3RD INTERNATIONAL CONFERENCE & EXPO ON

LASER, OPTICS AND PHOTONICS

Laser & Optics 2019

June 10-11, 2019 | London, UK

INVITATION

Laser & Optics 2019

Meetings International proudly announces the **3rd International Conference & Expo on Laser, Optics & Photonics** scheduled during **June 10-11, 2019 at London, UK.** The conference emphasizes the theme "**Exploring the Boundless Escalation in Laser, Optics and Photonics**".

Meetings International provides an international dais for scientists and Physics professionals to Exchange Ideas, Knowledge and Networking at its **100+ International Conferences**. The importance of Laser, Optics & Photonics has come into spotlight in the recent years. The main objective of Laser & Optics is to study and endeavour to Solve Problem in and to advance the teaching and practice of Laser, Optics & Photonics.

Sincerely,
Operating Committee
CEO and Founder
Meetings International PTE LTD.

Important Dates

Early Bird: **December 21, 2018**

Registration Open: **September 5, 2018**

Abstract Submission Open: **September 5, 2018**

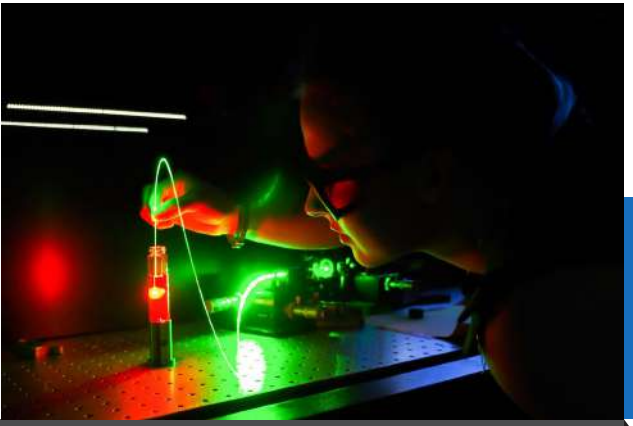

On Spot Registration: **June 10, 2019**

London, UK

CONFERENCE HIGHLIGHTS

- Laser Systems
- Optics and Lasers in Medicine
- Optical Communications and Networking
- Nano photonics and Bio photonics
- Optical Physics, Engineering & Imaging
- Advancements in Laser, Optics & Photonics
- Quantum Science & Technology
- Future Drifts in Laser, Optics & Photonics
- Quantum Optics & Opt mechanics
- Optics in Astronomy & Astrophysics
- Laser Nanotechnology
- Laser Skin Resurfacing
- Fiber Laser Technology
- Industrial Applications of Lasers
- Laser Safety
- Applications & Trends in Laser, Optics & Photonic
- Surface Enhanced Spectroscopy (SES)
- Interferometry and Optometry

Meetings Int. offers

An unique platform for top level research and innovation

London, UK

www.meetingsint.com/conferences/laser-optics

Laser & Optics 2019

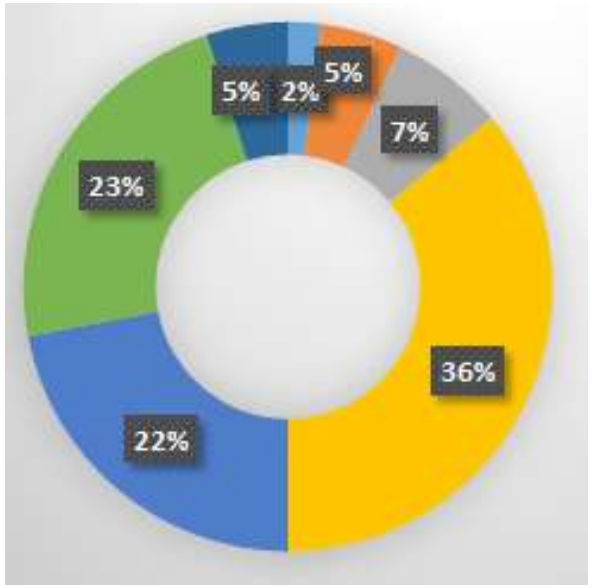

WE VALUE

Quality research

To identify the future directions of research

Peer review and high quality publication

- Head Management/CEO/Manager
- Dean
- Director
- Professor
- Students
- Research Scolars
- Business Enterprenures

ABOUT LONDON

Laser & Optics 2019

London is the capital and most populous city of England and the United Kingdom. Standing on the River Thames in the south east of the island of Great Britain, London has been a major settlement for two millennia. It was founded by the Romans, who named it Londinium. London's ancient core, the City of London, largely retains its 1.12-square-mile (2.9 km^2) medieval boundaries. Since at least the 19th century, London has also referred to the metropolis around this core, historically split between Middlesex, Essex, Surrey, Kent and Hertfordshire, which today largely makes up Greater London a region governed by the Mayor of London and the London Assembly
