16th International Conference on

Laser Materials Processing

May 20-21, 2021 | Osaka, Japan

https://www.meetingsint.com/conferences/materialsprocessing

Invitation

Dear Attendees,

Meetings International proudly announces the ***16th International Conference on Laser Materials Processing*** scheduled during ***May 20-21, 2021 in Osaka, Japan***

The conference emphasizes the theme "Estimating the future laser marketing".

The Materials Processing 2021 gathering gives a mind-blowing opportunity to discuss the latest progressions inside the field. This conference brings together the innovations in Materials Processing and brings the key opinion leaders and thought leaders in the field from around the world for two intensive days of scientific presentations, networking as well as engagement with companies developing innovations in tools and technologies in this space. The purpose of Materials Processing 2021 is to provide an international technical forum to showcase recent advances in Materials Processing, Laser, and Advanced Laser Processing. Materials Processing conference operation committee is providing a platform for all the budding young researchers, young investigators to showcase their research and innovation.

Sincerely,

Operating Committee

Materials Processing 2021

Materials Processing 2021

Conference Highlights

- Advanced Laser Processing
- Advanced Optical and Magnetic Material
- Advanced Materials & Functional Devices
- Micro patterning and Nano processing
- Drilling, Brazing and Soldering
- Beam delivery system
- Micro and remote welding
- Industrial application of Laser
- Advanced Nanomaterials- production, Synthesis and Processing
- Laser detector
- Gas, solid and diode laser

- To identify the future directions of research
- Peer review and high quality publication
- Quality research
