch Break@13:10-13:40

Keynote Forum

13:40-14:20
Title: Plant-based solutions for COVID-19
Katheleen Hefferon, Cornell University, USA

14:20-15:00
Title: The HERV-K102 Innate Immunity Host Defense System Against Emerging RNA Viruses Potentially Enhanced in COVID-19 by Ivermectin
Marian Laderoute, ISM-Immune System Management, CANADA

Plenary Session

15:00-15:30
Title: Epidemiology and genetic diversity of Plasmodium falciparum in Kobeni, southestern Mauritania
Sileye Diallo, University of Nouakchott Al Aasriya, Mauritania

15:30-16:00
Title: Therapeutic Role of Mesenchymal Stem Cells Combined With Nanoparticles In Controlling Prognosis Of Hepatocellular Carcinoma In Murine Model
Wafaa Mansour, Theodor Bilharz Research Institute, Egypt

16:00-16:30
Title: Mucosal Immunology
Elke Muntjewerff, Radboud Institute for Molecular Life Sciences, Netherlands

Networking & Refreshment Break @16:30-16:45

YRF Session

16:45-17:10
Title: Tumour Immunology: An interconnection between cancer and the immune system
Shalini Sakthivel, India

17:10-17:35
Title: The Importance of Cytological Examination in Bladder Cancer
Rishu Bansal, European University, Tbilisi-Georgia

17:35-18:00
Title: Knowledge, Attitude and Practices Regarding Dog Bite Management Among General Practitioners Of Eastern Region, Ghana
Florence Gyembuzie Wongnaah, Karolinska Institutet, Sweden

18:00-18:25
Title: Vaccines and Autism Spectrum
Shahrul Khan, European University, Tbilisi-Georgia

Panel Discussion

Day 2 April 20, 2021

Keynote Forum

09:15-09:55	**Title: A new method of the treatment of purulent-destructive pulmonary diseases in patients with diabetes mellitus** **Alisher Okhunov O.,** Tashkent Medical Academy, Uzbekistan
09:55-10:35	**Title: Tumor Immunology** **Sudha Bansode,** Tashkent Medical Academy, Uzbekistan
10:35-11:15	**Title: Assessing the role of Nutritional immunology in Food allergy** **Anshoo Agarwal,** Norther Border University, Kingdom of Saudi Arabia

Networking and Refreshment break @11:15-11:30

Plenary Session

11:30-12:00	**Title: Investigating the effect of migration on the spread of HIV and AIDS incidence cases in Ghana** **Ebenezer Nketsiah-Nfodjoe,** Shama-Ghana
12:00-12:30	**Title: Assessing the impact of tourism and migration on the HIV epidemic trends: the case study of Malaysia** **Maxwell Owusu Adoasi,** Kasoa-Ghana
12:30-13:00	**Title: Changes in Resuscitation practices in Pandemic Times** **Shefali Sharma,** Society for Emergency Medicine, India

Lunch Break@13:00-13:30

Keynote Forum

13:30-14:10	**Title: Multiplexed proteomics of autophagy deficient macrophages reveals enhanced anti-microbial immunity via the oxidative stress response** **Timurs Maculins,** Genentech, USA

Plenary Session

14:10-14:40	**Title: Candida Auris Outbreak Challenges & Lessons Learned in one of the hospital, UAE** **Tabrikah Mohammed,** National Rehabilitation Center, UAE
14:40-15:10	**Title: Initial six month's study of neonatal COVID-19 in a tertiary care hospital of Bangladesh** **Maksudur Rahman,** Bangladesh institute of Child Health (BICH), Bangladesh
15:10-15:40	**Title: Problems in infectious disease practice** **Sandhya Kulkarni,** India
15:40-16:10	**Title: Infection control according to the policy and procedures implemented to control the spread of infection and reduce its spread in hospitals and health care settings** **Batool Olaimat,** WUSC Reyrson, Jordan

Networking and Refreshment break @16:10-16:25

YRF Session

16:25-16:50	**Title: Improving treatment methods of acute lung abscess in view of their non-respiratory activity** **Marupov I.O.,** Tashkent Medical Academy, Uzbekistan
16:50-17:15	**Title: Molecular Detection and Genotyping Of HBV Among HBV Surface Antigen Negative Blood Donors In Kebbi State, Nigeria** **Habibat Bello,** Helix Biogen Consult Research Group, Nigeria
17:15-17:40	**Title: IgG and IgM associated with H. pylori and hematology disorders in Georgian population** **Pradhuman Sharma,** European University, Tbilisi-Georgia
17:40-18:10	**Title: Sex Reassignment Surgery: Bane or Boon For The Gender Dysphoric** **Ishaan Singh Baath,** European University, Tbilisi-Georgia

Panel Discussion

Awards & Closing Ceremony
