Explore Las Vegas

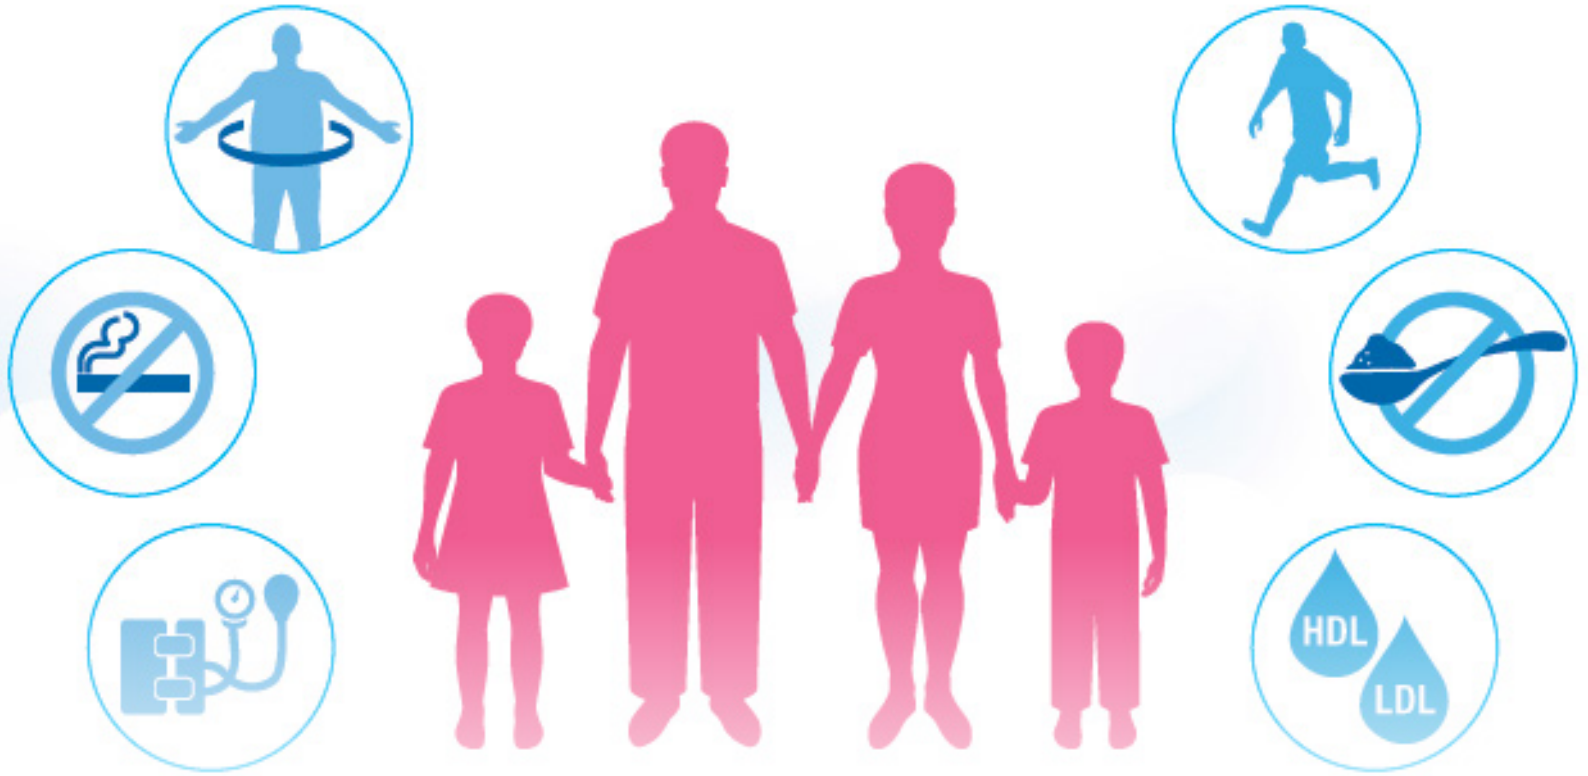

Las Vegas is a city set up in Nevada, The United States of America. It is the most populous city of the state. Las Vegas has a subtropical hot desert climate, typical of the Majove desert in which it lies. The climate is typified by long, hot summers, warm transitional seasons, mild to chilly winters.

Las Vegas, Nevada has some of the best technical institutions like University of Nevada-Las Vegas, College of Southern Nevada, New Mexico Highlands University, and University of Nevada, etc. It has more tourist attraction places like Hover dam, South rim, Sunset. On the March having festivals like Vega Beer and Music Festival and Springs Preserve Artisan Craft festival it becomes an obvious place for tourists from all around the globe.

Las Vegas has a public transportation called Deuce operated by the Regional Transportation committee and also having Monorail, Driving, Ride sharing and Limousine. Through McCarran International Airport, the city is connected with all over the world. Specialty in research as well as tourist destination makes it a definite venue for the Lifestyle Diseases 2020 summit.
