Paris Attractions

Explore Paris

Paris (nicknamed the "City of light") is the capital city of France, and the largest city in France. The area is 105 square kilometer (41 square miles), and around 2.15 million people live there. If suburbs are counted, the population of the Paris area rises to 10.7 million people. It is the most densely populated city in the European Union, with 20.653 people per square kilometer. Since the 17th century, Paris has been one of the world's major centers of finance, diplomacy, commerce, fashion, gastronomy, science, and arts, and has sometimes been referred to as the capital of the world. The City of Paris is the Centre and seat of government of the region and province of Île-de-France, or Paris Region, with an estimated population of 12,997,058 in 2020, or about 18% of the population of France, making it in 2020 the second largest metropolitan area in the OECD, and 14th largest in the world in 2015.The Paris Region had a GDP of €709 billion ($808 billion) in 2017. According to the Economist Intelligence Unit Worldwide Cost of Living Survey, in 2021 Paris was the city with the second-highest cost of living in the world, tied with Singapore, and after Tel Aviv. The city has a multi-cultural style, because 19% of the people there are from outside France. There are many different restaurants with all kinds of food. Paris also has some types of pollution like air pollution and light pollution.
