EuroSciCon

Liver and Pancreatic Diseases

2019

Invitation

Welcome to Lisbon, Portugal the City of Arts and Science, and experience the science of Liver and Pancreatic Diseases illuminated as never. EuroSciCon is proud to host the **11th International Congress on Liver and Pancreatic Diseases 2019.** This year's theme is Novel Innovations in Hepatobiliary and Pancreatic Diseases. Liver and Pancreatic Diseases 2019 will provide an unprecedented opportunity for Hepatologists, Gastroenterologists of all stripes and colors to share their research with colleagues, and discuss and debate the latest advances in the field. We invite oncologists and scientists in related disciplines to come together and inform each other in an environment conducive to education and interaction. Seasoned scientists, young researchers, mid-career professionals and just starting out are all welcome.

With a broad array of keynote presentations, panel discussions, workshops, and poster sessions, the Liver and Pancreatic Diseases Conference is the perfect venue not only to dive into your nursing interests interests but also to expand the scope of your knowledge. Tracks are devoted to subjects such as the Hepatology, Pancreatitis, Hepatocellular carcinoma Travel nuse and so on The Organizing Committee has done its best to set up a framework that we think will allow for a creative interplay of ideas. All we need now to convert the extensive program on paper to an active and vibrant Hepatology forum in person is your active participation.

EuroSciCon

A Transformational Learning Experience

- Curated to address the concerns of today's scientific world
- Be inspired by some of the world's most renowned figures
- Stimulate new ways of thinking and provoke action.
- Relish inspiring interaction between peers, leaving you better prepared to face technical and research oriented challenges.

Why with us?

We at EuroSciCon strive to create transforming experiences, propelling researchers and organizations to interact and come up with actionable ideas thus enhancing the quality of research and development.

And here's why you associate with us

Our International Open Access Journals:

We embrace around 700+ Leading-edge Peer Reviewed Open Access Journals and a 21 Day Rapid Review Process with a whopping 50000+ Editorial Board Team, 35000+ Reviewers team and 1000+ Scientific Associations Collaborations.

Read by over 30 Million Patrons and 100000+ Facebook Likes comprehending the High online presence, our Open Access Journals serve the best blend of content and global exposure.

Our International Scientific Conferences:

With over 300 Conferences happening across the globe in the streams of Medical, Pharma, Engineering, Science, Technology and Business.

Moreover you get to meet the industry's high priests who come from all over the orb. You learn from the companies defined by their progressive ethos and dynamic strategies and also through the highly interactive sessions and panel discussions.

B2B Meetings with enriching interaction help building better businesses, people and world.

Other salient features comprehend:

Publishing of the accepted abstracts in our inordinately indexed journals

Each of which will be labelled with a Digital Object Identification Number (DOI) provided by Cross Ref

Distinct abstract and Speaker page creation, which profusely aid in citing the research and researcher in the top search engines.

Career Guidance Workshops for students and early career researchers

Opportunity to publish full Manu Scripts in our Open Access Journals

EuroSciCon

With over 25000+ Hepatologists and Pathologists accessing the website, Liver and Pancreatic Diseases accessing the website, Liver and Pancreatic Diseases 2019 is the most lucrative platform for researchers, academicians and industry professionals pursuing their work in the field and related. In addition to immense networking opportunities, global prominence of the research and the researcher is what we bestow our Speakers and Committee Members fueling better outreach of the work and profile.

Liver and Pancreatic Diseases 2019 Salient Features:

In a world of information overload, we focus on the issues most relevant to today's technical trends enabling our patrons to

July 29-30, 2019
Lisbon, Portugal

- Congregate with most senior executives
- Nurture connexions
- Agenda format which incorporates ample Q&A time
- Partake in our revamped exhibitor expo sessions
- Meet and listen to the relevant clients
- Unprecedented growth creating an unparalleled market place

How's EuroSciCon different?

Exercises your creative instincts with the live knowledge experience
It organizes 300+ Conferences across the globe connecting different sciences in 30+ countries
Over 25 Million+ Visitors and 20000+ Unique Visitors per conference
World's leading industries and companies attend
Career guidance for early career researchers and students
Provides insights you need to take your research to the next level
A huge conclave of high tech and science priests

EuroSciCon

About Destination Lisbon, Portugal

Prague is the Largest city in the Czech Republic, the fourteenth biggest city in the European Union and furthermore the chronicled capital of Bohemia. Arranged in the north-west of the nation on the Vltava stream, the city is home to around 1.3 million individuals, while its bigger urban zone is evaluated to have a populace of 2.6 million. The city has a Pleasant atmosphere, with warm summers and nippy winters.Prague has a social and monetary focus on Europe with a rich history. Established amid the Romanesque and thriving by the Gothic, Renaissance and Baroque times, Prague was the capital of the kingdom of Bohemia and the fundamental habitation of a few Holy Roman Emperors, most prominently of Charles IV (r. 1346– 1378).It was a critical city to the Habsburg Monarchy and its Austro-Hungarian Empire. The city assumed real parts in the Bohemian and Protestant Reformation, the Thirty Years' War and in twentieth-century history as the capital of Czechoslovakia, amid both World Wars and the post-war Communist time.Prague has popular social attractions, a large number of which survived the savagery and devastation of twentieth-century Europe. Fundamental attractions incorporate the Prague Castle, the Charles Bridge, Old Town Square with the Prague cosmic clock, the Jewish Quarter, Petřín slope and Vyšehrad. Since 1992, the broad noteworthy focal point of Prague has been incorporated into the UNESCO rundown of World Heritage Sites.
